Many women with disfigured complexions never seem to think that they need an occasional cleansing inside as well as outside. Yet neglect of this internal bathing shows itself in spots, and sallow complexions—as well as in dreadful headaches and biliousness. It's because the liver becomes sluggish, and waste matter accumulates which Nature cannot remove without assistance. The best

Toronto News upon his speeches, declaring that for some time back, the editor had not had things all his own way and had become irritable and unhappy. "I hope he will be as happy for all eternity as he has been unhappy for the past few years."

As to the revelations at Ottawa which had shocked the country, the government had no business to resent the part taken by the Liberals in bringing about the revelations; they, the Liberals, had done a service to their country. The man responsible in the final analysis was the prime minister. As late as last October, he was warned by the Manufacturers' Association that the system of government contracts was on a faulty basis, yet the system went on with the scandalous results.

The selection of the Purchasing Commission was also a reflection on Mr Borden and his governments: it was first given to and taken from the Minister of Militia, then given to and taken from a government committee, then a new one had to be formed, two-thirds composed of outside men.

He reiterated again, that the Senate did not defeat the Dreadnought scheme: all they did was to ask that the country's opinion should be taken, and he declared amid applause that the policy of Sir Wilfrid Laurier will yet be the policy of Canada whether grit or tory is in power.

The Liberals, as freely as Conservatives, have voted the great war contributions, but don't let Mr White say we are furnishing the \$150,000,000. Every cent is borrowed and we and our children will meet the interest for many years.

With business booming in 1911, the expenditure was \$100,000,000, now with business depressed, expenditure was \$140,000,000. Increases in tariff, blindly made, had cut off revenue while not relieving the consumer. Liberals had offered to let the 71 per cent increase to if they would keep hands off the British preference, but they had added 5 per cent to that and killed some British trade.

He dealt with the "misleading and untruthful document" issued by the investigating Railway Commission, and his familiarity with the whole situation seemed to justify his willingness "to meet any man anywhere" to prove his points, and would prove even by Mr White himself that the Railway had been built from revenue.

Mr Miller followed showing among other things, that kerosene in the States benefited by British purchasing, because Britain did not want to injure the Canadian government in fitting out their cavalry and kept away from here. The government's naval policy came in for review especially the purchase of the submarines. Chile was to pay \$750,000 for two satisfactory submarines. They were not satisfactory, were refused, and then Canada bought them for \$1,100,000 and the lid covering scandals had as yet only been lifted a little. There were many evidences that there was a revulsion of feeling in the country against the incapacity shown by the men in power.

On Wednesday last week, Mr and Mrs Walter Morrison, of Holstein, received an invitation to the marriage of their grandson, Mark H. Hutchinson, of Andes, Montana, to Miss Lavina Langton, of Lawton, N. D. He is the first one of their grandsons to leave the ranks of single bachelors.

Mrs McLean and her father, of Tonawanda, N. Y., spent a few days of last week with Mr and Mrs J. R. Philip and other relatives here. Mrs McLean left for her home on Friday, accompanied by Miss Lena Rice, who expects to spend the summer with Mrs McLean.

Mr John Steele, manager of the Mt Forest Carriage Factory, and his brother Harry, President, were the unfortunate victims of a motor accident near Listowel Friday last. While passing a wagon and team they failed to notice a block of wood which threw the car upside down. The former is dead as a result and the latter seriously hurt, though thought likely to recover.

It is with profound regret we learn of the death of Mrs R. M. Tribe, which took place on Tuesday morning of this week, after a long and serious illness. Mrs Tribe was a faithful member of the Methodist church. Her life and example will not soon be forgotten and she will be greatly missed by her many friends. Mr Tribe has the sympathy of the whole community in his sad bereavement. The funeral will be held on Friday at 2 p. m. from the Methodist church to Mt. Forest cemetery.

(Omitted in last week's issue)

The Willing Workers Mission Band of the Presbyterian church held their 10th anniversary on Friday evening, June 4th, in the Presbyterian church. A splendid program was given, consisting of songs, choruses and recitations. Miss (Dr.) Ferguson gave an excellent address on a trip to China. She had with her a very interesting collection of curios, which she displayed at the close of the evening. The Band presented Miss Stevenson, the President, with a gold-headed parasol and basket of roses. Miss Stevenson has been President of the Mission Band since it was first organized. A treat of homemade candy was provided for all.

## SOUTH BEND

Now June skies are blue and lovely. Scent of blossoms fill the air, Birds are warbling their praises, Nature is so fresh and fair.

But think of the cannon's awful work In lands beyond the seas, And the deadly gases floating round On the balmy summer breeze.

Mr and Mrs J. D. Roberts, of Holstein, were late visitors at Mr J. Duran's.

Mr John Eurig has improved his property by erecting wire fences. We are getting stylish at the Bend. Mr J. White, of Normanby, did the work well, he is a hustler, working through wind and rain.

Miss Gardiner, of St. Thomas, and Mr and Mrs C. W. Gardiner, of Toronto, visited their brothers, Messrs Edgar and Edwin Gardiner, some time ago.

Mr and Mrs Eurig and Mr and Mrs S. Cowan visited at Mr Chelton's, Normanby, on Sunday of last week.

Mr Orrie Hunt's house caught fire recently and only for energetic neighbors, Orrie would be like the poor people at the front himself.

Mr J. W. Hunt and sons, of Holstein, with his cement outfit, passed through our Main St. on Monday, bound for bridge building in Minto township.

Mr Wm. Tyndall cut his foot while splitting wood in his yard some time ago. Now a man who will split and carry in wood for his wife deserves sympathy if he meets with an accident.

Mr P. Kelly is recovering from his recent accident.

One of our respected young men has the image of a lady on guard on his premises. Is it to frighten you girls? But you are not so easily frightened. No Sir.

Numerous autos dash through our Main St. without so much as by your leave.

## NORTH EGREMONT

Mr Geo. Craig from near Brandon, Manitoba, a brother of Mrs. David Hamilton, arrived at her home on Saturday on a passing visit on his way home from Kingston, where he had been as a commissioner to the General Assembly.

Mr David Hamilton has recently had a silo built. Mr W. J. McCadden is busily engaged hauling material to follow suit. Mr W. A. Lawrence has his about half way up and progressing finely under the efficient management of Mr John McBeth. Mr James Whitmore is improving his property by the erection of wire fences.

Mr Jno M. Lawrence is having a new shingled roof put on his barn. It was here in making preparations for hauling up the shingles, that Mr Austin Hann essayed to go down the rope, which no doubt he could have accomplished had the scantling to which it was attached, been securely fastened, as he thought it was. Instead, along with the rope he had grasped, he dropped about thirty feet to the barn floor, causing him very severe injuries, in addition to a broken arm and several ribs detached from the back bone. The wonder is he was not killed instantly.

Much sympathy is felt for the family and for him over the accident, as he was always of an obliging disposition and ready to lend a helping hand to anyone. At this writing he is resting easily and doing nicely.

Mr James Hooper was taken suddenly ill on Wednesday last, and under the Dr's care, is improving slowly, though still weak.

Mr Jas. Ford has treated himself and his wife to a fine new buggy of a staggered spoke, bicycle wheel, rubber tired pattern. It is a dandy.

Mr Robinson of Chesley, is at present on a visit to his sister, Mrs Jacob Halpeny, and was present at the services at the Hall Sunday evening in company with his niece, Miss Mary Halpeny.

Mr W H Hunter recently shipped personally his herd of fat cattle to Toronto, and realized a good figure. His estimable partner leaves this Tuesday on a trip to the West and is accompanied by Mr and Mrs Wm. Hunter, Sr.

Mr J. J. Morrison, Sec. of the Dominion Grange, will address an open meeting in connection with Tarran grange on Friday evening of this week.

Mr David Hooper has erected a fine new wire fence in front of his property which improves the appearance immensely. In this connection we might add, many a fine job is marred by the litter of brush and broken rails left lying around. Clean up gentlemen, just try it and feel the satisfaction throbbing all over you.

Miss Florence Renwick arrived home on Friday last from Stratford Normal School, and met with a hearty reception from her many friends.

A good sized deer was seen by Mr Wm Ramage on Major Eccles farm Monday night. Others in the district have also noticed them.

Mr Jas. Godesse recently purchased a manure spreader which gives good satisfaction.

Mr John Hastie after nearly five months' visit among friends here, leaves Wednesday for his home near Fort Frances.

A speaker from the Dominion Alliance took the service in the Hall Sunday evening.

The patriotic concert at Dro-more under the auspices of the Patriotic Club was a fine success on Friday last. Dr. Sneath occupied the chair and gave an excellent opening address, setting forth the claims of our patriotism and the steps which led up to the holding of the concert, gave a clear resume of the war and the call it gives to us.

Mr H. H. Miller of Hanover, without any preparation, spoke upon the organization of the Red Cross, of its inception by Miss Florence Nightingale, "the lady of the Lantern" as she became known to the soldiers of the Crimea, who lived to a good old age, 90 years, and who saw the fruits of her movement. He referred to the unity of the colonies of South Africa, of the great change there from 15 years ago. He dealt with the social advantages accruing to Russia from the abolition of vodka, and also of France. The unity of parties and less of partisanship was noted in Britain and was strongly advocated here. A fine speech, clearly and lucidly given. At the close he auctioneered a whirlwind canvass to raise \$200 in 10 minutes. Dr. Sneath headed the list with \$50, Robt. and Mrs. Alex. Taylor and Robt. Renwick each gave \$25 and

Dundalk trimmed Shelburne's—the latter village in O. A. L. A. immediate increase, the same day. We are winning! Spent money here, Shelburne's prospects do appear rosy, when they lose big games. Durham's next game? Shelburne July 1st. They will doubtless repeat the dose.

WATER TEST BY M. O. H.—Test of the town water recently by M. O. H. to the Prov. Bd. of Health, but could not get the necessary specimens from the residence of Mr. B. D. McCull which is nearest the Artesian supplying the town slight test. The specimen from the well was shown in 50 c.c of water analyzed, thus showing great pollution from the springs than from the lesser quality of water used. The analyst in a footnote says while these tests show some pollution it is not sufficient to cause the water to be the cause of the cases lately reported and from other sources such as food wells, etc. The specimen for test was from a well in the town.

J. G. HUTTON, M. D.

FORESTERS AT CHURCH.—By the Band, the Independent Foresters, about 45 strong, at the Presbyterian Church on evening, where they and a congregation attentively listened to the discourse from Rev. Whaley. He believed that service to be a recognition that require more than man can do. He took his text from Deut. "For the tree of the field life." Comparing man to a tree and reminding his auditors how trees and forests were alluded to in the Bible and stated Divine should be linked with earthliness. The discourse was an excellent order in such provisions, forbidden tree, barren tree, tree, river tree, righteous tree of life. He highly commended the Order in such provisions and caring for the sick, aiding for dependents. Several Dromore lodges were present. Durham brethren in parade vice.
