The little wayside village of Angus has been converted over night from a sleepy hollow to a place of hustle and bustle. It is now the one centre of attraction in this north country. People are crowding in from the cities and towns. Real estate is jumping in value, prices never heard of before, even in the palmiest days of the hamlet, being paid for corner lots. Sales are reported to have taken place with great rapidity, one property alone being said to have changed hands four times during the past week. New stores are opening daily, those behind being prepared to wait for a few weeks. The reason for all this is that Angus is the nearest railway point to Camp Borden, the new military camp for the Canadian militia.—Collingwood Bulletin.

### Saugeen W. M. S. Meeting

The second annual meeting of the Saugeen Presbytery of the W. M. S. was held in the Presbyterian Church, Holstein, when a large number of delegates from the different societies in the Presbytery were present. The reports showed the amount of \$1,727.42 had been raised for missions during the past year, a gain over \$300. The aim of the Presbytery for the next year is \$400.

Rev. A. E. Armstrong, assistant secretary of the Board of Foreign Missions of Toronto, gave a very interesting address on the different mission fields in the afternoon and about our duty to Missions in the evening. Rev. Dr. Marsh conveyed the greetings to the Presbytery and eulogized the women for their Missionary work. Miss H. Brown, Holstein, sang "Crossing the Bar" very effectively and the choir in the evening rendered much help to the program.

Miss Stevenson the efficient Mission Band Secretary gave an admirable report of the various Mission Bands of the Presbytery. A great work is certainly being done amongst the young by this aggressive organization. Knox Church, Harrison is the leader in amount contributed and in numbers also, Holstein standing third.

Mrs. Duff Morrison of Mt. Forest gave a fine appreciation of the late Mrs. Young mother of the mother so to speak of the Saugeen Anxillaries also of Mrs. Marsh, a worker and friend of all young people. She had been looking forward to that day in Holstein with keen expectation but the Providence of God ruled otherwise and there is left to her sisters of the Society as an inspiration, the memory of an earnest and devoted soul.

Mrs. Rev. Whaley in her "closing words" spoke most interestingly on lessons to be learnt from the war and from recruiting. The Holstein Mission Band with Miss Mildred Rogers, the President holding aloft a flag, "The World for Christ" on it as a motto, gave a fine dialogue and chorus.

Mrs. Ibbott, Holstein, in a warmly and kindly fraternal spirit, conveyed the greetings of the sister Methodist Society.

The ladies of Holstein supplied abundant and excellent refreshments for both dinner and tea and were unweary in their efforts to make every one feel at home.

While the exercises of the day were profitable and interesting and a no way inferior to past gatherings, there was at times a feeling of subdued sadness pervading the assembly arising from the recent bereavement of Rev. Dr. Marsh whose wife was a warm friend and helper of the Presbytery and of every good cause. This feeling was intensified by the anxiety in Dr. Marsh's home caused by an operation on his daughter during that day, the cause being appendicitis. Sincere sympathy was extended to the worthy pastor.

Next meeting of the Presbytery is to be in Mt. Forest.

The following officers were elected:—Hon. Presidents, Mrs. Morrison and Mrs. Paulin; Mt. Forest; Mrs. M. Marsh; Vice Presidents—Mrs. Hostetter (Holstein), Mrs. Whaley (Durham), Mrs. Ridd (Arthur) and Mrs. Buchanan (Drayton); Secretary—Mrs. John K. Scott, Clifford; Treas.—Mrs. J. Meiklejohn, Harrison; Messengers—Miss Thoye, Palmerston; Home Helpers—Mrs. Morrison, Arthur; Mission Band Secy, Miss Stevenson, Holstein.

—Trees in the fruit districts of Ontario are bearing a full load of blossoms and prospects are good for a big crop.

—The leaders in the Production and Thrift campaign are urging that women and girls should make renewed efforts this year to increase profits from the dairy and poultry industries. With the application of intelligence, attention and sympathy, the care of poultry becomes a pastime. A little more attention would double production; in hospitals and camps the use of eggs is ever on the increase.

—Literature received at this office indicates that more and more money is needed for Red Cross undertakings. They are doing a tremendous work and every one should devise liberal things.

Your favorite dish, as you like it, may be enjoyed at reasonable cost, amidst ideal surroundings, while travelling on the Canadian Pacific.

Mr. J. W. Hunt, an old Bend boy, now of Holstein, where he has a cement factory and makes tile of all sizes, during the last two seasons has built cement bridges and recently invented a machine for making cement bricks. He is a hustler and deserves success.

The Lionhead News has decided in future to print, write and pronounce the name "Lionhead" following the lead of the Geographic Board of Canada, who so term it. The editor says: "We reside in Lionhead. For several years we have lived in Lion's Head, Lyonhead, Lyon's Head, Lyons Head or some such place."

### Beautyify Holstein

"A Thing of Beauty is a Joy Forever."

At a meeting held a short time ago the following suggestions on how to make Holstein more beautiful were given:

To plant trees on the streets and fill up places where trees had never been or had dried out.

Appoint someone to keep weeds down and to ring curlew.

Ask the persons who are responsible for the animals running at large spoiling lawns and making things generally unpleasant, to keep these animals fenced in.

To paint the hydro poles green.

To keep lawns and boulevards clipped.

To plant flowers in the park as well as at home.

To ask the G. T. R. to light up their station and yard.

To have the school bell rung Sunday morning for church.

And most important of all, not to beery Holstein, speak good of another and of Holstein.

The average age of the Bruce Battalion is 25 and the percentage of farmers is 23.

The vote on the Hydro-Electric by-law in Arthur stood 210 for and 6 against.

HIGHER SUBSCRIPTIONS INEVITABLE—The newspaper publishers of county after county throughout the province are finding it necessary, in order to avoid serious loss, to increase their subscription rate from \$1.00 to \$1.50. All the newspapers in at least ten counties have taken this action during the week. In most cases the first of July has been fixed for the date when the new rate is to come into effect. As proof of the absolute need for the increased rate it is only necessary to quote the increased price on stock and material used in a printing office which the Free Press has been forced to pay the past week. On a shipment of our special newspaper the invoice shows an increase of 20 per cent over a shipment of six weeks ago. The ink manufacturers increased the price on an invoice of ink over 100 per cent above last order. On new type the advance is 40 per cent, while for new form rollers put on last week we paid \$2.00 whereas the previous lot cost only \$1.20. The new subscription rate is assuredly no hold-up any more than it is by the grocers on the increased prices of sugar, spices and fruits or the dry goods men on present quotations for cottons and dry goods, and the butchers and farmers for meats, butter and eggs.—Action Free Press.

### IN MEMORIAM

In loving memory of John E. Wells who died May 19, 1915.

I often sit and think of him,  
When I am all alone,  
His memory is the only thing  
That I can call my own.

Like ivy on a withered oak,  
When other things decay  
My love for him will still keep green  
And never fade away.

When days are dark and friends are few,  
Dear John, how I do long for you;  
God loved you best  
And took you with Him home to rest.

—Wife and children
