Thanksgiving Day, originally a holy day, is now a holiday and the fine weather this year in the absence of services, allowed much visiting to be done.

Owing to complaints of congestion at the post office and on sidewalk, Hanover School board have changed the noon hour to from 11.59 to 1.10 instead of 12 to 1.15 as formerly.

A sale of homemade baking will be held in Calder's hall on Saturday, Oct. 16, under the auspices of the Women's Institute. There will also be served. Proceeds in aid of Ambulance Fund.

A numerous signed petition is to be presented to Town Council to-night asking them to make a grant of \$500 to the Red Cross funds in response to Lord Lansdowne's appeal for October 21st, T. Farfar Day.

After a week of dirty weather, cold too, with dashes of snow, a great improvement began on Monday. Thanks giving Day, which dried up and kept so, allowing farmers to get up potatoes, which crop is not a heartening one owing to the rot, caused by wet weather.

We extend sympathy to Mr and Mrs Arthur Lawrence of North Egremont in the loss of their little daughter from meningitis last week, aged about five years. The little one has been ill for some weeks and succumbed in spite of tender nursing. The funeral was held Saturday.

The J. D. Abraham Co. has just commenced a lively piano contest and competition has already grown keen, there being quite a large number of ladies in the race. The piano appears to be a fine instrument and 2nd and 3rd prizes will also be given.

MORE LIGHTS.—May we hope that before the next "dark of the moon" we shall have the Hydro lights going on our streets. The public have been waiting, none too patiently, from one date to another and so far waited in vain. We know everything comes to the man who waits, but let the council be expedited if possible.

HORSE FAIR.—Bills are out for October Horse Fair on 21st October. The September Fair was a quiet one, but October one with the crush of harvest over is likely to be better. To take the eye of the buyer animals must be in good condition and horse-kind is quickly responsive to good feeding. Get them fat.

Great Britain, with an eye to economy, would have the nation rise at dawn and go to bed with the birds, thus saving millions now spent for light and fuel in the hours between evening and midnight. It would simply revive an ancient custom. In Charles IV's time plays were performed by daylight and Samuel Pepys records, as a matter of course, that at five o'clock in the morning he made a purchase at a book-shop.

The three-year-old son of Mr and Mrs R. H. Hopkins, Hutton Hill, suffered a painful accident last week. Playing around the house with a stick the stick in some manner ran against the roof of his mouth, causing it to bleed profusely. The Dr. was summoned and on administering the chloroform to sew up the wound found that each time as the cap came away the patient came to and consequently were not able to do the work as satisfactory as they might wish. The youth of the child is hoped though to bring about the desired results in it healing properly.

BETTER C. P. R. SERVICE.—At a recent meeting of the Owen Sound Board of Trade the following matter was dealt with: The matter of asking the C. P. R. to run the train which connects from Walkerton at Saugeen Junction with the Owen Sound morning train up to Owen Sound during the interval it has to wait now at Saugeen Junction was also discussed. It was pointed out that practically the only extra expense incurred would be the fuel used on the run from Saugeen to Owen Sound. It was suggested that the train leave there at 7.40 and arrive at Owen Sound at 9 a. m. leaving again an hour later. This would prove a great convenience to Owen Sounders and those having business from points along the line travelled. On motion of Messrs Chester and Parker the matter was referred to the Railway Committee of the Board to deal with.

Town Council Discusses Hydro.

A special meeting was held on Tuesday evening to consult with Mr James, the Hydro engineer, over various matters in the pending wait for Hydro operation. Mr James is particularly insistent on the necessity of haste in getting the new wiring and necessary fixtures installed at once as he speaks with some confidence of having the light ready for the first week in November. He promises too to see to it that some more lights be put on our streets at once.

A somewhat heated discussion, leading nowhere it seemed to us, took place between Mr James and Reeve Calder, the latter charging that the Hydro people had been inconsistent in their promises in regard to location of the power station as well as in naming various dates for starting, which were not realized. Mr James admitted he had first recommended the Cement plant, then Mr Surtees said the old market building would do and at last neither was chosen. Mr Calder claims the town is a loser by not having the station at cement works as first planned. Mr James admits the first intention was to place station at the cement works, but after the friction over the tree trimming, the Board of Engineers decided to avoid the possibility of further friction by placing it where it is in an independent spot. The promise of Mr Surtees re the old Market building was over-ruled by his superiors. Mr James insists the Cement works can be equally well served there it is and the town no loser. It is to be hoped that the ventilation subject has now got will prevent further wrangling.

The committee of Council appointed some time ago to deal with the question of the wires on Lambton St., the lowering of the mutilation of trees and subsequent lawsuit, has as yet made no report nor found a solution. Council Grant was insistent that if they couldn't or wouldn't deal with the matter, they throw it up and let council try again. Mr Calder intimated that he intended to press his claim to the award granted him by the Magistrates who sat on the case.

Varney Harvest Home Services

Very successful Anniversary and Thanksgiving services were held in the Methodist church, Varney, on the 10th and 11th inst when it was tastefully decorated with the products of forest, field and vine, interspersed with varied collections of lovely plants and flowers. Miss Mountain had charge of the musical arrangements and with her well trained choir very effectively contributed to the success of the meetings, a very notable number being a solo by Miss Florence Kerr. Large congregations were present at both services. The Rev. S. M. Whaley preached in the morning and Rev. R. M. Hamilton in the evening who gave an original and effective discourse on the Pre-eminence of Humanity over Things and Institutions that will not soon be forgotten.

On Monday evening a great concourse assembled to partake of a Thanksgiving supper—the kind that has made Varney famous. From 6 to 8 heroic efforts were made to exhaust the commissariat but reluctantly the besiegers gave up the uneven struggle and left the ladies masters of the situation, smiling but tired.

At the appointed hour the Rev. Mr. Moyer called the assembly to order and in a felicitous speech introduced Editor Irwin who ably discharged the duties of chairman and whose genial personality largely accounted for the splendid order maintained through out the program. Miss Barclay of Durham contributed a couple of readings which were well received and Miss Whittaker of Ceylon fairly carried her audience by storm in her patriotic and other solos and was frequently recalled. The speaking was begun by Mr Wm Allan who holds the record for having attended some 25 successive anniversaries. He began with interesting reminiscences references and closed with a strong appeal for the higher manhood. He was followed by Rev. S. M. Whaley of Durham who gave a somewhat humorous but suggestive address on "The Boy—By One." The general superintendent of the circuit Rev Mr Moyer continued the subject, emphasizing the importance of a life objective. The oratorical fireworks were fittingly closed with an impassioned address by the student pastor, Mr Bucher on the necessity and power of faith and prayer, after which the National Anthem was sung.

MCLAUGHLIN-LOVE
A quiet wedding was solemnized at the Manse of Central Presbyterian Church on Wednesday Sept. 29th, by the Rev. Dr. McTavish when Hanna Charlotte, (Lottie) younger daughter of Mr. and Mrs. Henry Love, Egremont, became the bride of Mr. Thos. A. McLaughlin, son of Mrs. McLaughlin, Toronto. The bride was assisted by her sister Miss Edna Love while Mr Robt Hancock supported the groom. The bride was becomingly attired in a tailored suit of navy blue with black velvet hat and corsage bouquet of roses and Lily of the Valley.

The groom's gift to the bride was a beautiful necklace set with pearls, to the bridesmaid a gold bracelet and to the groomsmen a pair of gold cuff links. The happy couple left on the afternoon train for Buffalo. On their return they will reside on Davenport Road.

MELLIGAN-FOSTER

A very pretty wedding took place this (Tuesday) morning, Oct. 5th, 1915, at St Mary's Church, when Rev. Father Burke celebrated the nuptials of Miss Florence Foster and Mr Edward Melligan. The ceremony took place at eight o'clock and was witnessed by a number of friends of both bride and groom. The bride wore a very becoming tailored suit of cream serge, made in military effect, with bodice of Irish mill lace and picture hat of pale pink velveteen. She carried a shower of bride's roses and lily of the valley and wore the groom's gift, a necklace of pearls and emeralds. Miss Mary Doherty, who was bridesmaid, wore a pretty gown of Russian green silk and large black hat, and carried an armful of pink roses. The groom was attended by Mr John Doherty. During the ceremony, Miss Lillian Healy, who was gowned in pink and presided at the organ, played softly. Immediately after the ceremony the bridal party, which included only the immediate relatives of the bride and groom, drove to the Seldon House where a most delicious wedding breakfast was served at flower decked tables. Mr and Mrs Melligan leave on the G. T. R. train for a wedding trip to Detroit, Toronto and other points and on their return will reside in Warton. The groom is a popular conductor on the G. T. R. line running out of Warton and has many friends who wish him and his bride much happiness.—O. S. Sun
