Three Depts., Shortland Commercial and Civil Service, in the last named Dept. positions are guaranteed by Dominion Government. Graduates of other Depts. assisted to good positions. Efficient teachers and individual instruction. Write for particulars at once. G. M. Henry, Principal.

The lightning storm of Monday night was of a severe nature and while no bodily damage was done in Durham or vicinity, it might have been a close call. No. 9 schoolhouse was struck sometime that evening, the lightning going down the belfry, knocking a framed picture of Queen Victoria off the wall and smashing it to pieces while at the rear end of the school a desk was turned over and the floor splintered in some places.

ABUNDANT CROPS.—Mr. J. W. Crawford, writing from the west to Mr. John Morrison, says: "Now in regard to my journey west. I am here two weeks and there is no chance of us getting thrashed yet. So far as I can find out all the machines are engaged, and a lot of those working are on the bum, not working half time, and the best of them can only clean off 40 to 50 acres per day. Arch. Young & Son has 1700 acres to thresh and has now been two weeks on one section, 610 acres, and is not yet through. He expects to have all told 8000 bushels of grain. The crops are certainly grand. Wheat from 35 to 50 bush. per acre. Weather is good, had a little rain Thursday, but it is fine again to day. Wm., John and Wes. Sires, also Robt. Vollett have all got thrashed with bumper crops. How is school and Bygdo getting along?"

Baptist Anniversary Services

Good congregations on Sunday last turned out to hear Rev. Mr. Muldowney, the well-known Owen Sound preacher. The church was filled in the evening and gave earnest attention to an edifying sermon from the text in Acts 4:12 "Neither is there salvation in any other, for there is none other name whereby we must be saved."

He dealt with the term salvation which meant much more than deliverance from physical danger, it saved us from the power as well as from the punishment of sin. The old testament dealt largely with national salvation, the new testament deals with the individual.

The saving name of Jesus as found in God's word was not taken seriously by too many. Law and legislation never made a good man. Science and philosophy alone were also failures. German science and philosophy had dethroned Christianity and brought in its place blood, ruin and devastation in their most devilish phases.

Socialism, trying to adjust differences between Capital and Labor will not save men unless the great Name is taken in. "A fall dinner pill alone will not save the soul or satisfy its longings."

The brilliancy of the intellect is ineffectual to produce happiness, so all earthly plans fail to save. "The only way to achieve Salvation is by the way of the Cross, through the name of Him whose name is above every name."

MONDAY EVENING
A pleasant social time was spent from 6 to 8:30, discussing an elegant reprint, after which Pastor Wylie took the chair and called off a long program, the chief item of which was the address of Rev. J. H. Fairfull, of Clinton. The choir did itself justice as did also the soloists of the evening, Messrs A. Bell and T. Fallaise and Miss Walker. Miss Treleaven, of Palmerston, gave two well rendered recitations, the first an amusing, and truthful as amusing, charge against the evils that sprung from the tobacco plant. The other was "Ye Mariners of England," which fitted in admirably with the talk of the evening.

Rev. Mr. Wylie on opening gave cordial welcome to the many from other churches who were present. Mr. Fairfull, who had 17 years experience in an English armament works, gave a unique account of the processes in the manufacture of guns and war material as in his day, though he reminded them since he left 8 years ago, many improvements had been made.

The first feeling of a visitor to these mighty shops was one of awe at the magnitude and precision of the machinery for turning out the death dealing guns. He gave a graphic description of the mechanism and firing of a 13.5 (read "13 point 5") gun, marvellous in its fineness and exactness. Next he took up the making of a shell, gave descriptions of the torpedo, of an 18 pounder, and graphically illustrated life of a submarine and "the agony of incessant watching" entailed on those operating them. The wonderful work of the Torpedo boat Destroyers in protecting battle ships, transports, &c., from the danger of underwater craft, the almost unerring aim of the gunners who can hit the small periscope at three miles, the helplessness of the submarine when this is destroyed, all made interesting talk.

He rose to eloquence occasionally in fine sentiment as when he said "Anglo Saxons don't love war for its own sake, they will fight if they must, but they want the best of ordnance." Also in his defence of the navy for the marvellous work they were doing in "choppy misty North Sea." Britain had the finest guns and the finest gunners in the world, and victory was sure to come.

Rev. Mr. Whaley, Morris and Moyer brought greetings from their congregations and spoke in patriotic vein. Dr. Jamieson gave an interesting account of an interview with the British purchasing agent at Ottawa and of the exacting nature of the tests made on the shells. Insp. Campbell and Messrs Allan and Irwin added their quota to a most interesting evening which closed loyally with God Save the King.

The Roll Call.

ROBT. DARGAVEL

On Sunday last there passed away in the 64th year of his age perhaps the best known man of Dornoch and neighborhood, Robt. Dargavel. For some months back he has been in poor health and recognizing that he was gradually failing in spite of physical skill and loving nursing.

Mr. Dargavel was born on 22nd Sept. 1851, in Kirkcubrightshire, Scotland, and when about one year old, was brought by his parents to Canada and settling near Aberdeen, Benwick, he there grew to manhood, receiving his first education in Durham. He remained in Benwick, engaged in the lumber business till about 35 years ago when he started a saw-mill in Dornoch and conducted it very successfully till a few years ago, when he sold out to the Durham Furniture Co.

He married Miss Ferrier, also of Benwick and a family of nine children blessed the union, of whom 8 survive. They are Eliza, Mrs. Alex. McIntosh, Dornoch; Mary F., Mrs. Klein, Toronto; James at Rock Mills; William at Vancouver; Maud, Mrs. Pickard, Toronto; Hazel, Mrs. Smith, Chicago, and Bryce and Ivy at home. A son Arthur died by accident a few years ago. Besides widow and children, all of whom were with him at the last, two brothers, Thos., of Warton; and Dr. John, of Minnesota and two sisters Mrs. J. W. Crawford, Durham and Mrs. Gibson Collinson, Cayton, as well as Mr. G. B. Miller, of Warton, a half brother, will sincerely mourn.

Mr. Dargavel was a man of some force of character, a good business man, and was popular in his neighborhood as was shown by the large attendance at his funeral on Tuesday. In religion he was Presbyterian, in politics a Liberal, and was an intelligent student of public affairs.

His pastor, Rev. Mr. Mills, conducted appropriate services at house and grave, amid a large concourse of mourners. Three sons and three sons-in-law were pall-bearers.

Mr. and Mrs. Edward Ferrier, Alpena Mich., attended the funeral and all the relatives, except the Minnesota brothers.

THE REVIEW joins in the condolences to all the mourners.

Mrs. T. M. RYAN
This respected lady, one of the pioneers of central Glenelg, died at her home on the 5th concession on Wednesday of last week, the immediate cause being heart failure, resulting from nervous prostration from which for some time she had suffered. She was about 65 years of age.

Mrs. Ryan was a native of Tipperary, Ireland, and came to this country in youth, settling in Glenelg in the days when hard work and hard times had to be met with a stout heart, something she always possessed. She survived her husband by seven years, a son Dennis died 15 years ago. Her surviving children are William on the farm, Mrs. Quilliam (Mary Ann) on the 6th Concession, Glenelg, and Maggie and Ellen at home. Interment took place on Friday, Rev. Father Flavin conducting the services, many friends and neighbors paying the last tribute.

HENRY YOUNG

As we briefly intimated last week the above gentleman passed away on 23rd September. He died at the family summer home at Midlothian, Illinois, surrounded by the following members of his family, W. H., G. E., Ernest H., Elizabeth, Mrs. Albert B. Gates, Ellen Jane, wife of Dr. Theodore K. Sedlmayer, Margaret, Mrs. Rupert J. Henry, all residents of Chicago.

Mr. Young, who was well known in Durham, was born in Co. Tyrone, Ireland, in 1835, was married there in 1861 and emigrated to Canada in 1863. He located first in Weston, now a suburb of Toronto, and from there in 1870 moved to Durham, where he and part of his family resided until 1898, when they moved to Chicago, where his sons were in business.

Many friends made in that 23 years will yet remember the kindly gentleman who was loved and respected by all. In religion he was an Episcopalian, in politics Conservative, and a loyal British subject at all times for he would never take out naturalization papers in the States. His friends say he was deeply interested in the war to the last, feeling that with the assistance of the gallant Canadians, Britain and her Allies would surely win.

LAST WARNING

Some months ago we sent out requests for settlement to a number of our subscribers who had allowed themselves to get unreasonably in arrears for the REVIEW. In most cases the request was cordially attended to. However there are a number who have paid no attention to our request and this is to inform them that if settled at once, or arranged for, old rates will prevail. If not so settled, expense will be incurred, which we will regret, but for which we are not responsible. Write or call to day.

from a stroke of paralysis, sustained a few days before. She survived her husband, who was a harness-maker, for about 35 years and for that long period has made her home with her sister, Mrs. W. B. Vollett, where she was always tenderly cared for. She is the first of a family of four to be called, her two brothers being John of Fort William and Robert of Toronto. The latter with nephew Munro Sutherland, of Toronto, attended the funeral on Friday, 24th September. Her pastor, Rev. Mr. Morris, conducted appropriate services, attended by many friends of deceased and her family and interment took place in the English Church Cemetery.

She was a native of Plymouth, England, and could tell vivid stories of her early life there and of a medal she obtained as a school girl at the fetes in connection with Queen Victoria's coronation.

Public Meeting

A meeting of citizens will be held in the Town Hall on Friday evening to take into consideration the Imperial appeal for aid to Red Cross funds. Below will be found the text of the appeal received this week by Mayor Hunter from Lieut.-Governor Hendrie.

An Imperial Appeal

The Lieut. Governor of Ontario has received from Lord Lansdowne, Colonial Secy. in the British Government an appeal for aid to Red Cross work. He in turn has wired the heads of Ontario municipalities asking generous assistance before 21st October, the anniversary of Trafalgar.

"I beg to inform you that Lord Lansdowne has sent me the following communication:

"I beg to inform you that the British Red Cross Society and the Order of St. John in view of the great demands upon the resources both in France and in the near East, have decided to make an appeal through the Empire by street and other collections upon the 21st day of October next. The money received from this appeal will be devoted entirely to relieving the suffering of our wounded soldiers and sailors from home and overseas at the various seats of war. From all parts of the King's dominions we have already received generous assistance in our work but with the increase of British and overseas forces at the front, there is a corresponding increase in our expenditure and we shall be truly grateful if you will help us by making an appeal and sending the proceeds to us for the objects which I have named. I shall be greatly obliged if you will kindly communicate the foregoing to your government.

Their Majesties the King and Queen and Her Majesty, Queen Alexandra, are giving us their gracious patronage and I trust that you will also be able to see your way to help—Lansdowne

In view of the urgency and importance of this just appeal that the Motherland has made to us, I confidently trust that you will at once organize with a view to getting a worthy contribution from the people of your municipality on October 21."

Bulgaria and Greece Pause

Compelling interest attaches to the war news. Following the great and successful drive in France still being maintained, came Russia's ultimatum to Bulgaria to dismiss her German advisers or fight. Bulgaria will join the Huns. This pleased the Greek prime minister and the people who welcomed the landing of an allied army in Greece. Like a bolt from the blue comes the news that the Greek King will not go to war with Germany and there may be a revolution. Meanwhile the Allies have an army ashore to help Serbia, which will be hard pressed by Bulgars on the east, and Germans and Austrians on the north.

Watch the Kaiser say that the invasion of Greece is as bad as Belgium. The Balkans will be the theatre of war for a while now. See Map on inside page.
