fie Railway. Tickets are on sale each ton Hoy. Mr L. B. Nicholson read Hearing is believing! HAT is the one proof—the final test of the qualities of a musical instrument. And measured by that test, the Columbia Grafonola superbly proves its right to the title of "The One Incomparable Instrument of Music." TO HEAR it is to feel the thrill of absolute reality. Its tone is so pure, crystal-clear, and flawlessly true to life that it well-nigh makes the hearer forget the presence of an instrument. TO HEAR it play a delicate, airy bit of chamber-music, then a tremendous orchestral symphony, is to gain a new conception of its marvelous range and power. No detail or shading of a theme is lost, and the peculiar tones of all instruments are returned with the musical values unaltered. TO HEAR it with critical appreciation of its musical possibilities is truly to feel convinced that art and science could hardly go further in the reproduction of musical "Hearing is Believing." Put the Columbia Grafonola to the final test today. There is a Columbia dealer near you who will gladly arrange a demonstration.
