How great the destruction shall prove Sir Ronald Ross, discoverer of the will hold a memorable place in the long

eries which are of such a nature that fever; drink milk and get tuberculosis; How much his discovery means in meat and encourage apoplexy; eat shown by the case of the Suez Canal dessert and get paralysis; eat vegecompany's works at Ismalia, which tables and weaken the system; smoke You can't grow strong by merely were about to be removed because so cigarettes and die early; drink coffee many of the workers were dying with and obtain early exhaustion; drink wine exercising. You must have food- malaria. Sir Ronald went to Egypt and get the gout. Life is a funny prothree times without fee. As a result position after all. Perhaps it is best to the kind you can digest and assimi- of his investigations and advice the take the playwright's advice to the

Of late much attention has been at-Within the last few days, however, more than two hundred years have made For some years an Englishwoman holder of the title. Humanity requires

"I gave her a plush album on her helped me grow strong and well. services." On the other hand the Women's Interwedding anniversary. It was one I Grape-Nuts put new life into me, had had about the house for some time, but it looked like new."

On the other hand the Women's International League organizes trips abroad national League organizes trips abroad prices of his customers, that he will conducted exclusively by women, and built up my whole system and made another woman of me!"

The profit, he says, has fallen to the visitors to London. It is found that vanishing point, and many of his fel-

TORONTO

"Well?"

"Now she has found that I have in anniversary soon."

"Well, no doubt you expect her or reciprocate."

"Reciprocate is not the word; mafraid she will retaliate."

"The profit, he says, has fallen to the vanishing point, and many of his fellows are refusing to buy or sell the commodity until prices are lowered. There is a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

"A new of the word; is not the word; in afraid she will retaliate."

The profit, he says, has fallen to the vanishing point, and many of his fellows are refusing to buy or sell the commodity until prices are lowered. There are about two thousand cats there must be many foreign. American as "the Retail Horseflesh Carriers' As would be glad of the services of a capable woman with an intimate knowledge of the West End shops.
