

PRICEVILLE AND VICINITY

OLDER BUT STRONGER

To be healthy at seventy, prepare at fifty. Is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

Why Suffer from Heat in the City when you can cool off on the Great Lakes?

Take the Canadian Pacific Steamship Express from Toronto any Tuesday, Thursday or Saturday at 2.30 p.m. for Port McNicoll, where direct connection is made with either the "Assiniboia" or "Kewatin" for Sault Ste. Marie, Port Arthur and Fort William.

A Detroit drunk will his body to the state that it might show the effects of alcohol on the human system. He also willed his landlady \$500 for the inconvenience caused her and then turned on the gas. The man was a philosopher and put to a good use his worthless carcass.

PRICEVILLE AND LIMITS

The weather took a decided change and on Sunday last instead of people pasting with the heat a few days ago some were seen with light overcoats going to church last Sunday, and ladies wearing white dresses made us feel kind of cool, but then ladies are different to their opposite sex—they do not heed the change in the atmosphere, while it is in season to wear the garments intended therefor, just like keeping up with the Jones, they wear garments suitable for the season. So must they. It is now nearing the middle of August and possibly the intense heat is over, although we may get some hot days yet in the middle of September.

Great call from the West for harvesters. Who will go? We had a letter from there asking us to send some harvesters if possible. \$12.00 no object in the way, its only \$12.00 fare to Winnipeg, so anyone who is at liberty to go, would do well, as a few days' work would pay their fare.
