A GOOD SALE.—A shorthorn steer, 18 mos. old, was bought the other day by Mr. Malcolm McInnes for the tidy sum of \$100.80, which at 9 sts made its weight 1120 lbs. This little calf was bred and fed by Mr. Gordon Geddes, Varney R. R. No. 1, and shows what can be done by good selection, care and good feeding.

The Red Cross Society have decided to postpone their Ice Cream and Cake sale until Saturday, July 24th, when it will be held afternoon and evening in their headquarters next door to the Royal Bank. In future will the other societies of the town kindly communicate with the Secretary of the Red Cross Society before arranging for socials.

Although no examination results have reached us as yet, we learn on good authority that Durham Entrance candidates have made a clean sweep and are qualified to take up high school work. Of the 20 students writing, 8 have taken honor standing. We understand that a son of J. S. Rechelet, Hanover, won highest marks in the riding.

CUTTING TREES.—The decision of Magistrate Binnie and Crawford in the case of Calder v. the Hydro employees was given out last week. Mr. Calder is awarded \$25.00 for damage done and the defendants fined \$1 each and costs. An appeal is likely to be made as to whether town or Hydro people should pay the award, certainly the workmen should not be mulcted unless proved plainly they were exceeding instructions.

An Entertainment in aid of the Red Cross Society will be held on the lawn of Messrs S. Morlock, Campbell and Pickering on the evening of Tuesday, 27th July. The programme will consist of a short address by the chairman, Dr. Jamieson, musical selections by the Durham band and a number of vocal and instrumental pieces by local amateurs. Admission to grounds 10c. If the weather should be unfavorable, it will be postponed until the following evening. Everyone come and help the boys at the front.

Ten days after the call has been issued for thirty-two volunteers for overseas service by the Thirty-first regiment, twelve recruits have been passed as physically fit and accepted. While this response is gratifying in view of the slowness of recruiting all over, still at the same rate, it will take nearly a month to complete the quota. It is desired to have the quota from the Thirty-first regiment complete by the end of this week, and in order to accomplish this, recruits will have to come out. If Grey county does not furnish its quota within reasonable time, it will be the privilege of some other section of the province to make up the deficiency. Up to now our country has not failed to supply all and even more than the number of recruits she has been asked for. Many other sections of Ontario have found it necessary to go to the larger centres principally Toronto to gather recruits. Do the people of Grey want their country to be classed among these? The young men are here, and they can still be spared. There are still plenty to carry on the work on the farms and in other industries, as is testified by the number of idle men to be seen on the streets and in the pool-rooms of the towns. Let Grey continue to be one of the districts that can always be counted on to furnish its proportion of the men required. If the quota is filled up quickly the officer commanding the Thirty-first regiment has instructions not to stop recruiting, but to take on all who offer themselves and are found fit. Those men already enlisted are now hard at work under Lieut. H. C. Young of Hanover, who is going overseas with them. Enlisting is still going on in the armories in Owen Sound, Meaford, Hanover, Markdale and Clarkeburg.

A Refutation.

I, Mrs. Wm. Connor, of the Town of Durham in the County of Grey, Province of Ontario make oath and say:
First—That it has been alleged and circulated through the Town of Durham at or about recent date at the store of Mr. Abraham, in the Town of Durham, I made the following expression, viz—
"That I could wade in English blood up to my knees in order to fight for the Germans."

Second—I positively deny that I ever made such an expression either at that time or at any other time and the circulation is a malicious fabrication intended to injure me in the town of Durham.

Third—I am a British born Canadian and have always resided in the province of Ontario; and have been taught to believe that I enjoy more liberty and rights under the Canadian or British Government than in any other country in the world and all my expressions of sympathy have been entirely with the British or Canadians in the war with Germany.

And furthermore I believe the circulation has been designedly made as before stated to cause feelings of distrust and otherwise injure my character.

Fourth—I have no other hope than to live in this town and remain under the British flag which I am proud to do and believe that the circulation of expressions such as have been made has a tendency to stir up strife and cause hard feelings between citizens of Canada who claim to live united and in sympathy with each other to the best interests of Canada and the British Empire.

MRS. WM. CONNOR
I, J. D. ABRAHAM, of the Town of Durham, in whose store the said expression was alleged to have been said and for such expression I ejected Mrs. Connor from my store, positively deny that it was ever made in my presence or in my store and the allegation is a pure fabrication and should never have been circulated.

J. D. ABRAHAM
Declared before me in the Town of Durham this 20th day of July, 1915.

Liquor Seizure

Heavy Fine Imposed

On Friday last before Magistrate Laidlaw of Durham and Ryan, of Ayr, the proprietor of the Middaugh House—Mrs J. G. Nichol—was charged with having on the premises and for sale a quantity of liquor in excess of that allowed under the Local Option Act.

By the evidence of Constable Arrow-smith it appears that on a day in June last he observed a certain trunk being taken from the Middaugh House to the G. T. R. station. No uncommon occurrence of course, but as this trunk had been noticed before going by G. T. R. and in a similar one coming shortly after by G. P. R. curiosity was aroused, then suspicion, then action. The constable, on the alert, saw the trunk return, saw it delivered on the premises, and just as the door was being closed, stepped in and took charge. It was addressed to "T. Armstrong" and no such person being around the constable had the heavy bulgy trunk removed to his residence.

Efforts to get a key to unlock it proving fruitless, in the presence of witnesses he cut four rivets and on lifting the lid there was the evidence of duplicity and evasion of the law. Two casks of liquor, one of 10 gallons or more of whiskey, the other a little smaller containing brandy, separated by a partition and carefully packed with old rags and paper. This in substance was the story told by the constable. The trunk and keys were on exhibit in the court room.

County Crown Attorney Dyre conducted the prosecution, Mr. Klein of Walkerton, the defence. Mr. Ford, the hostler, testified to helping off with the heavy trunk as he was passing, but knew nothing of its contents. The bus man, who could have thrown light on certain points, disappeared before the trial. Mr. Arrowsmith told of demanding a key from the defendant who appeared as he was talking with the hostler, told her he was there on duty and as a result of the pleadings of certain women, who with tears had asked him to try to improve conditions. This drew from the defendant the remark "damn the women" and the refusal of a key as she had no authority to open the trunk. Mr. Nichol coming in about this time also denied ownership and could not open it, so the constable took possession.

Mr. Nichol in giving evidence described himself as manager, denied having ordered the liquor, knew not the owner of the trunk, Mrs. Nichol also knew nothing of the matter, hadn't ordered it, did not know it was ordered, was not expecting it.

Mr. Klein in his cross examination of Mr. Arrowsmith did not shake him in the least and the crown attorney in summing up pointed out that on several points the charges were proved: 15 gallons of liquor found on premises with bar and all equipment for selling, coming concealed, &c., was proof sufficient of violation. The point raised by Mr. Klein that the case was entered wrongly, and that it was "liquor in transit" only, seeing it had not yet reached its owner, had little weight with the bench, who deemed the charge abundantly proven and imposed a fine of \$300 and costs, payable forthwith.

Mr. Klein gave notice of appeal and asked that payment be deferred until result of appeal was known, but Magistrate Laidlaw insisted that money be paid now and if the appeal was successful it would be returned. His colleague took the same view and before the day was much older, the town treasury was enriched by \$300.

This fine comes to the town by virtue of by-law 690, passed by council at the request of the temperance Alliance in March last. This by-law gives the constable all the power of a Provincial officer and the powers have been worthily conferred. Under it too, fines come to the town and one-third of the amount is set aside as a fund for the enforcement of the local option law.

All will hope that the lessons underlying this case will be well learned and that an era of better law observance will follow in our town. Satisfaction is expressed on all hands with the judicious use the constable has made of his power, as well as over the handling of the case by Messrs Laidlaw and Ryan.

Large congregations assembled at Knox, Normanby, Anniversary services on Sunday last. Rev. Mr. Whaley being the preacher. A very successful Monday evening was held of which we have no details at present.

OWEN SOUND DOUBLED SCORE.—In a rough match at Owen Sound Wednesday Durham lacrosse team net only 6-4 against them at three fourths time. Bartley of P. Egin gave poor satisfaction as referee. The same day Orangeville trimmed Shelburne 10-1 in Shelburne.

Big Score against Dundalk

21 to 9 was the score of the lacrosse game last Friday here, with the big end in Durham's favor. It was the largest score in the district, though Munrover and Owen Sound in their opening game made it only one goal less, 25 to 4.

The locals showed much improved form over the Orangeville game, and their speedy team work was a treat from a spectator's viewpoint. That Dundalk scored 9 goals was accounted for to a great degree by the fact that Durham always maintained a big lead and a goal tight defence was not urgent. By quarter time, the score read Durham 7, Dundalk 2, half time it was 11-4, three-fourths time 14-7, while in a swift closing period, half of which was played in the rain, Durham equalled the first record 7-2, finishing 21-9.

Jeffries of Orangeville was referee, and was on top of the play all the time. Both teams were inclined to rough it, and as a consequence there were usually one or two and sometimes three of each team serving penalty, throughout. No one was hurt, however, excepting Madden, of the home team, who was laid out with a cut in the cheek. The Durhams will play in Owen Sound Wednesday, when a much smaller, closer score may be looked for. The teams:

McArthur	Wilson	McKim
Cummings	cover	H. McDonald
Mitchell	1st def.	B. McDonald
Morgan	2nd def.	McEachern
Rundle	centre	McLachlan

Careless Use of Fire Arms

In the Town Hall on Friday before Justices C. McInnes, Yeovil, and Wm. Young, Durham, Roy Dickson was charged with wounding—Edwards of Orchard. The circumstances were as follows:

Dickson in company with Joseph Blyth and James Robertson were spending the evening in the home of the latter in a convivial way. A number of young men, including the plaintiff, were outside and made things uncomfortable for the trio inside by shouting, flinging billets of wood against the door and otherwise acting in a hoodlum way. Dickson and the other two stood it for a while, but at last Dickson asked Robertson for his gun and "he would frighten them." He got the gun, loaded it with shot, and fired in the direction of the noise through the woodshed, claiming that he was pointing the gun downward and about 18 inches above the floor. Robertson corroborated this, Blyth did not see it. The shot went through two inch boards and struck Edwards on the leg, though Edwards alleged he was 8 or 9 yards from the building. Doctors were summoned and extracted 5 shot at least, and some are still in the leg.

The evidence showed that there was nothing of malice or ill-feeling between the parties, only something like an unfortunate prank causing the trouble. Mr. Telford, solicitor for the defendant, made an earnest appeal for the dismissal of the case, which being a criminal one, must go to O. Sound. The Crown Attorney seemed loath to take another view, but felt it his duty to condemn the too ready resort to firearms, and recommended that the case be sent up. Magistrate McInnes concurred in this and bail of \$1000, was accepted from Edwards and two securities.
