A FINE COMPLEXION

May Be Had Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

A girl's complexion is something more than a matter to concern her vanity. It is an indication of the state of her health. Pallor in a growing girl means a thinning of the blood. Parents should be watchful of their daughters' complexions and should see to it that these danger signs are corrected. When a girl in her teens becomes pale and sallow, if she shows an inclination to tire easily, is listless and inattentive to her work or studies, she needs Dr. Williams' Pink Pills, a tonic which directly and specifically corrects the condition from which she is suffering. A chemical analysis of the blood of such a girl would show it to be deficient in just the elements that Dr. Williams' Pink Pills can supply, and which restore brightness to the eye and color to the cheeks. Miss Desina Arsenault, Urbainville, P.E.I., is one of the thousands of anemic girls restored to health by the use of Dr. Williams' Pink Pills. She says: "I was attacked with anemia, and was in such a miserable condition that I had to consult a doctor, and was under his care for several months, but without getting better. I was growing thinner every day, had dark circles around my eyes, I frequently slept at night, but tossed restlessly and got up in the morning with black anticipation of the day's miseries before me. I was always bothered with headaches and pains in the back and limbs. My appetite was poor and I frequently vomited what I did eat. My friends feared that I did not recover. I had often seen Dr. Williams' Pink Pills advertised, and finally decided to try them. I used altogether nine boxes, and they made me as well as ever. I was in my life. All the pains and aches which appeared; my appetite returned. I could sleep soundly at night, and the color returned to my cheeks. I also gained seventeen pounds in weight. I am now always well, and for this happy condition I have to thank Dr. Williams' Pink Pills. You can get these Pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ANYTHING TO WIN.

Who Can Refuse to Believe Any Charge Against Germany.

After the torpedoing of the Lusitania, without warning even, who can reasonably refuse to believe any charge of brutal atrocity brought against Germany's conduct of the war? writes a correspondent of the New York Sun. Who can refuse to believe that a nation capable of waging a war in such a fashion was capable of deliberately bringing on the war? Who can doubt that the policy of "anything to win" now demonstrated is evidence that Germany courted the war in pursuance of a policy of just such world domination as was set forth by Bernhardi?

Of what avail is it to complain of the breaches of international law which have been committed by both sides in the European conflict? The fact that American lives were lost on a vessel sailing under the British flag after the German Government had warned them of the risk they were running is immaterial. Germany has furnished proof that her warfare respects no flag, not even the Stars and Stripes. The war against Germany's part is a war against no nation, but against all nations. It is a war against humanity.

Is it not clear that, under its present leadership and the ideals which control its Kultur, the German nation is a peril to civilization and not fit to survive? What will the liberties of the world be worth if Germany emerges victor from this conflict because, through a cowardly and dreamy love of peace, nations which have been neutral hitherto refuse to do their part in combating the peril of a Pax Germanica with which civilization is threatened?

24-HOUR SYSTEM.

Paper Dials Were Issued in 1886 By the C.P.R.

A souvenir of the early days of the C.P.R., in the shape of one of the original watch dials which accompanied the 24-hour clock in the West, is in possession of one of the officials. In 1886 the company determined to introduce the 24-hour system on the western divisions; and to give emphasis to the new departure, and, at the same time, help the memory of all concerned, it issued paper dials with the whole 24 hours completing the day, which were to be worn on the watches of the employees, to familiarize them with the new method. This setting up of the new time standard was deemed, at the time, a radical innovation, calculated to disturb the all conservative and timid creatures who dreaded change. A certain sensation was produced at the time; it passed; the business went on its way; the western employees became acquainted with the new time standard, and accepted it as a matter of course; but the sight of one of the old dial plates, which everybody was showing as a curiosity in 1886, as something which was going to revolutionize the common life of the people, recalled to the attention of the company to arrest the attention, though, of course, the change was advantageous in itself.

How a Sick Woman Can Regain Health

READ THIS VERY CAREFULLY.

"For years I was thin and delicate. I lost color and was easily tired. I yellow paller, plimber and blotches on my face were not only mortifying to my feelings, but because I thought my skin would never look nice again I grew despondent. Then my appetite failed. I grew very weak. Various remedies, pills, tonics and tablets I tried without permanent benefit. A visit to my sister in Italy brought me a box of Dr. Hamilton's Pills. She placed reliance upon them and now that they have made me a well woman I would not be without them whatever they might cost. I found Dr. Hamilton's Pills by their mild yet searching action very suitable to the delicate character of a woman's nature. They never once gripped me, yet they established regularity. My appetite grew keen—my blood red and pure—my rings under my eyes disappeared and to-day my skin is as clear and un-wrinkled as when I was a girl. Dr. Hamilton's Pills did it all!"

The above straightforward letter from Mrs. J. Y. Todd, wife of a well-known miller in Rogersville, is proof sufficient that Dr. Hamilton's Pills are no other pill but Dr. Hamilton's, 25c per box. All dealers or The Catarrh Co., Kingston, Ontario.

JUST WHY J. A. HILL RECOMMENDS DODD'S KIDNEY PILLS.

He Had Sore Back and Other Symptoms of Kidney Disease and Got Real Benefit from Dodd's Kidney Pills.

Sixty-Nine Corners, Ont., June 7 (Special).—"I am recommending Dodd's Kidney Pills as the best of medicines." The speaker was Mr. J. A. Hill, a well-known resident of this place, and he left no doubt in the minds of his hearers that he meant every word he said.

"Some time ago," Mr. Hill continued, "I had a very sore back. It started from a cold and I suffered for six months with it. I also had stiffness in my joints and cramps in my muscles and I felt heavy and sleepy after meals. My appetite was fitful and my limbs were weary. Then I decided to try Dodd's Kidney Pills. I took four boxes and received great benefit from them. That is why I recommend Dodd's Kidney Pills."

Every one of Mr. Hill's symptoms showed that his trouble was of the Kidneys. That is why he got such benefit from Dodd's Kidney Pills. They are no cure all, but they do cure sick Kidneys, and the Kidneys are the keystone of health.

FACT AND COMMENT.

Sore Corns Go!

Even at a bank a man's best collateral is character. Many young Americans have enlisted in the regiments that Canada has recruited for the war. How many persons remember that sixty-eight thousand Canadians served in the Union Army during the Civil War?

A Boston woman who finds the sombre clothes of men very depressing wants them to wear Holland blues, snuff browns, and shades of plum color. Men used to wear such colors in the days of Watteau and Fragonard, when they had little to do except to walk through a minuet; but in this age a man feels foolish sitting ashes in a plum-colored coat.

Cattlemen on the Western ranges would kill every bear, but the sheep herders protest that the bears keep the wolves and coyotes in check. Truck farmers say that the wolves and the coyotes save their crops from jack rabbits. No one has yet accepted a retainer for the jack rabbit, but perhaps he, too, has a case.

One of the minor results of the war in Europe has been to change the nationality of the dachshund. At any rate, England is much relieved to learn from a French savant that the dachshund is not of German origin, but is a descendant of the French baset; and on the authority of certain English dog fanciers that he is really an elongated terrier.

WHERE THE SPARK IGNITED

Serajevo, Capital of Bosnia, Losing Oriental Character.

Serajevo, the unknown Bosnian town where the spark ignited that flamed forth into the greatest war of the ages, is described by the National Geographic Society as one of the beauty spots of the Balkans. It was the scene of the assassination of the Archduke Francis Ferdinand, heir apparent to the throne of Austria and Hungary, and his wife the Duchess of Hohenberg.

Light for Battle Fields.

According to the Army and Navy Journal, searchlights are for obvious reasons being used with the field artillery has ceased firing and the enemy is charging.

To illuminate a field over which the enemy is to advance, star bombs and flares are also used. Flares, which are merely modified fireworks, are like the familiar red, white and blue lights used in Fourth of July celebrations to illuminate streets and parks. Sappers go out in front of the trenches with flares, which are then connected with the headquarters of the officers in command of the first line, who by turning them off at intervals throughout the night can keep the battle front continually lighted. Star bombs are also adaptations of modern fireworks. They are shot from mortars into the sky, where for twenty miles they will give off an intense light over a wide circle of the surrounding country. Before one bomb dies another is shot into the air. A kind of star bomb, shot into the sky like an ordinary rocket is used by both armies for signalling at night.

THE BEST MEDICINE FOR LITTLE ONES

Thousands of mothers say Baby's Own Tablets are the only medicine they would give their little ones. Among them is Mrs. Howard Hodgins, St. Catharines, Ont., who says: "I am a user of Baby's Own Tablets and think they are the best medicine in the world for little ones." Once a mother has used the Tablets she will use no other medicine because she feels the Tablets are absolutely safe and knows they never fail to banish all the simple ailments of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
