That New Fall Hat

Have you purchased yours yet? If not, we have one here to please you, or can make one to your order.

Our Millinery Openings were highly successful, and the many ladies who have already visited our Showrooms were delighted with the display.

Simply charming are the new hats. They are not in the least elaborate; most styles are quite simple in shape and trimming-simple, but not plain. Sailor shapes are popular as are also the oblong turbans. Prices are very moderate. Call early, look over our display, and make your choice while the choosing is good.
