

Last week we paid Three Hundred and Fifty Dollars for a Cabinet Grand Piano. We are going to give it away absolutely FREE to someone. It might happen to be YOU. Here's the story in a nutshell:

Every cent you spend in this store gives you one vote. Every quarter means 25 votes and every dollar means 100 votes. Come in and have your name entered in our Register as a contestant. It costs you nothing. Then collect your votes and bring them in to us every week and have them credited to you. Ask all your friends to save their votes for you. You have dozens of friends and neighbors living close to you who would like to see you get this beautiful Grand Piano. Many of them are customers of this store, and would sooner give you these votes than throw them away. The votes cost them nothing. There are many of your friends who would just as soon spend their money here as any place else, and by doing this they can help you win the Piano. We will publish a list showing the standing of each contestant by number only. Remember your number. It is not necessary for your name to be made public. We will give you a number by which you will be known, and your votes will be credited to that number. Then you can tell your friends to watch your number and see how it will grow. Someone is going to get this Piano absolutely free. It costs nothing to try. Why not start today to collect the votes? The contest is just starting and the one having the greatest number of votes to their credit at the end of six months takes home the Piano and puts it in the Parlor. That's easy, isn't it? It might as well be yours. Jump in to-day and tell your friends to be sure and save their votes for you. Come in, and let us explain it more fully.

Employees of this Store are not allowed to take any part in this contest. Each contestant must tie their votes in packages, count them and mark the number on the top of each package. They must be brought in every Wednesday to be recorded. You can also keep track of the number of votes you bring in so that you can check up your votes any time. Printed rules of the contest can be seen in our window. Every contestant entering now gets Two Thousand votes free to start.

Read what Sidney J. English, Musical Bachelor, has to say about this Piano. A reference like this needs no further comment: Owen Sound, Sept. 15

Dear Sir: I write to wish you success in your Ennis Piano Contest. My own piano is an Ennis, and I am pleased to give you this unsolicited testimonial regar-

My piano has had hard use almost every day and is still in excellent condition, in spite of the fact that the hammers are worn almost to the wood. The action has proved good, and is fairly quick and responsive even after twelve years constant use.

Yours very sincerely,

SIDNEY J. ENGLISH, Mus. Bac. T. N. T.
