Pure Bred Live Stock in Grey County.

(Weekly Sun)
889 Shorthorn Cattle.
345 Shropshire Sheep.
231 Yorkshire Hogs.
140 Clydesdale Horses.

This is the number of pure bred animals of the leading breeds owned for breeding purposes in Grey County, and shows what has been done in the way of improving the stock of the county without organization other than Farmers' Institutes and Farmers' Clubs, which have had only an educative influence at best. The figures are not complete, but are accurate so far as they go.

Live stock forms the largest contribution to the markets of the Dominion from Grey County, and it is natural that some attention should be paid to this branch of work by the County Representative. As it is elsewhere mentioned, there is as yet no organization whatever among the stock growers of the county. However, the decks are being cleared for action, and this fall will see the first step toward this end taken, when a Shorthorn Breeders' Association will be organized, if present plans materialize, and an animal sale will be held as is done by other Breeders' Associations.

A census of pure bred stock in the county is being made by the county branch of the Department of Agriculture, and will be used for distribution among the county breeders, and to the public in general, with a view to stimulating purchases as sales of stock are doing.

The directory of breeders as compiled to date shows 50 breeders of horses, nearly all of which are Clydesdale breeders, and 105 cattle breeders. Of these latter 71 have gone in for Shorthorns as the practical dual purpose animal, 5 for Holsteins, 5 for Jerseys, 15 for Herefords, and 9 for Aberdeen Angus.

In sheep, 42 men have taken up breeding with pure bred stock. Of these 15 are Oxford, 13 Leicester, and 12 Shropshires. Forty-six men have taken up pure bred swine, the popular breed being Yorkshires, which are bred by 32. Berkshires are bred by 13, Tamworths by 10 and Hamburgs by 2.

In the directory of pure bred animals being prepared by the Department, the following information is given as to the number of animals being kept for breeding purposes in the various breeds of each kind of stock. The figures do not include

- Horses
- Clydesdales, 116.
 - Hackneys, 10.
 - Welsh, 4.
 - French Coach, 8.
 - Arab, 1.
- Cattle
- Shorthorns, 889
 - Oxford Downs, 295.
 - Leicesters, 24.
 - Lincolns, 26.
 - Cotswolds, 18.
- Swine
- Yorkshires, 261.
 - Tamworths, 64.
 - Berkshires, 52.

It will be seen that there is a good ground-work for stock raising in Grey County. The land is well adapted to it; there is a goodly supply of pure bred stock already owned on the farms, in every class and the farmers understand stock raising.

In spite of the fact that the West is beginning to supply the big markets of the East with stock grown and fattened on the ranges and farms there, there has been a large demand and heavy drain on Grey county to supply animals for breeding purposes. Last fall practically all the available bulls in the county were picked up for shipment to the West, reports Mr. Duff. These were also accompanied by a number of heifers and sheep.

With the increasing popularity of the silo, particularly in the districts surrounding the larger towns, Grey may make a name for itself as a stock raising centre. This would seem to be its logical destiny aside from the sections which are admirably adapted for fruit growing. However, the county will doubtless always be a general agricultural one and not one of heavy specialization.

Stratford Beacon:—When the potato bug pest came in Mackenzie's regime the good old Tories used to attribute the invasion to the change of Government. "They said," "We had no potato bugs in John A.'s time." Well we had no Army Worm in Laurier's time, but instead good business all round.

CIVIC HOLIDAY FOR PRICEVILLE.—Monday, August 3rd, Priceville citizens are holding their 2nd annual big celebration and the varied program of attractions should draw all from far and near. One of the events is an exhibition lacrosse match, Durham vs. Hanover. See bills for full particulars but plan now to spend the holiday in Priceville.

To Subscribers in Arrears
We want all those who are in arrears for subscription to examine their label and remit at once the amount necessary to bring the label up to end of 1914. We need ready money at present and must look to those who owe us. Please remit at once, obliging

EGREMONT COUNCIL

Council met July 20th. Minutes adopted. The Children's Aid Society Owen Sound, asked for a grant. No action taken. Alf Tucker presented a petition with 32 signatures, asking a grant to improve road between lot 16-18, con 21. A grant of \$75.00 was given Comr McRobb to expend. Chas McInnes presented a petition with 29 names asking a grant to gravel 1/2 sideline, con 16, \$50.00 granted to be expended by Comr McRobb.

Road Reports.—These reports are too lengthy to be given in detail. The sums expended in each division will suffice: Comr McRobb expended \$255.51, Com \$6.00; Comr Robb expended \$208.05, Com \$5.00; Comr Gordon expended \$273.21, Com \$18.00; Comr Ferguson expended \$371.36, Com \$13.00.—Overseer, in justice to the Comrs, would say that a comparison cannot be drawn between the Comr fees and amount expended, not knowing the circumstances.

Chas McInnes paid into Council \$20.00 fines from auto drivers.

Jas W Hunt received the contract of cement abutment at \$4.45 per cubic yard. Comr Robb was appointed Inspector of work. A McGillivray was paid \$12.00 for sheep killed or injured by dogs. Ins fees 75c; Jno Plester \$16.00 for sheep killed or injured by dogs. Ins fees \$1.00; Aug Theodor, \$5.66 for sheep killed or injured by dogs. Ins fees \$1.00.

Sundry accounts amounting to \$192.10 was paid. Adjourning to meet on Thursday, Aug 27th, to levy the rates, appoint an Assessor and make their estimates in to Clerk before that date as By-Law will be passed that day.

D. ALLAN, Clerk.

Control Measures for Army Worm

The army worm is a stout, smooth-bodied caterpillar, blackish or brownish in color, with two yellowish stripes, tinged with red along each side. When full grown it is about 1 1/2 inches long. The adult is a moth which lays her eggs chiefly on grass in low lands. The caterpillars themselves never lay eggs or produce living young. The favorite food plants are grasses, timothy, oats, corn and millet. When food becomes scarce the worms move in enormous numbers in search of new feeding grounds. As the pest is being reported from numerous counties, every farmer should examine his fields from time to time to see if they are being attacked. If the insects have become distributed all over the field before being noticed, the wisest course will be to cut the crop at once if it is timothy or grain and care for hay, but if it is corn, scatter lightly through the field a poison mixture, made of 1 lb of paris green mixed thoroughly in 25 lbs. of bran and then moisten with water, sweetened with molasses. Make the mixture just moist enough to fall through the fingers like sawdust—not slop.

If the crop is threatened or attacked only in part, dig a trench immediately in front of where the worms are. In the case where the crop is partly attacked, it will be found advisable to cut a swath through the grain and take this off before the trench is dug. The trench is often unsatisfactory, especially in clay soil, if it is not properly made. It should be at least 18 inches deep, in clay soil, with a straight clean side towards the crop to be protected. Post-holes at least a foot in depth must be sunk every fifteen feet in the bottom of the trench. In sandy soil the trench works excellently, but in clay soil it is often advisable as an extra precaution to heap up the loose earth on the crop side right along the trench. The small particles of earth loosen and cause the climbing worms to drop. Hence in clay or muck soil it may be advisable to scratch the face of the wall lightly with a garden rake. Do this also after rain. When the worms are unable to climb the wall they will pass lengthwise through the trench, and collect in the post holes, where they may be killed by crushing or other means. In digging the trench ploughs may be used, but the balance of the work should be done with spades to insure a clean deep trench.

Wherever the worms are found, prompt action is very important. Department of Entomology, Ontario Agricultural College.

LOCAL AND PERSONAL

Miss Gardiner and Miss McMillan are guests at Rev. Dr. Marsh's.

Mr Thos. Brown has rented an auto for use while holidaying in the village this summer.

Mrs Reuter, of Detroit, is a guest at present at her uncle's, Mr Jas. Durrant's.

We regret to report Misses Gertie and Mamie Pettigrew both quite ill at present.

Mr Alvin Durrant left on Tuesday for his home in Pense, Sask, after visiting his parents for a few weeks.

Miss Mildred Rogers is holidaying this week with friends in and near Durham.

Mrs J. D. Main is spending a couple days among the Fairbairns and other Egremont friends.

Mr and Mrs Robinson, of Toronto, are visitors at Mr D. Allan's.

Miss Urquhart, of Owen Sound, has been engaged as teacher in S. S. No. 9, Egremont, commencing Sept. 1st.

Rev. Mr Ibbott preached preparatory services last Friday in Fairbairn and Holstein Pres. Churches.

Miss Laura Gillies visited over the week end with Miss Jean Ferguson on the 18th con.

Mr and Mrs Jas. Coleridge, of Durham, spent Saturday with his brother, Dr. P. Coleridge.

Mrs Ward, of Toronto, is spending a day or two at the home of Mr W. H. Rogers.

Miss Ferguson left Tuesday for her home near Chatham after visiting her brother, Mr Ferguson, of Guelph. She spent over the week end with her brother the Dr. here.

Misses Mary McIlraith of Durham and Alix and Edith Edge, of near Durham, arrived Friday to holiday with their friend, Miss Reta Roberts.

Principal Harvey, of the Mt. Forest Business College, resumes his duties on Aug. 1. All requiring a first-class business education are requested to write for full information.

Dr. Ellis is feeling under the weather the last few days, sciatica presumably being the ailment. Mr J. M. Matthews was also indisposed last week, but is now in better health.

The trustees of Holstein school have engaged Miss Marshall, of St. Mary's, as teacher for the Junior room after holidays. Miss Marshall is well known here having visited her sister, Mrs Dr. Ferguson, in the spring and has had previous successful experience as teacher.

Rev. Mr Dickson, of New Hampshire, who with Mrs D. and family, are holidaying with her parents. Mr and Mrs Wm. Hunt, occupied the Methodist pulpit last Sunday evening. Mr Dickson is a Baptist pastor and the congregation much appreciated his splendid discourse.

ORCHARD
The farmers are through with the haying and barley harvesting is now in full swing.

We are sorry to hear that Mr J. Cornish, Sr., of Lunenburg, formerly of Orchard, father of Mr P. Cornish, is very low.

Miss L. E. Bradley, of Markdale, formerly of Orchard, is visiting her many friends.

Mr and Mrs F. Jasper and daughter Miss Mand and Mrs Creagle, of Teeswater, and Mr Hacker, of Mildmay, motored to W. T. Pinder's Sunday, Miss Jasper remaining for a few weeks.

Miss Marjory Brown is spending her holidays with her cousins, the Misses Brown.

LESLIE WATSON, Sec. - Treasurer, Dundalk P. O., Ont.

Voters' List, 1914
Municipality of the Township of Egremont, County of Grey
NOTICE is hereby given that I have transmitted or delivered to the persons mentioned in sections 8 and 9 of "The Ontario Voters' List Act," the copies required by said sections to be so transmitted or delivered of the list, made pursuant to said Act of all persons appearing by the last revised Assessment Roll of the said municipality to be entitled to vote in the said municipality at elections for members of the Legislative Assembly and at Municipal Elections and that said list was first posted up at my office at Holstein on the 21st day of July, 1914, and remains there for inspection.
Elections are called upon to examine the said list, and if any omissions or any other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.
Dated at Holstein on the 21st day of July, 1914.
DAVID ALLAN,
Clerk of Egremont.

NORTH EGREMONT

Having is about over for 1914 and in many instances there is double the quantity of a year ago, and much better than expected four or five weeks ago. Barley is ripening fast, perhaps too fast. Fall wheat is affected by rust and quality will not be first-class. Late rains are improving the oat crop.

The human crop is not failing. A daughter was born on the 16th inst. to Mr and Mrs Thos. Moore and one also on 23rd to Mr and Mrs Wm. McFadden at the Lake. Congratulations.

Mrs Givens, of Udney, Ontario Co., a sister of Mrs Bell, is a guest with Mr and Mrs Thos. Moore and one also on 23rd to Mr and Mrs Wm. McFadden at the Lake. Congratulations.

Luella, the 8-year old daughter of Mr and Mrs Jas. Ford, underwent an operation for appendicitis on Saturday and is progressing, but not yet out of danger at time of writing.

Mr John Wei's fine new residence is up and ready for the brickwork. Its location gives it an imposing and commanding appearance.

Misses Lena and Marjell Legate, of Ceylon, are holidaying with their relatives, the Ramage family.

Mrs Pratt, wife of Mr A. C. Pratt, M. P. P. for one of the Northfoks, and daughter Marjorie are visiting for a month at Mr David Hamilton's at the Lake.

Mr Farr Lawrence has erected a fine cement platform to his spacious verandah.

Mrs Jacob Halpenny, Jr., left to join her husband in the West on Sunday last. Mr Wm. Brown went on the same train to visit his daughter, Mrs Morrison.

Mr and Mrs Jas. Coleridge, of Durham, spent Saturday with his brother, Dr. P. Coleridge.

Mrs Ward, of Toronto, is spending a day or two at the home of Mr W. H. Rogers.

Miss Ferguson left Tuesday for her home near Chatham after visiting her brother, Mr Ferguson, of Guelph. She spent over the week end with her brother the Dr. here.

Misses Mary McIlraith of Durham and Alix and Edith Edge, of near Durham, arrived Friday to holiday with their friend, Miss Reta Roberts.
