or seven larger than in the previous in parliament. All the Cabinet Ministers, except Hop. Dr. Reaume, were returned with big majorities, all the Eindidate ministers, except Tolmie of Windsor, were defeated. It was a bad day for the Independents also, for dent candidates, only two are returned. Sir James Whitney has won his greatest victory: he sits supreme with

a majority of 56 or more. The great issue of Temperance and Moral Reform, formulated a dozen years ago by representatives of the churches and temperance and moral reform societies and supported since by the Dominion Alliance, comprising nen of both Liberal and Conservative faith, has received a serious blow. This issue has been presented time and again to Mr Whitney by the Alliance, appears, who for himself and his party test. accepts this platform, sentiment and consistency are thrown to the winds Bruce by 7, in spite of the gerrymander. by the great mass of Conservatives and by some Liberals, and the Leader on the (to hin ) new platform, will now look around him and say, " Where are these who but yesterday saw eye to eye with me," and echo answers

" Where " ! The Leader and the platform are lonely to-day, but the great principles represented are as vital as ever, and will some day triumph : "Truth grushed to earth will rise again." Of one thing we may be assured much water will flow down the rivers before a political leader will again trust himself to the mercies of the emperance people.

## The Result in South Grey

All through the campaign a reserve was felt, different from other elections rendering " counting heads " a difficult 2 process. Few or none entertained the idea that Dr. Jamieson would be defeated, but few imagined his majority would be so large.

In the west of the Riding, especialty where the German element prevailed. there were large Conservative gains, undoubtedly owing to antipathy to the Temperance issue. The result in Hanover was a great disappointment to the Liberal forces, and prepared them for like results from other western points, Even Neustadt, always strongly Liberal, gave six majority for the Conservative, while in Ber.tinck and Normanby Conservative gains were large. Truly the policy of "Abolish the Bar" does not appeal to our German fellow citizens. Dundalk and Artemesia and Proton showed Liberal gains, while Egremont, Glenelg and Durham were the other way.

#### A Personal Word

As a candidate representing the South Grey Temperance Alliance as well as being the unanimous nominee of the Liberal party of South Grey, we felt a peculiar pleasure in presenting the claims of temperance so prominent in the campaign, as well as other progressive planks of the Rowell platform, From boyhood we have consistently and persistently endeavored to do all in our power to discourage the use pi intoxicating liquor as a beverage and PLESHERTON generally to discountenance its use in the community, . We shall continue to follow the Star of Temperance : been dimmed by this election. but not extinguished. It will one day shine more brightly and we would rejoice in that day to have with us under its beams, friends who have often worked with us, but who on this oc. casion have turned their backs upon it,

We have accomplished our purpose we have fought a clean fight, in a two weeks campaign, we have no regrets defeat means little to us : We have given the people of S. Grey the opportunity to accept or reject a progressive policy under a progressive leader and we have discovered just how lightly in many instances temperance principles are brushed aside when the

interests of party are concerned. We thank heartily those Conservative friends who voted with us and even in some cases took the platform for the cause. Liberal friends who

#### approved not the policy and yoted against it, were quite within their were wrong. To the great majority of Liberals who stood by us so nobly in the campaign, to the many who
