# How They Help

Four years ago I had such pains in my back that I could not work. The pains extended to my arms, sides and shoulders. I used many kinds of medicine for over a year, none of which did me very much good. I read about Gin Pills and sent for a sample and used them, and found the pains were leaving me and that I was feeling better. So I bought one box and before I used them all, the pains were almost gone and I could keep at work. After I had taken six other boxes of Gin Pills, I felt as well and strong as I did at the age of 30. I am a farmer, now 61 years old." FRANK LEALAND.

All druggists sell Gin Pills at 60c. a box, or six boxes for \$2.50. Sample free if you write to National Drug & Chemical Co. of Canada Limited, Toronto.
