**Durham Choral Society** gave their final presentation of "A Nautical Knot" to a Holstein audience last Thursday night to a hall three parts full and their production was highly enjoyed. It was under Junior Patriotic auspices and following the concert the members much appreciated the hospitality of Mr. and Mrs. F. McClocklin, who served lunch in their parlors.

**Friday evening, 19th November,** Gleneg Centre Baptist Church was in full session on the occasion of the annual Sunday School entertainment. The church was well filled when Mr. Geo. Bennie came forward to do chairman's duties, and the numbers throughout were well received. Rev. W. J. W. and Whaley gave addresses, a dialogue was given in which Miss Winnie Bennie particularly shined. Mrs. Greenwood presented the audience with a well rendered solo, and Miss Bennie also contributed a solo, which gave rise to an encore. The children of the Sabbath School provided a good part of the program and an interesting feature of the evening was the presentation by Mr. Archie Boston, Supt., of Bibles to 21 children, to be used to encourage Bible study. At the close of the program a lunch was served which was taken advantage of by all.

**EARLY SETTLER GONE.**—Mr. Andrew Hastie, one of the earliest settlers of the township of Bentinck, passed away at 2 o'clock on Tuesday morning of this week at the family homestead on lot 15, con. 11, the late William Irvine, 79 years, 10 months and 21 days. He was due to a general breakdown. Deceased was born in Dumfriesshire, Scotland, and emigrated when 15 years of age. He came to Bentinck shortly afterwards and had lived there ever since. He married Miss Margaret Irvine, a sister of the late William Irvine, who predeceased him 12 years ago next January. They had four children, all living as follows: Wil. Sam G., on the homestead; Andrew, on 8th con.; Ben. E. (Mrs. M. C. Ed. Cross) of Bentinck and Janet, (Mrs. Robert Haggard) of Shoal Lake, Man. Deceased was an elder of the West Bentinck Presbyterian church, and a man who enjoyed the respect of all who knew him. The funeral takes place on Friday afternoon at 1 o'clock to West Bentinck cemetery.—Hanover Post.

## Rousing Speeches

**Tolmie and McGarry**

Friday evening last under the auspices of the local recruiting league, a patriotic meeting was held, which should have had a much larger audience. The Town Hall was barely three quarters full, Mayor Hunter was in the chair and as both the principal speakers could not arrive on time, the program was filled up by the "Maple Leaf for Ever" song in spirited manner by a male chorus, and a speech from Father Ferguson on the 25th anniversary of their marriage. Mr. and Mrs. McGarry and Mr. and Mrs. Tolmie, both M. P.'s, and of diverse political views.

Rev. Father Ferguson opened with compliments to the ladies for their interest in the war, by their large turnout. The Father has decided literary tastes and made apt quotations, bearing on the war situation from Bulwer Lytton, Edmund Burke and others. He thought "The glory of Europe is extinguished for ever," in the black days of Napoleon's mastery, but it wasn't and couldn't be now if a generous chivalry was shown by our young men. He reminded them however that "the glory of Europe" was not extinguished, but it was to be regained by the British Empire, as never before was fighting for its life, and we must realize individually that we have a part to play. We are really in the trenches if we realize the import of this world-wide cataclysm. Father Ferguson is a cultured speaker and should have a right to himself, not simply a "fill in."

Major Tolmie, after compliments to Hon. Dr. Jamieson for his energy and ability as Speaker, pictured some of the unusual features of the war, the most not that it ever, able bodied man should be either "Why am I not in Khaki?" or "What am I doing as a stay-at-home?" The glory of our flag was not that it ever and always conquered but that it stands for the defence of the weak and the down-trodden.

He gave a graphic picture of how Redmond and Carson had buried their differences, how patriots had been sunk in a coalition government, how Australia, New Zealand, Canada, S. Africa, even India, had sprung into the breach, showing that there must be something to that nation worth standing for, worth fighting for, worth dying for. He did not ask Canada to enter the war, but he said "Canada's offer is grateful. The tide is still rising: Men are offering more liberal gifts are more liberal." He urged us to make the great sacrifice, and he emphatically declared that "the country must be measured by its men."

Mr. Tolmie is a good story teller and slight, eloquence occasionally. It was no use shouting "I'll quit with the Kaiser," a remark he had heard from a young man; shouting must give place to action and be closed with a stirring appeal to young men to line up and would have the government give a button or badge to those not accepted, so as to show they were not slighted.

Mr. McGarry informed the audience that if the button idea was carried out, Dr. Jamieson would be wearing one, for not once, but often, he had offered his services. Tolmie too had offered his services. Tolmie too had offered his services. Tolmie too had offered his services.

## PERSONAL MENTION

**What is the Canadian Patriotic Fund?**

Will Durham Aid It in a Hearty, Cheery, British Manner?  
 The Canadian Patriotic Fund was incorporated in August, 1914, for the purpose of collecting, administering and distributing a fund for the assistance, in case of need, of the wives, children and dependent relatives of men and officers, residents of Canada, who, during the present war, may be on active service with the Naval and Military forces of the British Empire and Great Britain's allies. Help is accorded to soldiers' families through the medium of local branches so that no families, no matter in what part of Canada they may be living, will be neglected.

It is now universally admitted that it is the duty of every community and of every family throughout Canada to contribute towards the Canadian Patriotic Fund, that living. With most patriotic citizens the only question is "How much shall we give?" This is governed by two considerations—the extent of the need and the ability of the contributor. Probably there will be by Christmas, 1915, twenty-five or thirty thousand families on the Fund. Even this number is bound to increase. A conservative estimate places the amount required during 1916—and it looks as though the War would last even longer—at \$7,500,000. Large though this amount seems, it is only \$1.00 per head of population throughout Canada. If the effort to raise this amount is made to include every one—and everyone gives until he feels it—the amount is not beyond our reach.

A branch of the Patriotic League has been formed in Durham and the sum of at least \$5000 has been set as a mark to aim at. Judging by the spirit shown in places not so large as Durham this amount may be exceeded. The funds will be applied to the Canadian Patriotic League or to the Canadian Red Cross Society as an equitable basis.

Every citizen of our town should count it a privilege to give, to give till the sacrifice is commensurate financially with that of the soldier in the trenches is making. The maimed and the wounded are beginning to come home. After fighting our battles they must not be neglected.

A great campaign will be undertaken here as in most places. The date of this will be the 7th and 8th of December. Captains have been appointed and collectors will call on every citizen. Arrangements can be made to divide the contribution into quarterly or monthly payments, if desired, extending over 12 months. Many workmen will give one day's pay, some a day and a half, out of every month for a year.

The town, we hope, from Mayor to humblest citizen, will have the joy, not only of seeing the fund rise, but also the joy of Israel of old, when, at the preparation for building the temple, it is recorded "the people rejoiced for that they offered willingly."

The duty that faces every man who does not go to the front is to help make it possible for others to go. The satisfaction of knowing, that in the great testing time of nations and individuals, they were not found wanting, is their reward.

## 3300 and Costs

Monday last before Magistrates Laidlaw and Young, the Proprietors of the Hahn House were charged with having violated the law by having stocks of liquor on their premises, as we told in the Review last week. A second charge of obstruction was also made against Oscar Hahn and E. Bauer.

The first charge was proven abundantly by the 36 bottles of Gooderham booze in the constable's possession and a fine of \$300 and costs was imposed. A second charge was allowed to drop as the defendant swore they did not know it was the constable they were trying to bait out, and their plea was accepted. In future the constable will know what to do, meanwhile by his vigilance the town treasury is \$300 richer and another lesson given that it is better to walk in the straight path.

Magistrate Laidlaw has imposed fines during the last four months amounting to over one thousand dollars. Will the lesson be learned as it ought to be? Or will there still be underhand conniving to evade the provisions of the law which the best classes of the community uphold. Barrister J. P. Telford appeared for the defendants.

## Obituary

**JEFFREY MCGRACKEN**  
 To-day, Wednesday, the remains of the above gentleman, an old Durham boy, are being interred in Trinity Church cemetery. He has been in Saskatchewan for eight years or more and died there suddenly last week. We have not learned the particulars of the sad bereavement. "Jeff" was in his 34th year, unmarried and his father taking off is a blow to his parents, Mr. and Mrs. Samuel McGracken. He was a clever young man, popular with his fellows through all his young manhood here and his death in the prime of life causes sorrow to many here who knew him well.

**BORN**  
**SMITH**—On Burnside Farm, Gleneg, on 22nd November 1915, to Mr and Mrs Albert Smith, a daughter.

**MARRIED**  
**McKINNON-MARSHALL**—In Brampton, on Wednesday, Nov. 18, at the residence of the bride's parents, Miss Annie Marshall to Mr. Neil McKinnon, youngest brother of Mrs. Geo. Arrowsmith, of town, both of Brampton.

**REDEAR-MCGRADY**—In Chesley, on Nov. 10th, by Rev. Dr. Williamson, Mr. Thomas Redear, of Bentinck, to Miss Elizabeth McGurdy, of Brant.

## A Canadian War Loan

The government have done a wise thing in raising a loan at home instead of going to New York or elsewhere and having interest go out of the country. Full particulars of the new loan will be found in the big ad. on page 5. The amount asked is 50 million dollars and it will undoubtedly be oversubscribed, a convincing argument to the Germans who think Canada is coerced into the war.

## Hydro in Operation

**Eugenia Power Lights Durham**  
 Thursday last with considerable eclat, and the presence of Sir Adam Beck, Chairman of the Provincial Commission, who presided, Hon. I. B. Lucas and W. H. McNair, and a large number of representatives of municipalities served, the Hydro Power river, the put in operation. The Beaver river, the dam erected, has gone over the Falls, now postically named Eugenia, has been arrested. The course, dammed up till it covers 1830 acres, with the dam 220 feet wide and 80 feet high at highest point, said to be the largest in Canada, and a number of earth dams between. The water will be deflected into artificial channels, gathered and sent into an immense wooden stay pipe, some five or six feet in diameter and 3500 feet long to the brow of a hill crowned with an imposing high structure called a "surge tank," and there is entered a big steel pipe and falls it is said 320 feet to the Power House away down there in the picturesque valley.

The lights came on Thursday night, but for a few nights there were intermittent interruptions, which doubt form some little oversight. The vista of the street lamps is decidedly pleasing and the night far from good.

From an exchange we copy the following: The plant itself is of the most approved construction. It represents a capital investment of between \$60,000 and \$80,000, which, with another \$50,000, for transmission lines and transformed stations, will bring the total investment up to the million mark. The total capacity available is 500 feet. The present capacity of the plant is 4,000 horsepower; the ultimate capacity, 8,000. There are five dams, namely, fourth earth-fills and one concrete. The concrete dam has a maximum height of fifty feet, and is one of the longest in Canada. The storage basin consists of 1,700 acres. The length of the transmission lines, serving the following municipalities, is 313 miles:—Owen Sound, Chatsworth, Markdale, Fleshington, Dundalk, Shelburne, Durham, Chesley, Mt. Forest, Holstein, Orangeville, Meaford, Port Egin, Southampton, Warrton, Kincardine, Walkerton, Hepworth, Tara, Paisley, Shallow Lake, Arthur and Grand Valley.

Should the circumstances warrant the Eugenia Falls plant can be lined up with the other two plants on the Severn system, namely, Big Chute and Wasdall's Falls.

Premier Heaist through illness, was unable to be present and sent a letter of congratulations. Sir Adam Beck, assisted by Mayor McQuaker, Owen Sound, released the power.

## Wiring Notice

Owing to the fact that the Electrical wiremen have not been able to meet the demands of applications and clear up the defects on the inside wiring of a great many houses, notice is hereby given to cut off the supply of current until a reasonable time has been given to meet the situation. When the time arrives however, that all can be served by the electricians, a time limit will be set; and all who have not complied with the regulations will be cut off.
