The Better Thing

Edgar A. Guest
It is better to lose with a conscience clean Than to win by a trick unfair;

Who wins by trick can take the prize And at first may think it sweet, But many a day in the future lies When he'd wish he had met defeat.

And walk with his head up high, While his conqueror knows he must play the part Of a cheat and a living lie.

But save it is truly won You will hate the thing when the crowds are gone, For it stands a false deed done, And it's better you never should reach your goal Than ever success to buy At the price of knowing down in your soul That your glory is all a lie.
