JOHN M. FINDLAY Dromore

Recruiting Meeting at Dromore

On Monday, 15th inst., a recruiting meeting was held in Russell Hall Dromore. Reeve McArthur was voted to the chair and called off an interesting program, the salient points of which were the speeches of Hon. Dr. Jamieson, M. P. and Mr J. P. Telford of Durham. The doctor complimented Dromore on being ahead so far in their giftings to Red Cross funds, over \$300 being to their credit. He spoke on the value of preparedness as illustrated by the speed with which Germany mobilized. Great Britain has her hands full in providing for her sick, wounded and dependents, as well as financing other countries, so it behooves us to help in financial and other ways. He pictured the supreme service being rendered by the British navy, which is bound to be the winning card in the war, to imagine it defeated, one of the results would be the overthrowing of Canada. He favored, because of its fairness a modified form of conscription and paid warm tribute to the patriotism which has resulted in raising an army of over 3,000,000 volunteers.

He dealt with the manufacture and testing of shells at Valcartier of the rapidly of manufacture, thousands per day now being turned out. Told of a recent visit to New York where he saw many German liners tied up in the Hudson river, silent and eloquent testimony to the effectiveness of the British Navy. He referred to the desire of the Kaiser to reach Constantinople by winning in the Balkans and rouse up the Mohammedan populations, more of whom are under the British flag than that of Turkey.

He returned again to Red Cross giving, believing in equal taxation as the fairest means of raising money and the only means to catch the small man who will give nothing voluntarily. The doctor was listened to with good attention throughout.

Mr Telford called upon expressed his pleasure at the good results that followed a previous meeting and characterized this part of the township as the best in the county. After paying a compliment to the British Navy which had been the salvation

The chairman expressed regret at the non arrival of the young man from Dromore, who had promised to assist at the speaking, Rev. B. M. Smith, called upon, was pained to think that it was necessary to hold these meetings, but drew comfort from the fact that there was a God over all who would overrule and guide everything to a successful issue. He expressed pleasure at the fine tone of the speeches, and no one should be discouraged. Though anxious for recruiting he could say that the many fine young men round here were diligent in business. He moved a vote of thanks to all who had assisted so worthily a cause, seconded by Mr J. M. Findlay and carried enthusiastically.

Dr. Jamieson in replying said he had written the premier himself advocating a coalition government during the war and deprecating his inability to talk in proportion to his feelings. Mr Telford for reply sang "Rule Britannia" with fine spirit.

Mr Wm. H. Magee at the opening sang "The Grave of Bonaparte" and at the close of the speaking sang the spirited patriotic piece "Three Jolly Britons," while Miss Brown, of Holstein, sang a song with the appropriate title "Fall In."

THURSDAY, 18th NOVEMBER—On this date Richard Irvin, Holstein, will offer for sale by Public Auction, valuable Stock and Implements. Begins at 1.30 p. m. \$5c bills for credit terms and other particulars.
