The ladies of the Methodist church packed a large bale of clothing, a missionary donation, on Tuesday.

Master Jos. Ellis fell from a ladder on Tuesday and received a severe gash on the forehead. Three stitches closed

Egremont's donation to the war fund has been very gratifying. Canvassing has been finished and a fairly accurate estimate by Reeve McArthur (complete returns not having been compiled as yet) shows that 600 bags of oats, 687 bags of potatoes and a sum of money has been subscribed by the farmers in the township. The 600 bags of oats equals about 1500 bushels and this The Hyland people expect to have amount was slightly lower than that which the Reeve considered would be offered but the gift in potatoes was far in excess of expectations. The Reeve informs us that a shipment of 30 or 40 cars is expected from Grey Co. and Egremont will have three of these, the day and Saturday. Two donations of 25 bushels of oats were the largest received in this township. Only about a

advantage over the absent lover."

A business that has achieved its magnitude or strength as the result of faithful advertising plays itself false if it suspends or ceases its advertising on the grounds of economy. It is poor business vision which fails to see the principal feeder of business, and fatal judgment which cuts it off or interrupts its flow. Economies may be warranted but they had better be effected in any other department than in the sales department—the department of revenue. Any course which shoves your customer back from you or hides you from your customer is ruinous. The man with the money needs to be constantly sought. Advertising is the great discoverer of new customers, the great retainer of old ones.
