The People in and around Durham Want to Spend Money

MONEY is for use, not for hoarding. Most of us want what money will buy more than money, so we are always spending our money. Also, most of us do not make enough money to keep or hoard it—we must spend it on necessities.

Much Durham money is spent with firms outside of this community—with the big city mail-order houses; money that ought to be spent at home.

More money would be spent in Durham if more of our merchants would advertise, and if those who do advertise would advertise more.

To the People in and about Durham

Spend your money at home. Sending money out of this community makes the community poorer for you and everybody else. Building up outside businesses won't help you any.
