WOMEN'S NERVES

Women, more than men, have excitable nerves, because tiring work and physical strain tax their more delicate nervous systems and bring premature age and chronic weakness—unless treated intelligently.

Drug-laden pills and alcoholic concoctions cannot build up a woman's strength, but the concentrated medicinal food properties in

SCOTT'S EMULSION

build strength from its very source and are helping thousands of women to gain control of their nerve power—overcome tiredness, nervousness, impatience and irritability. SCOTT'S is a liquid-food—free from drugs.

Reparation

The above word is in the mouths of the statesmen of all the Allied countries in regard to Germany's peace feelers. "Reparation to Belgium, France, Serbia, Poland, Rumania, reparation for brutal crimes by sea and land outside of civilized warfare, reparation for every woman outraged, every child bayoneted." Russia, France, Italy, Japan and Britain have all spoken, are all united—Prussian militarism must be destroyed. Lloyd George says: "The war will end when its object has been obtained. Under God it will never end until we achieve that object. Without reparation peace is impossible. All the outrages on land and sea cannot be liquidated by a few pious phrases."

Will Close Liquor Shops

REGINA.—Saskatchewan gave an overwhelming vote in favor of closing the Government liquor stores in the Province on the 31st of December. At 9 o'clock last night the vote stood: Towns—For abolition, 6,842; against, 634. Villages—For abolition, 4,871; against, 910. Hereafter people wanting liquor must import it from outside the Province.

When the bar was abolished in Saskatchewan the Government inaugurated a policy of maintaining liquor stores, or dispensaries, where liquor could be obtained in small quantities, and between the hours of 9 a. m. and 5 p. m. There were 23 of these.

Pte. Fred Torry writes Home, relating his Trip Across

Nov 23 1916

Dear Folks at Home.— Just a few lines to let you know that I am well and I hope that you are all the same. Well this is a fine country over here. I like it fine if I took time to write, I could write a book for I see so many things that are different to what you see at home. We left Amherst, N. S., on Monday 13th, at 12 o'clock on an one train of about 20 cars.

We were at Amherst about 5 weeks and had a jolly good time there and there was a very large crowd of the Town's people at the station to see us off. We arrived at Halifax about 9 a.m. and got on the boat about 10.30 that night, we left Halifax about 4 o'clock on 14 on the Olympic, a very large boat and one of the finest that sails across the pond. She sure was a beauty, a sign on deck, stated that four times around the deck was one mile. They made us wear life belts across so as to make things more safe.

I want you to thank the Durham people for that beautiful parcel, they did well for the Durham boys.

After five days sailing we arrived at the edge of the Mersey channel. I liked the trip fine and was a little dizzy only the first night.

My but it was a beautiful sight to see the pretty lights, miles at a time and the different signals all the way up the channel to "Knitting". Docks here are said to be about 20 miles long. It is a beautiful place, we were the first battalion off the boat and we saw some great sights. Our train seemed about a mile long, they travel faster here than in Canada. It is all darkness here at night, no lights, and there are six or seven airplanes above us all the time on guard. We are only 75 miles from the Somme front. You tell uncle George that I saw the shores of Ireland and Scotland and it was a pretty sight to see. Geo Lloyd was in this camp and just left the day before we got here. Good bye for this time.

A duet duet "Knitting" with Miss Wylie knitting and Miss Walker winding yarn as they sang, was realistic. The quartette sang "tenting to night" while some of the boys dressed as scouts took part in the tableau.

Miss Middlebro acted as accompanist. The receipts were \$13 55, and the school was prettily decorated with trees, flags, bunting etc, for the occasion. Mr John Firth made a good chairman and Mr Thos Allan made a neat address.
