Re Postage on Parcels going to Troops in France

The Department is in receipt of applications to have parcels addressed to our soldiers in France sent free or at reduced rates of postage, there is a doubt as to the power of the Department to do so as the question of postage is fixed by international agreement, so that it is not within the power of the Canadian Post Office Department to undertake to carry the parcels free or at a reduced rate of postage. Under International law, provision is made for the free transmission of parcels for prisoners of war, but this privilege does not extend to parcels for troops engaged in active service, nor is it within the power of the Department to do so extend it. The rate of postage required on parcels addressed to the troops depends upon the location of the addressee. If the address is in England, the rate on parcels for England applies, which is twelve cents per pound, whilst, if he is in France, the parcels are subject to the rates applicable to parcels for France, which are as follows: 1 lb., 32 cts. 4 lbs., 64 cts. 8 lbs., 96 cts. 2 lbs., 40 cts. 5 lbs., 72 cts. 9 lbs., 110 cts. 3 lbs., 48 cts. 6 lbs., 80 cts. 10 lbs., 118 cts. 7 lbs., 88 cts. 11 lbs., 130 cts. These are exactly the same charges which existed for years between Canada, England and France before the war, and are the result of an agreement or Convention made between these countries and Canada, and as these countries have not agreed to lower their rates between England and France, Canada has to pay to them the same rates as before the war and must charge the same postage. In all cases parcels for the troops must be addressed to Army Post Office, London, England, but this does not in any way affect the rate of postage which depends entirely upon the location of the addressee.

Mr. Ibbot has recently received from his son Walter which was dated Belgium, Nov. 1st, he tells of an experience he had with a German aeroplane. Clifford Express: "Rev. Dr. Marsh, of Holstein, occupied Rev. Mr. Lemons' pulpit last Sabbath, as the latter was preaching the anniversary services at Holstein. Dr. Marsh is inclined to be somewhat sensational in his discourses, but is talented, entertaining and instructive. We understand he makes astronomy a hobby, and as he says himself, after a life time of stargazing he is only beginning to realize how little he knows of it all, the scope being so far reaching. Next Sabbath, his son, John Marsh, the student in charge of Midway and Ayton, will occupy the pulpit here."

SOUTH BEND
The fitful sun of November glanced down on Toronto fair, Her streets were thronged to welcome Our returned heroes there. All honor to Canadians Who for their country fight.

Commandeering Wheat
The Borden government have done a sensational thing. They have taken possession of 29,000,000 bushels of wheat in elevators and transit and will pay for it at a price slightly in advance of current rates. This will empty the elevators and compel a movement in wheat that ought to benefit the farmers, though it may have consequences unforeseen. The wheat of course is sent for Britain, and may be the beginning of a system of British purchases here to the exclusion of the States. Produce and shipping markets all agitated, some of these grunting. **Just the Right Present**

The Companion illustrates the best traits in American and Canadian life in its stories and sketches, upholds the best standards in its articles and other contributions, and combines the practical and informing with the entertaining and blood stirring.
