LOCAL AND PERSONAL

Mrs. Kennedy who has been visiting friends and relatives here for some time returned last week to her home in Dakota.

Timothy and Elmer seed at low prices at H. Allingham's. Mrs. Philip Sr. has returned to our village on Saturday. She has been spending some time with friends in the country.

Miss Elizabeth Brown we are sorry to report is quite ill. Miss Louise Ramage, telephone operator spent Sunday with friends near Durham.

Mrs. W. J. Robertson of Toronto, came to Holstein Tuesday. Her father, Mr. D. Allan Sr. is again seriously ill. A good number attended the sale at John R. Hamilton's on Monday afternoon. Prices were good.

See the new line of Boots and Shoes at Leith's. Dr. and Mrs. Marsh returned home on Thursday of last week. We are glad to say that Dr. Marsh is feeling some better. They enjoyed their stay at Bermuda although the weather was not as nice as it usually is, this being the coldest season they have had in Bermuda in 20 years.

The Boys Scouts will meet at the parlour on Wednesday evening, March 31st at 8 o'clock. Miss Tucker who was here as milliner last season, has again opened up her millinery establishment and is now ready to meet the needs of the ladies in the latest style of hats.

Mr. and Mrs. J. D. Main and family left on Tuesday afternoon train for their new home at Waterloo. For sale—A good assortment of white, iron and brass trimmed beds, also lovely assortment of mattresses in all the latest patterns of ticking at lowest possible prices.

A trial was held here Tuesday in which Geo. Calder was the plaintiff, bringing action against Constable Gillespie for false arrest. Barristers Moon & Kilgour of Mt. Forest represented plaintiff and defendant. The case was dismissed, and to pay their own costs. Some talk of an appeal is mentioned.

Despite the war business conditions are improving. First class stenographers, bookkeepers, are again in demand. The graduates of the Mt. Forest Business College were able to secure and hold choice positions because they were properly trained. What they say: "Miss Ethel Match of 18 Elm St., Toronto writes under date of March 18, 1915: 'I have a 'dandy' position now and am getting along well.' Miss Annie Troup of 18 Seymour St., Buffalo, N. Y., 'I recommend the Mt. Forest Business College to anyone desiring a working knowledge of business.' Our graduates are satisfied with their positions. You will be too when you have completed our course. Start it now—Tuesday, April 6, begins our Spring Term. New students will enter then. Write for further information. G. M. HENRY, Principal

Address and Presentation The following presentation took place on Thursday evening of last week in the Methodist church after the usual mid-week prayer meeting. Mr. W. J. Sharp read the address and Mrs. Petrie presented the clock after which both Mr. and Mrs. Main made very suitable replies. In losing Mr. and Mrs. Main, the Methodist church have lost two of their best Christian workers. The family also will be very much missed. We wish them all success in their new sphere. To Mr. and Mrs. J. D. Main, Dear Friends, It is with feelings of deep regret that we have learned of your removal from our midst in the very near future. We have been associated with you in church work for many years and the more we have known of you in that sphere the more we have learned to appreciate you. As citizens of the community your example and admonition have been of the most healthful character. As you remove from our midst you convey with you the most profound respect.

Words fail us in our expression of kind remembrance and because we have failed in this respect we ask you to accept this 'clock' as a token of our honor and respect for you. The value from a commercial point of view is insignificant but we present it in the hope that as it ticks the minutes you will not be forgotten. We wish you all success and happiness in your new field of labor. Signed in behalf of the congregation March 18th, 1915 Minnie Petrie W. J. Sharp

To the Panama Pacific Exposition via the Canadian Rockies At the present time a great many are beginning their annual tour. Considerable numbers visit the popular California Resorts, while many prefer the unsurpassed, Palatial Hotels and magnificent scenery of the Canadian Rockies. This year why not combine the two by a visit to the Panama Pacific Expositions? Numerous people in comfortable circumstances, well able to afford a trip have the mistaken idea that a journey of this nature is most expensive. Not so! Thanks to modern railway facilities, an extensive trip, both interesting and educational, can be made with speed and comfort at a comparatively small cost. Why not investigate? Those contemplating a trip of any nature will receive full information from any C. P. R. Agent, or write M. G. Murphy, District Passenger Agent, Toronto.

Concentration It is better to advertise intensively than extensively when the sum to be devoted to advertising is small. This means the regular use of the DURHAM REVIEW—52 messages a year addressed to the same constituency of readers. Intermittent or divided effort is not likely to be resultful. One full-powered blow is better than two half blows. Concentration of appeal will do a work of conviction and persuasion that will surpass you 75% the year's returns are totalled up.

A NOTE TO THE PUBLIC There's advice for you in this little hum to advertisers; it is: Reward with a full—not divided custom the merchant who steadfastly solicits your good-will. The more you strengthen the hands of the man who serves you the better will be the service returned. Shop where you are invited to Shop

David Allan, Sr. Passes Away

Egremont's Township Clerk, and one of her most highly respected citizens. Word has just reached us this Wednesday morning, 23 March, 1915, that the above well-known gentleman is dead at his home in Holstein. For about two years past he has been in poor health from kidney and heart troubles, but bore up wonderfully and was able to attend to his duties of Clerk in his old efficient way, though with trouble to himself. He had passed the three score and ten by three years and it may be said he died in harness. Up to the last his mind was clear and he has "passed on" rejoicing in the Christian hope.

As Clerk of the township for over 30 years, he became exceedingly well known. His experience in township municipal was large and varied and his counsel and advice in many walks of life were often sought. He was the soul of honor, of kindly, obliging and genial disposition, a loving husband and father and a true friend. He was a consistent member of the Presbyterian Church, and in him it has lost a warm supporter.

Mr. Allan was born in Scotland and came in early youth to the township with his parents. He qualified for a teacher and taught in several rural schools, ending up in Holstein, resigning this position shortly after he became Clerk. He bought a farm near by and this for some time shared his activities, and he did conveyancing work as well. He was a splendid penman and his intelligence, natural and acquired, made him a valuable servant.

He leaves as chief mourners, his wife, three sons and two daughters, David, Jr., on the home farm; James in Holstein; Lewis, near Toronto; Mrs. Robertson, Toronto, and Lena at home. Three surviving brothers are well-known: John, Dromore; William, License Inspector and Thus, Principal of Durham High School. The funeral takes place on Friday at 2.30 p. m. from Presbyterian Church to Reid's Cemetery.

Milton Seim in France Up to the Firing Line [The following brief but spicy letters were received by Milton Seim's mother recently. It will be noted that the above well-known gentleman is dead at his home in Holstein. For about two years past he has been in poor health from kidney and heart troubles, but bore up wonderfully and was able to attend to his duties of Clerk in his old efficient way, though with trouble to himself. He had passed the three score and ten by three years and it may be said he died in harness. Up to the last his mind was clear and he has "passed on" rejoicing in the Christian hope.

France, Feb. 17 Just a few lines. We are in France now. We had a very rough voyage across and all on board were very sick. We sailed on the Huancayo, a cattle boat. We were three days coming over and when we landed in — we learnt that we were reported lost. We travelled two days and a half in box cars with only sitting room to rear here we are living in a loft of a barn. The station, where we got off at, was raided by aeroplanes this night after we left. A German aeroplane was captured 1/2 of a mile from here. We watched the chase. Our officers are away to the front for six days to learn how Red Cross work is carried on there. We can hardly sleep some nights for the noise of battle here. A short time ago Germans were here and slept in this barn about a month and made away with one of the farmer's best horses. There are many graves around here to mark the places where the soldiers have fallen victims of German bullets. Feb. 25 The 1st Battalion have been in the trenches and are back now. They seem to have enjoyed it and would rather be there than here. I don't think we will see the front for a while as some of our boys are quarantined in the hospital here. We were to go on Sunday. We go out for a march every morning and afternoon just to keep us in good condition.

SWINTON PARK

Mr. Lou Frock attended the funeral of his friend, Mr. Logan, of Walkerton, on Sunday. Mr. Wm. Frock intends going to Toronto one of these days. Mr. Alex. McLean, of Priceville, is at present engaged with Mr. Jos. Phillips.

The assessor, Mr. Hastie of Egerton, made his rounds. Mr and Mrs W. G. Porter visited Glenelg friends.

We notice by a Review of recent date that the Priceville hockey team was quite indignant over a little inadvertent remark as to the country gone over to select a team. Pray, pardon the error, we didn't really realize that the corporation of Priceville is quite as extensive as the hub of Grey Co., whose city limits are the extreme west of Brownsville to the east of Proton Station and from Priceville's limits to Hopeville.

We sincerely hope that this lucid explanation of the real limits of our burg will make things clear to our friends in the Gaelic burg, although Priceville correspondent fails to consider the gentlemen. We will just give our opinion of our local rink manager who claims them to be perfect gentlemen in supporting their local rink. Hope Priceville rink manager can say the same of their team.

Born, on Friday, March 18th, to Mr. and Mrs. Wm. Haw a son. Mr and Mrs. S. Goheen spent Sunday in our burg. Mr. Thos. Campbell's sale was well attended and good prices realized.

The many friends of Mrs. Geo. Black will be glad to hear that she is gaining nicely. Mr. John Cook of Hamiota, Man., visited with Mr and Mrs D. J. McCormick, also Mr and Mrs Geo. Martin.

BETTER BOILER INSPECTION.—The proposed bill relating to boiler inspection in the province will require that all stationary boilers be inspected at least once a year. The present act is in force, and boilers are often allowed to be used when they are a real menace to life. The new law will require that a boiler be inspected at least once every month by a qualified inspector from the department, or by an engineer who has had at least five years' experience, and holds a qualifying certificate. When a boiler is not insured it must be inspected annually by an officer of the department.

Rack For a Kettle. Take a piece of iron two inches wide and one-half inch thick and long enough to make a hoop to fit your kettle, make a hoop out of it and weld it together, then take three pieces of iron about an inch in diameter and about a foot long and weld to the hoop for legs. The legs can, of course, be made any length desired, but the legs on the rack shown are about a foot long. This gives plenty of room for wood, and there is no danger of the kettle falling. Another plan may be to use gas pipes with the legs set in the pipe—Iowa Homestead.

This Tongue Twister

Here is one equally as fearful as the song which tells how "Sister Susie's sewing shirts for soldiers," or, perhaps just a trifle more so: "Con's collecting comforts now for corporals;

Before the conquering khaki craze does charming Connie bow; Cholera-belts and cuffs she sends, She culls cocoa from her friends, And the constant coming curate cannot cuddle Connie now."

And then this one, though evidently built to fit a different tune, must be a tongue-teaser: Minnie's knitting mittens for our military men She's sitting knitting mittens to be sent away to them; Minnie's knitting mittens every minute Minnie "gits,"

And every minute Minnie knits, more mittens Minnie knits, The mittens Minnie's knitting are minutely made, you see, She knits a mit a bit by oit so very carefully;

And every mitten Minnie's knitting, Minnie knits to fit, The mits she knits and knits for "nix" Are mits that Minnie's knit.
