It is useless to kill cats to get guineas a day expenses, and, even away somewhere by yourself—they're a rude communion table was made of "cat-gut." Cat-gut is "sheep" gut. then, he is out of pocket. On one If what a great many husbands say would heap stones together in the and use the best "rice" paper, you his host—a famous surgeon—what a idea of the value of money, it is be- cloth, we laid upon that table the rice or the rice plant. "Kid" gloves and was told that \$75,000 a year little chalice of silver, with the flagon are capable of a punning illustration, would hit the mark. The King's inof red wine, and the bread upon its for they are not made from "kid" but formant placed the earnings of a great barrister at \$125,000.

When the present Lord Chief Justice was Sir Rufus Isaacs his brief would frequently be marked \$10,000, Before she has been married a and \$5000 a day "refresher."

Casualties in Raids on Britain.

A despatch from London says: left while we balance forward and back for replenishing. Men raised All Indian regiments wear the tur-

A despatch from London says: The brought down by anti-aircraft fire. It them in that tent, and still that quiet correspondent of the Daily Mail at is very heavily armored and has suffimed only un- and clever manoeuvring, arrived safe- the wounding of 138, of whom 35 ly in port.

Wife—Cheer up, dear. Just hink urgency for more came up, until over how much worse it would be if you three hundred men whose faces to- plane of the newest type has been which is almost as big as a cannon. NOTES AND COMME

How the great Danish butt has suffered from the pres and why little Denmark is the biggest butter exporter in times is shown in the following ment, prepared by the Natio graphical Society:

"One of the many strands wonderfully complex web commerce that has felt ti strain of war is the Danisl trade. Danish butter, Russie French champagne, Norweg dines and Strassburg pate gras are articles standing among their several kinds luxuries that fate dispenses her favorites. The butter mark has been famous ard world, and heretofore it so where that people were to with wealth enough to devel The war has largely interfe this rich industry. "Denmark's butter brot highest price in fancy mat

it was considered superior any other nation. It was us epicures in North and South South Africa, in the East Indies, in Egypt, India, and out Europe. Good Danish always sold at \$1 a pound. "Danish butter is proof a limates. Butter, when through the hot zones, mel mains in a liquid state as is exposed to the tropic he
