Can Only Be Cured Through the Blood - Liniments of No Use

In no disease does the blood become thin so rapidly as in rheumatism. Not only does it become thin but it is loaded with impurities- Behind England and France in rheumatic poisons. Without the proper treatment these poisons increase, the inflamed joints swell and the patient becomes a cripple. There are a number of methods of treating rheumatism, most of them aiming to keep down the rheumatic poisons until nature can build up the blood sufficiently to overcome them. But unfavorable conditions of cold or dampness may give the disease the advantage, and a re-

lapse or renewed attack follows. Dr. Williams' Pink Pil's for Pale People build up the blood and enable it to cast out the rheumatic poisons with the natural secretions to "German culture" as though it of the body. REAL "DOGS OF WAR."

Used in Old Wars Between England and Scotland.

"Dogs of war" is a phrase which once meant a thing as real as the war horse. Dogs have played their part in battles and campaigns and in the old wars between England and Scotland dogs, were used by both combatants for pursuing and killing fugitives after a defect. It is related that Wallace and Druce each had close escapes from captur. by English bloodbounds. Bruce is said to have thrown the English dog off the scent by the now well known expedient of weding on stream far enough to baffle his pur | B. W.
