Members from Durham, Glenelg, Varney, Allan Park and Greenside Orange Lodges to the number of 125 in all paraded to the Baptist Church on Sunday morning, when an excellent discourse was given them by the pastor, Rev. W. W. Wylie. The band headed the parade.

Mr J. C. Damm has sold the Moving Picture business to Mr George Willoughby, of Ottawa. The public will be interested in knowing that Mr Willoughby is a gentleman of integrity and of straightforward business character and as he has decided to locate in this town, he invites their patronage.

A letter from Arch. B. McLean, formerly of South Line, Artemesia, now of Great Falls, Montana, gives a whirl of the marvellous progress of that part of the West. Their water power is second only to that of Niagara, supplying power to the largest smelter in the world and many hundred industries. Crop prospects are the best ever known.

**MR. ALLAN RESIGNED**—Principal Allan has secured the refusal of Madoc Model School at a salary of \$1800 a year. The officials of the Department have recommended him for this situation and the Durham High School Board have been notified by him of the likelihood of his accepting the tempting offer, if reasonable guarantee of permanence is given.

**WILL BREAK UP HOME**—Mr Harvey Damm, who since the death of his mother two years ago, has been assuming charge of a large family of children here, has decided to break up the home, and as a consequence is placing his young brothers and sisters with various relatives in this section, with the exception of Willie Damm, who will go to the Belleville deaf and dumb school.—Bruce Times.

**STUCK WASP'S NEST**—A local merchant who went on Monday to gather up the boxes at the rear of his store so that the boys wouldn't burn them on the bonfire on election night, discovered a huge wasp's nest in one of the boxes, and foxily left it for the kids to take. As expected, a big bonfire was lit on the street, when it became known that Mr Cargill was elected, and the boys in their search for fuel to keep the blaze going, came upon the joke box and were conveying it in pump to the flames when the wasps emerged and lit on them, causing a howl and scatter in the ranks that listened awfully as if the White Hopes were in pain.—Walkerton Times.

**APPOINTED NEW BAND LEADER**—At a special meeting of the members of the Durham Musical Society on Tuesday night, the resignation of Mr Geo. Viers as bandmaster was accepted and Mr Thos. Cox, who for the past few months has been a valued member as slide trombone player, was elected leader. Mr Cox is a musician of exceptional ability, having received his training in England and for over 20 years has been connected with many leading bands. He served in the Boer War in this capacity in 1899-1900 and experienced the siege of Ladysmith, which under Sir George White's command, so gallantly resisted all Boer attacks.

## Obituary.

**JAMES ALLAN**

There died on Tuesday, 7th July, 1914 one of the best known men in South Grey, Jas Allan of the 3rd con., Egremont. All his life a healthy man, when sickness did overtake him some weeks ago it gripped him hard and he gradually became weaker and friends saw that the end was coming. Water on the lungs was the most serious trouble.

Mr Allan had passed by a year or two the three score and ten of the Psalmist. His was an active life, much of it spent in the service of his fellows and for this and other public qualities he will be long remembered.

Deceased was the second son of the late Jas. Allan of the 2nd con. of Egremont, who in 1854 emigrated from Dumfriesshire, Scotland and with his young family, after four years in Halton Co. settled on the farm still owned by his son Wm. James early qualified for a teacher and for some years in the 70's taught school in the township. Like all his family he had more than average intelligence and early took an interest in public affairs. He served his township both in Council and County Council for many years and few men had a better grip of municipal affairs and procedure.

He was a good debater and was at one time looked upon by many Conservatives as worthy of a place in Parliament. His public spirit was in evidence also in Agricultural Society and Farmers' Institute work and in other ways he loomed large in the public sight. For a number of years back he was engaged at intervals in promotion work in the United States and in this he was very successful. He was a charter member of Ben Nevis Camp and his family will benefit by his forethought.

Mr Allan's first wife was Miss Catherine Black, and she bore him three children, Alex on the home farm; Mary, Mrs. S. Ritchie Durham, and James in James in Winnipeg. His second wife was Miss E. Baird who survives him with eight children born unto them; Mrs. McPadden and Lorne of Durham, John and Katie of Winnipeg, Mrs. Cowans, Mt Forest, Wm on farm adjoining, Archie and Agnes at home. His brothers are all well known; John, Dromore, David, Clerk of Egremont Tp., Wm., License Inspector, Thos., Principal of Durham School.

**JAMES PATTON**

A great grief came to Mrs. Robt. Isaac of this town on Tuesday, 7th inst, when the wire brought the shocking news that her brother James had been killed by a kick from a horse. We have no details at this writing. His brother William of Artemesia went down to Rockwood, (where he moved just last spring) this Wednesday morning to look after funeral arrangements and interment will take place in Sinton Park, near which he was born and brought up.

His wife who was a daughter of the late Duncan McMillan, of Proton, survives him as do his aged parents and brother and sister named. Heartfelt sympathy will go out to them in the sudden and great grief that has befallen them.

Deceased was widely known as an expert horseman and he did much by importation of thorough bred animals to improve the horse stock of his district. In other respects also he was an intelligent farmer and in every way a worthy citizen.

He was born in Proton 52 years ago, and grew up respected and loved. He had been for a number of years an elder in the Presbyterian church and was also superintendent of the Sunday School at Sinton Park. On leaving last spring a very warm send off was given them, and a wide circle of friends will long cherish his memory.

**MRS ROBT. ALJOE, SR.**

The death occurred to-day, Wednesday, 8th July, of the above venerable lady in her 90th year. Her aged husband, two years her junior, survives her and notwithstanding his years, she gets around town almost daily. The loss of his life partner will be a serious blow to him after an association of over 64 years. A fuller notice will appear next week. Funeral is to be on Friday at 1.30. Service in the church at 2 p. m.

## Post Office Plans

At last the plans of our new Post Office are issued and a set of them are in possession of Postmaster Smith. The specifications, all printed, are a volume in themselves, and go into a marvellous minuteness of detail on the many different departments of the building construction. The front elevation facing the main street shows two main entrances, that on the south the Post Office, on the north, the Customs.

The main building is 40 x 90 feet and above the Customs department rises a square tower 65 feet high, with apparently a clock on all four faces. A flag staff on the south end rises 55 feet. From the tower a beam projects on which a bell is suspended which will doubt be utilized for fire alarms.

Mail delivery takes place at the rear of the building access to which is by the south side. Apartments for a janitor are provided on the second story while a capacious basement holds the heating apparatus, lavatories, &c.

There is to be connection made with the Hahn drain on the street and the area at the rear of the building is to be utilized for a septic tank. Convenient wickets for the various departments are furnished and nothing seems wanting to make a first class building.

Foster & Clark, Owen Sound are the architects.
