Reading Advertisements The Habit of

TEWSPAPERS would be much less enjoyable, instructive and valuable than they are if they contained no advertisements. Many persons read the advertisements quite as thoroughly as they read the news matter. This is just as it should be.

by the merchants of Durham if

they advertised more, and if more of them advertised. Much business goes to the big city mail-order houses because they advertise. These houses would cease to draw business from this community if they ceased to advertise.
