Fireworks of all kinds for the 24th. Get them at W. Black's.

FIREWORKS—Of all descriptions at The Variety Store.

The new Carnegie Library in Markdale will be formally opened the first week in June.

Waiketon tax rate this year will be 3 1/2 mills. This includes a mill for Ontario Govt. grant for patriotic purposes and a half mill for county patriotic grant.

The following are purchasers of Ford cars last week: A. J. Corbett, Mr. Forest; J. G. Wilson, Durham; Geo. Campbell, Priceville No. 2 and D. A. McIntosh, Durham, all touring cars.

The Durham Choral Society has been engaged to present their opera "A Nautical Knot" in Walkerton on Friday, May 28, under the auspices of the Daughters of the Empire there. This will be their fifth public performance having shown twice in Durham, in Markdale and in Hanover next Monday.

Congratulations to Mr. H. J. Snell on his recent acquisition of the business and good will of Mr. W. J. McFadden. Mr. Snell has now full control of the Organ and Piano business in town and his suavity, integrity and business instinct will be sure enable him to make it a success. See his announcement on this page.

SUCCESSFUL TOWEL SHOWER.—Those in charge of this affair at the Armories last Saturday must have been gratified at the response. No fewer than 518 towels were contributed and also some money, which with like benefactions from many other places, will tend to the comfort of "our boys" at the front. Mrs. Prudham and Miss Laura McKenzie were the officers chiefly in charge.

A certain young man near Durham will hereafter know how gasoline acts after his experience in Durham with it a few evenings ago. On seeing his particular friend here he proceeded to build a fire, seeing the night was cold, and took a bottle containing gasoline on the shelf to encourage the fire. Immediately on lighting it a report was heard resembling very much a German torpedo shell and which set the stove pipes dancing merrily. Happily no one was injured and the young man will look twice at a bottle hereafter before building a fire.

A letter from John L. McKinnon, B. A., who is now located at Estabrook, Sask., gives a glimpse of a prosperous part of the west. "This district," he says, "has been settled from 20 to 30 years and the people are well established in consequence. Mixed farming has succeeded well and every farmer has his herd of milk cows and many ship cream to Winnipeg in summer. Crops here were good last year and much wheat has been going into the elevators at from \$1.40 to \$1.43 a bushel. When farmers can afford to hold their grain for prices like that, it does not bespeak hard times."

CELEBRATING VICTORIA DAY.—Durhamites will be divided into three camps for out of town sports on the 24th. Holstein Boy Scouts are holding a big celebration there, the main attraction being a football match, Dromore vs. Holstein, with concert at night. Durham band has been engaged to provide music day and evening. Then Chesley is having horse races, baseball and a lacrosse match, Chesley vs. Durham, which should be a swifly one. In Hanover the Boy Scouts are in charge of the celebration also and are having motor cycle, 5 mile and other foot races, baseball and lacrosse, Paisley vs. Hanover, winding up with a big concert at night when Durham choral society will present their famous play "A Nautical Knot." With town organizations participating in all three places it will mean a big exodus of young Durham blood for the day, every lively outfit being engaged over a week ago. Fishing will doubtless have its usual devotees and except for small boys fireworks, the town will be as quiet as Goldsmith's "Deserted Village."

The tent caterpillar has been allowed to have pretty much its own little way among the trees and shrubbery of this locality, and the result is that the tiny white tents are showing up so numerous among the yet unfoliated branches that they might be mistaken for early bloom. These destructive insects are easily destroyed before they are large enough to leave the tents, which are the protective homes of their infansy. A month from now every crawling one will be doing his part to strip the trees of the freshly opened leaves. Now is the time to get after the wriggling mass. Take a coal oil torch, made from an old rag tied on the end of a pole, and in a few minutes every colony around your premises can be burned out. Hold the blazing torch beneath the tent for a few moments and the result will be complete annihilation. Unless given such treatment, the trees will be almost devoid of leaves before midsummer, and in the case of fruit-bearing trees, the crop will be nil.

FLAGS! FLAGS!—Its Empire Day at the Variety Store.

F. J. Welsh's milling business has been sold to Mrs. A. Beggs & Son, who will continue it, with Mr. Arthur McDonald in charge.

LOST.—Between Holstein and Markdale, one automobile tail lamp and number (18402). Finder kindly communicate with Department of Agriculture, Markdale.

The Zion Branch of the Women's Institute will hold a Patriotic concert in the Township Hall, Glenelg, on Friday, May 28th, commencing at 8 o'clock. A program consisting of songs, recitations and a play will be held. Admission 10 cents.

Mr. W. J. McFadden, as will be seen elsewhere, has sold his business to Mr. John Snell. We are glad to know however that Mr. McFadden is not leaving town, but will find scope in some other line for his activities. Meanwhile a rest will not come amiss after 15 years in business, during which time he earned and retained the good will of the public and his fellow citizens.

The annual meeting of Dornoch Women's Institute met at the home of Mrs. Dargavel, May 12, to appoint new officers for 1915. There was an attendance of 12. The President, Mrs. Dargavel, resigned and Mrs. John Park was elected in her place. The rest of the officers were re-elected. Miss Warnock gave a paper on "Woman's relation to the schools." Mrs. Alexander gave a reading on "What your boy is worth to you on your farm." The rest of the members gave quotations from favorite authors.

A BIG BALLOT.—Enclosed in a letter from Dr. J. C. McGillivray, Denver, Col., is a specimen ballot being used in a General Municipal election, being held to-day, Tuesday, 18th inst. It is a curiosity in Canada and is over 10 pages in length.

Candidates, 12 in each, are running for Commissioner of Property, Com. of Social Welfare, Com. of Elections, the Dr. being one of the second group. Three squares are opposite each name. The first for your first choice, next for second choice, third for other candidates. Then there are 10 other proposed amendments to the city charter, some of them set out at great length to be voted on For or Against, Yes or No. This is the "Initiative" and puts the responsibility on the people. If the Dr. had sent us a dozen or two ballots his many friends here would have given him some plumpers.

Who is Dr. Robertson?

In the canvass for donations for Hospital beds, one or two have been met with who have made cautious enquiry "who is Dr. Robertson, who appeals to the farmers," no doubt having recent graft revelations at Ottawa in mind.

Few farmers but know him, but he is still best known as Professor Robertson, and the following record ought to be convincing to everyone that the appeal is made by a genuine, whole-hearted man, totally above suspicion.

He began his official career at the Guelph Agricultural College, thirty years ago. Twenty-five years ago he went to Ottawa as Dairy Commissioner for the Dominion. The Dairying service of the Department of Agriculture soon became known and trusted throughout Canada. From Prince Edward Island to Alberta, farmers profited by the Illustration Dairy Stations and the Travelling Instructors. The output of cheese and butter in Canada added to the reputation of its rural workers.

Other public services of continuing and growing value were inaugurated, while Professor Robertson was Commissioner of Agriculture. Among them were the Live Stock Branch, the Cold Storage Service, the Seed Grain Competitions, Trial Shipments of Fruit to the United Kingdom and Extension of Markets.

Besides these were the Manual Training Movement, the School Gardens, Household Science and the Consolidated Rural Schools.

In more recent years, Dr. Robertson was Chairman of the Royal Commission on Industrial Training and Technical Education. Farmers in all provinces are familiar with the Survey of Farms by the Commission of Consery. and the Illustration Farms of its action and the Illustration Farms of its action and the Illustration Farms of its action.

In these and many other ways, Dr. Robertson has given the farmers of Canada the best that was in him. He says he is their debtor, for many opportunities, for much kindness and for warm appreciations. But they are his debtors too. And he now reminds them of that for the first time in order to establish his right and privilege to appeal to them for this worthy cause.

IN MEMORIAM

In loving memory of our dear mother, Robina Robertson, who departed this life May 19th, 1914.

That Pointing Hand

At least one of our valued subscribers took offence because the hand pointing to her label and in advance. We admit it has an accusing appearance but it is meant only for those who are neglecting a duty which they are conscientiously clear on this score will easily overlook it.

A number more have responded and in a number of cases they are those who did not receive statements. It is those who received statements especially that we seek. Our business is not collecting and we regret that a number have paid not the least attention to the Editor of the Tobacco Fund for \$22.00, made up of a large number of small contributions. Yesterday a second cheque, this time for \$23.10, was received from Mr. Jackson, with the assurance that still a third might shortly be expected. Mr. Jackson is an optimistic. He believes that his fellow townsmen are whole-hearted, generous and patriotic, and is meeting with the best of success. Here is what he wrote to the Editor yesterday:

"Enclosed you will find express order for \$23.10 on account of your Tobacco Fund. I sent \$22.00 on the 25th of last month, and expect to be able to send you a further remittance the last of this week or the early part of next. It is wonderful how cheerfully the boys give. Wishing you success."

THE PUBLISHERS

The News' Tobacco Fund

The Toronto News of Thursday last says: "Once more Durham has responded liberally to the appeal for funds to send tobacco to the brave Canadian soldiers at the front. Only a week or so ago Mr. Arthur H. Jackson, of that town, sent an cheque to the Editor of the Tobacco Fund for \$22.00, made up of a large number of small contributions. Yesterday a second cheque, this time for \$23.10, was received from Mr. Jackson, with the assurance that still a third might shortly be expected. Mr. Jackson is an optimistic. He believes that his fellow townsmen are whole-hearted, generous and patriotic, and is meeting with the best of success. Here is what he wrote to the Editor yesterday:

"Enclosed you will find express order for \$23.10 on account of your Tobacco Fund. I sent \$22.00 on the 25th of last month, and expect to be able to send you a further remittance the last of this week or the early part of next. It is wonderful how cheerfully the boys give. Wishing you success."

A splendid letter, full of that spirit of healthy Canadian optimism and energy which has already placed our soldier boys in the front line among the defenders of the Empire. With such a spirit as that at home and in the trenches, Canadians need take second place to none.

Since the above was printed, more has been given, amounting in all to over \$60.00.

Gifts from Cleveland

Accompanying a check for \$50 from Dr. Ed. S. Lauder, Cleveland, is a characteristic letter. His townsmen appreciate fully his generosity and the motive which still prompts him to contribute his own share to the fund for the relief of our soldiers in any laudable work. He says: "By the Review I see the appeal for funds for beds, so I am enclosing a check for \$50.00 which please send to Treasurer. Our leading local daily, the Plain Dealer, has been giving attention to Canadian affairs lately and says the Canadian who could send a horse for military purposes at this time when it was so old for such purpose at Germany for the remainder of his life."

Another editorial admired the wisdom of the British government in postponing the election during war time remarking on the contrast with certain elements of the Conservative party, who would plunge the country into one, before time.

"Comment on the tragedies across the sea will not be made, words fail to express our feelings. Surely a just God will render retribution." And he adds "If I was younger, free and robust enough, I think I'd fight."

The Robertson Appeal

Now 32 Beds—Make it 40

The committee have had great encouragement, no fewer than 32 Hospital beds being now arranged for and more possibly in sight.

A "bed" does not simply mean a bedstead as one party seems to think and therefore \$50 an extravagance! A hospital bed implies certain equipment to treat wounded, mattress, sheets, blankets, &c. and also overhead charges of certain kinds. We have no doubt that good value is given for every cent.

As will be seen in the list of names farmers are beginning to respond. The lists are being kept open, Canadians at the front still need treatment. Their wounds, their suffering, their sacrifice make eloquent appeals. Who could refuse? Not we for whom they are fighting.

Each of the following 32 names or groups contribute \$50.00:

Mr. and Mrs. Wm. Laidlaw
Mr. and Mrs. C. Ramage and family

PERSONAL MENTION

Mr. T. A. Harris left on Tuesday for Customs duty in Winnipeg and will be there for three or four weeks.

Mr. Urban Zettel left this week for Durham, where he has accepted a position with the Hydro-Electric—Walkerton Telescope.

Mr. Robt. Laidlaw left on Thursday for the Severn river district, Muskoka, where he will be engaged in engineering work for the summer. We congratulate him on passing his final exams in Civil Engineering with honors.

Miss Calder, of Calderwood, south Normanby, was the guest of her brother, Reeve Calder, here for a few days. Miss Kathleen Sullivan, of Toronto, is holidaying among friends in her old town.

Mr. Herb. Atkinson spent over Sunday with friends in Owen Sound.

Mr. and Mrs. J. Kelly, Mrs. E. W. Limin, Mrs. Green and daughter motored to Owen Sound Tuesday.

Mr. Harper Kress, Toronto, is visiting the Rose family for a few days. Mr. Chas. Lavelle and other friends from St. Mary's, are here this week trying their luck with the speckled trout.

Jas Connell, Harriston, visited his cousin Mrs. Robt. Isaac Wednesday.

Miss Marion Calder, who, last Friday, was stricken with an acute attack of appendicitis, and went to Toronto Hospital that day, is recovering nicely. Her parents and Dr. Hutton accompanied her. The operation was successfully performed and it is hoped she will soon be all right. Her mother is with her.

Alex Firth to the Front

From Teaching to the Trenches

Mr. Alex Firth for many years Principal of Orangeville School resigned his position last week and will go to the front as Lieutenant in the 80th Battalion. He got his lieutenantcy a year ago and only last Friday was informed his position was ready if he was. He at once spoke to his School Board, who magnanimously gave him leave of absence and will keep his salary going also. His townsmen on his leaving gave him a fine send off, his pupils gave him a gold watch and other favors led to him who would serve his King and country.

On Sunday last he ran to Durham by automobile to see father and mother, Mr. and Mrs. Chris. Firth, for two brief hours and at 5 o'clock that evening had to meet his Colonel and assume uniform and discipline.

Mr. Firth was born in England near Scarborough, of raiding fame, but got all his primary education at No. 1, where he later taught for 8 years. His many friends of youth years and maturer years will wish him God-speed and a safe return to wife and family.

Court of Revision
