PRICEVILLE AND LIMITS

Intended for last week.

The heaviest rain of the season came on Monday afternoon, the 7th inst. It didn't rain but it poured and before the shower was all covered with water in a short time. However the rain was needed badly, as the high winds of the past week was beginning to tell on the growing grain and meadows. Quite an acreage of corn is sown this spring by the most of farmers. We are told that Arch. McCuig, of Top Cliff is putting in two fields. Fall wheat looks fairly good in general. The worst of it is that so little of it is sown by the farmers. It is strange how cheap potatoes are when flour is so dear. Wouldn't it be a good set for those buying both to make what our mothers and grandmothers used to make in olden times, potato scones, done up some way with flour and potatoes worked up together. Perhaps some good old lady is living yet who will give a prescription of how to make potato bannocks. Some of our young cooks can teach the old cooks of olden times how to make Johnnie cake, but we must not forget to tell our young good lady cooks that their poor old mothers and grandmothers had not so much material at their disposal to make the cake as palatable as their grand-daughters can make them nowadays, for they could only afford to make them with meal and water in general, while our young ladies can go to the cream crock and use some fresh cream newly separated by the cream separator. We heard an old lady tell that she often, when first in the bush, pulled a lot of cow cabbage and boiled it and seasoned with salt (if any) and made a meal of it for the family. How glad the family would be if they had a good supply of potatoes instead of cow cabbage food.

PRICEVILLE VILLAGE

Hear Dr. J. A. Macdonald at Priceville Patriotic Concert

Everyone for miles around should plan to attend the great Patriotic Concert which will be held in the Presbyterian Church here Tuesday, June 22nd. Dr. J. A. Macdonald, editor of the Toronto Globe, will be the speaker, and a good musical program will also be rendered. Entire proceeds in aid of Toronto Base Hospital.

What is so rare as a day in June Then, if ever, come perfect days. Then heaven tries earth if it be in tune And over it softly her warm ear lays. —Lowell.

Mr and Mrs McKinnon have returned from Toronto, where they were called quite suddenly last week to see their son Hoek before he left for Valcartier, as he does not expect to be able to get home again before leaving for the front, as his company may sail at any time.

Mr Joe Harrison, we are pleased to hear, is able to be up and around again.

Mr Hales, of Flesherton, is spending a few days with his daughter, Mrs A. Sinclair, at the station.

Our High School continuation class is writing on their exams this week. Our Principal, Mr Miller, has quite a large continuation class, also a large entrance class and as we are sure he has been very diligent in his preparation for these exams, we trust that a large percentage of his pupils will be successful. The Entrance class will write next week.

The Institute ladies held a very successful meeting on Tuesday last. The delegate, Miss H. McMurchy, spoke very nicely on woman's work in time of war, making many suggestions on what we might do and giving us some new ideas as to ways of making money for the various valuable advice as to the directing of our energies into helpful and useful channels when the necessity of war work would no longer be needed. Mr Matheson gave us a very encouraging talk on the value of the work that women have been doing and what it was possible for them still to do. Mrs H. B. McLean gave a splendid patriotic solo, while Mr J. A. McDonald told the ladies how much faith he had as to what they were able and willing to do and telling us how sorry he was that he was too old to go to the war. Mrs D. Campbell gave a very interesting reading. Mrs Matheson told the visiting ladies what the institute had been doing and what they hoped to be able to do in the future. The meeting closed with the institute marching song and a splendid luncheon was served by all the ladies. We believe there were something over sixty ladies present, as well as a number of gentlemen.

A number of the Priceville ladies attended the Swinton Park Ladies' Aid at Wm. Paton's and report a large attendance and a very helpful meeting. Mrs Matheson gave them the substance of some of the best reports taken down by her at Hamilton, where she attended the Missionary convention as delegate. We can only say if the real addresses were better than the reports, the convention must have been a huge success.

Mrs Rev. Dr. McClure will give an address on her work in China at the W. F. M. S. Thank-offering service next Sabbath, June 20th. The Missionary Society count themselves very fortunate in being able to secure the service of Dr. McClure and hope for a good attendance at this service.

Another of our brave boys of old, Donald Cameron, son of the late Malcolm Cameron, was killed in action.

A large gathering of ladies and a few gentlemen met in the Presbyterian church on Tuesday, the 8th inst., to hear Miss McMurchy's lecture on the war. Miss McMurchy is a plain and good speaker. Mrs Sackett is president of the Ladies' Aid Society and she makes a good one. The ladies gave an excellent luncheon after the meeting was over.

Mr Lane, our doctor's brother, is visiting at his brother's, in this town at present. Mr Lane is studying for the ministry.

We are sorry to hear of the illness of Mr Alex McLean, but we hope to hear better news shortly.

Miss Jessie Martin, of Dundalk, is visiting her friends, the McLeans and sister at present. Jessie was a Priceville girl some years ago.

Goldwin Patterson, son of Henry Patterson, con. 4, Glenelg, left to prepare to face the enemies at war, braves young boy. Goldwin is only 18 years old yet.

Mrs McLean (Anna James) sang a beautiful solo at the Women's meeting on Tuesday. Mrs McLean still holds her fine voice and manner of singing.

We wrote the fore part of this budget with the intentions of getting in last week's paper, but our new mail man who carried it in his pocket while attending the Convention in Durham, forgot all about it till he found it in his pocket after coming home. So here it goes this week.

Miss Charlotte McDonald, nurse, was called to attend a patient in Durham last week.

Mrs Norman McIntyre and Mrs Hector McEachern, of the south line, are visiting friends at Owen Sound this week.

The Rev. Mr Matheson held prayer meeting at the residence of Mrs Hector McLean at the Corner, where he had a good attendance.

Mr Colin McLean, Priceville, lost a fine mare from lockjaw a few days ago. He could have got \$300.00 for the animal some time ago.

Many will be pleased to hear that Mr Miller has accepted the nomination to represent the Liberals at the coming election.

Mr Arch. McDonald, who is visiting his old home and sister, Mrs McLean, from Portland, is making good use of his time, as he has visited many old friends and acquaintances already. He intends to stay till the middle of July before he returns.

Mrs Thos. McDougall is staying at the old home yet at Donald McDougall's, south line, Glenelg.

Mrs (Rachel Stothart) and her husband are visiting at Mr John Stothart's for the last couple of weeks. We did not learn the gentleman's name, but we were well acquainted with Mrs Stothart.

Sandy Murchison, north line, says he is 76 years of age and he put in a large crop this spring. Some of the old chaps are smarter than some of the young ones.

"Rough on Rats" clears out Rats, Mice, etc. Don't die in the House. 15c and 25c at Drug and Country Stores.

Increasing Your Prosperity

THE surest way to get rich is to increase the multiplier; which means for the merchants of Durham,—increase your customers rather than add to the lines you are selling, or the stock you are carrying.

Adding to the number of the lines you sell or to the volume of the stock you carry is not the way surest to prosperity. Indeed, this has ruined thousands of men. The surer way is to multiply customers. No business can prosper or grow that doesn't add many customers each year.

Customers must be added by purposeful effort—by seeking them. Waiting for them to find you is folly. Seek them by the newspaper advertising. This is the only sure way to build up numbers.

To the Merchants of Durham

You can multiply your customers through a series of good advertisements in the Durham REVIEW, reaching 1750 homes weekly. Ask us about the cost of advertising.
