A despatch from London says: Just before the outbreak of war itself outflanked. The Russians lish themselves on the right bank, nue Department alone was \$46,570 to be the principal storm centre. \$1,828,794, and in April \$1,438,598, river and established themselves along the former Russian fortified line. Peremysl has been bombard-

ed from the air. The communications of Peremysl with Lemberg and the main Russian army appear to be still intact, according to the latest official information from Petrograd, the Germans not having succeeded so far in carrying the apex of their wedge across the San into the territory to the east of the fortress. South of Jaroslau, according to the Russian communication, the forces of Grand 1 Duke Nicholas "have pressed the enemy somewhat on both banks of the San," showing that the Russians at least are holding their own in this section. Before Peremysl ter, controlled by an overhead caitself, and further south, incessant attacks have been made by the en-

Beyond the Central Galician battle region, on the Bukowina front, the Austrians have made a series of attacks, all of which have been repulsed with great loss, and the Rus-

offensive with considerable success.

The Scene Which Followed. "Somewhere in Scotland" (one may not be more precise) a soldier named, say, Robinson, died in a military hospital. News of his death was wired to his wife and brother in the South of England, and railway passes sent for them to attend went north and accompanied the remains to the cemetery. As they stood by the side of the grave the wife happened to cast her eyes to the mourners on the other side, and lo! there was her husband! The scene which followed can be easily imagined. It seems there been sent to the wrong individuals.
