### That Popular Three-Fifths

"The ball and chain of the three-fifths clause fastened to the legs of temperance people of Ontario." *Sarnia Observer.*

"The three-fifths clause was the chief victor yesterday." *Port Arthur Chronicle.*

"There is little use in some people praying for a 'dry Brantford' so long as they are willing to continue in office the men who are responsible for maintaining that great fortress of the liquor traffic in this province, the three-fifths handicap. In Manitoba the three-fifths prevailed at one time, having been copied from Ontario, but even the Roblin Government saw its unfairness and returned to the bare majority principle. Is it not time the people of this province insisted upon the Hearst Government giving them a fair deal in this matter?" *Brantford Expositor.*

"Sisyphus, everlastingly rolling his boulder up the hill by patient toil only to see it go crashing down again just as it neared the top, had no harder task than the temperance men of Ontario who are endeavoring, in face of the three-fifths handicap, to abolish the bar. What is Mr Hearst going to do about it? The Premier of Ontario had better wake up. If Premier Hearst stands by the bar he cannot remain Premier Hearst." *Toronto Globe.*

SAW LOGS WANTED.—The undersigned is prepared to buy at saw-mill or factory logs of the following kinds: Pine, Spruce, Balsam, Hemlock or Cedar.

### A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life. If your work is tiring; if your nerves are excited; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength. Scott's is strengthening thousands of mothers—and will help you. Try it.

Scott & Bowne, Toronto, Ont.

For the year 1916, upon which we have just entered, I wish all my many friends a Happy and Prosperous Year and trust that the friendly relations existing between us may ever continue.

# The Empire's Call to Ontario: "ECONOMIZE"

Lloyd George

"We are fighting Germany, Austria, and drink, and so far as I can see, the greatest of these three deadly foes is drink."

Lord Kitchener

"The men who have recently joined the Colours are doing their utmost to prepare themselves for active service with the least possible delay. This result can only be achieved if by hard work and strict sobriety they keep themselves thoroughly fit and healthy."

Admiral Jellicoe

"In the Navy there are three qualities upon which efficiency mainly depends. They are discipline, straight shooting, and endurance; and temperance, unquestionably leads greatly to the promotion of these qualities."

Baron French

"There is no doubt that the work which the Royal Army Temperance Association carries on makes not infinitely better soldiers and better men. If men want to see regiments, battalions, squadrons, batteries, smart and efficient, they must practice the great qualities of self-control and self-discipline."

The existence of the British Empire depends upon the outcome of the War. All our resources must be thrown into the scale.

The Empire's call is for men, munitions, food, clothing, and, above all things, MONEY. We are being called upon to give our millions to carry on the war. Sir Geo. E. Foster has stated that the Dominion Government might even ask for a Domestic Loan of \$300,000,000. It is only a few weeks ago that Canadians subscribed over \$100,000,000 to a War Loan.

These facts bring right home to us that this is, as Premier Asquith stated, "A War of Money as well as Men."

Sir Robert Borden, Sir Thomas White, Finance Minister, and other prominent men have emphasized the necessity of economy.

Conserve our wealth. Cut down expenses. This is what we must do.

## Something to Think About

Did you ever seriously think about the millions of dollars expended annually for alcoholic beverages in the Province of Ontario?

As nearly as can be estimated from figures, based on Dominion Government returns, the consumption of alcoholic beverages in the Dominion in 1914

was \$103,049,129. Assuming that Ontario, whose population is one-third of the Dominion, consumes one-third of the alcoholic beverages, her share amounts to \$34,349,709.66. Let us say \$33,000,000.

In other words, Ontario's Annual Consumption of Alcoholic Beverages represents the cost of—

- 1st. Rifles, Machine Guns and Field Guns for an army of 690,523 men on active service for a period of 12 months.
- 2nd. Or Accoutrements, Camp Equipment, Harness and Saddlery, Transport Vehicles, Signalling and Telephone Equipment, Tools and Miscellaneous Requirements for 1,269,231 men at the front.
- 3rd. Or one year's Clothing and Necessaries for 330,000 men.
- 4th. Or Rations, Subsistence or Money Allowances for 226,027 "boys" on active service for one year.
- 5th. Or the Canadian Government's Separation Allowance for 117,773 dependents for the entire year of 1916.

The foregoing figures are based on the war estimates of the Department of Militia and Defence for 1916-17, as published on December 31st, 1915, in The Toronto Globe.

## Eliminate This Expenditure

The Citizens' Committee of One Hundred believes that as a war-time measure, if for no other reason, this colossal expenditure for alcoholic beverages in Ontario should be eliminated. The Committee also has every confidence that the Provincial Government will move in this important matter as rapidly as public opinion will support them.

The function of the Citizens' Committee of One Hundred is to organize, crystallize and give expression to the present state of public opinion on the question of prohibition. The Committee believes that it can demonstrate to the Government that Ontario is overwhelmingly in favor of prohibition. The people will shortly be given the opportunity of signing a petition for presentation to the Government.

The Citizens' Committee of One Hundred is the executive head of this big new prohibition movement. It represents the whole Province.

It numbers men of both political parties—men who welcome this chance to work for prohibition now that it has been taken out of politics—earnest men who are working together for the common good.

The public, and this includes those living in DRY municipalities, are urged to join hands with the Committee and insure the success of the movement. Doing so will show that you appreciate the benefits of prohibition in your own municipality and add great strength to the Committee's campaign.

If you live in a Local Option municipality your signature to the petition is just as urgently wanted as it would be if you were under license. Province-wide prohibition would not only confer a benefit on people living where Local Option does not prevail, but would also help to enforce the law in Local Option municipalities.

## Signs of the Times

### England

The sale of liquor has been curtailed to five and one-half hours per day. WHY?

### France

The French Government has prohibited the manufacture and sale of Absinthe, and provided heavy penalties for any person supplying any such liquor to soldiers. WHY?

### Russia

The most outstanding example in the world's history of the prohibition of the liquor traffic is Russia. Our ally has enacted absolute prohibition with incalculable results—both economic and moral. Vice and poverty have given way to happier homes and enormously increased savings accounts. WHY?

### Germany

On February 17th, 1915, the General Com-mander issued a proclamation that any saloonkeeper serving alcoholic drinks to any soldier would be sentenced to one year's imprisonment, and his business closed up. WHY?

### United States

Seven more States voted "yes" on December 30th for State-wide prohibition of the manufacture and sale of liquor. WHY?

### Canada

Prince Edward Island is dry.

Nova Scotia is all under prohibition except the city of Halifax.

New Brunswick has prohibition in ten out of fifteen counties and in two of its three cities.

Quebec has 500 dry municipalities, and only 257 wet.

Manitoba will vote on prohibition this year.

Saskatchewan — Every bar was closed on June 30th last.

Alberta — Declared for prohibition on July 21st last by 55,200 votes, as against 31,500.

British Columbia — The Government is pledged to take a plebiscite.

### Ontario

573 municipalities are now dry and there are 274 in process of becoming so. This counts as dry 15 municipalities voted dry on January 2nd. During the past five years only a single municipality in Ontario has gone back from prohibition to license.

Local prohibition has proved an immense success. You are asked to join with the Committee of One Hundred in the demand for a Province-wide prohibition of the traffic.
