The by-laws for the appointment of town officials was then proceeded with. E. Elvidge was re-appointed Assessor for seventh time at salary of \$75. His was the only application. H. R. Koch and Peter Ramage were the only applicants for Auditor's positions and both were appointed. Salary each \$10. Dr. Hutton was appointed Medical Officer of Health, Salary \$75.

Thos. Daniels, truant officer Geo. Ryan Jr., Pound keeper. Greatest interest was taken in the appointment of Constable which is also caretaker of Town Hall, Inspector of streets, Collector of taxes, etc. Two applications were in, one from the present efficient officer, Mr. Geo. Arrowsmith, the other from Mr. David Hopkins who officiated during Mr. Arrow's absence in the west. Mr. Hopkins tendered \$50 lower than Mr. Arrowsmith but the Council did not consider it and appointed Mr. A. at old salary on motion G. Kress, J. H. Adams.

The duties of this official were read out by the Reeve in such a profusion of fullness, that we are sure every citizen present thought it was worth every cent of \$1000! Our reporter ticked them off as they were read and he counted 43 more or less, causing one ratpayer to remark "Is that all?"

That heroes they will prove themselves we've not the slightest doubt; 'Gainst their cold steel, the Germans will soon turn to right-about. So, hurry up, Canadian boys, don't let us be too late, But join the push, and kill the Boese he; Success to '24-8.'

Corp. Geo. Reid relates his Trip to Scotland

Shorncliffe, Dec 4 1916.

Dear Mother and Father: I just got home from Scotland last night. I put in four days in Edinburgh, and the rest of my leave 'of six days' in London, and going and coming. I certainly was not disappointed in Edinburgh, as it is an old historical city, and therefore very interesting to me. Myself and chums visited most of the old places of interest among which were, Edinburgh Castle, Holyrood, Calton Hill, St. Giles Cathedral, the Law Courts, North Bridge, also the old time Abbey and burial places. At the Castle we were in Queen Marys bed room, where she gave birth to King James VI of Scotland and I of England, also the prison room, where Argyle was imprisoned and executed. We were also in the banquet hall where sentence of death was passed on the two young Douglas's. There are many very interesting things in and about the Castle that I have not time and space to explain. At the Palace 'Holyrood Palace' which dated away back to the earliest James of Scotland or probably farther, there are also very interesting things to be seen, among which are numerous very costly portrait paintings of the King and Queens of Scotland and other notables who had to do with history making in that country, also Mary Queen of Scots rooms, with her bed chamber with the same bed and hangings and decorations as she used. Then there were her husband's Lord Darnleys rooms, also supposed to be as they were in his time, and chairs etc that used to belong to King Charles I and II of Scotland. In the Palace is where Lord Darnley and his assistants killed Rizzio. Queen Mary's Private Secretary, and the blood clots are still to be seen in the old oak floor, they have a brass plate over the spot now. The old church in connection with the Palace is practically in ruins, the images are minus legs, arms and in some cases heads, just as old Oliver Cromwell left them and the roof has caved in since then, competing the ruin. The remains of several of old Scotland's kings are buried in vaults where the old church joins the palace. We were to the top of Sir Walter Scotts and also Nelsons monument, also were through Grass Market where they used to do public executing in the old days. I could go on and almost fill a book with what I saw and saw but it would probably not be of interest to you. We hired a cabin in London and were around to the principal places there, such as Buckingham Palace, etc, also was all through the Zoo in London.

It's pretty dreary to come to soldiering again. There is a draft of 60 men from our Battalion, leaving for France in the morning, so we know now we are not going over as a unit. Billy Milne is some where in France now. I missed this draft probably because I was on leave.

Well mother I have nothing to tell you excepting about my holiday this time so may as well soon ring off. You are very foolish to try and send anything over here to me, as I cannot say where I may be in a weeks time from now, of course the Army P. O. London will always find me. I always try to keep a few shillings as they call it here, so do not go hungry. Hope all are well at home and try and write when you can.

Your affectionate son, Corp. Geo. R. Reid No 252191 C Co 209 Batt. C. E. F. Army P. O. London, England.

MEDICALLY USEFUL—The eagerness for recruiting in the past with the convenience of some medical examiners, has cost a pretty penny when we are told that 8000 soldiers have been returned to Canada in a year, medically unfit. Transportation, feeding, equip. plus such a number is a useless drain on the private treasury at a time when public services of many kinds are clamoring for support.

STRAKER'S DINNER DATED—Hon. Dr. J. D. Jamieson of the Ontario Legislative Assembly has introduced a bill to amend the Public Health Act, which will eliminate the "Speaker's Dinner" which has been held every year since the Speaker's dinner was first introduced in 1892. The bill has been set on for a few days in committee and it is expected that it will pass in the near future.

ADVERTISE THE CHURCH—The Church of Christ is advertising present being taken up by the largest American church, the Rev. J. H. Jamieson would donate saved to the Red Cross Fund.

WHY DOES THE CANADIAN PATRIOTIC FUND REQUIRE SO MUCH MONEY?

This question is often asked, by persons and by municipal councils, when the matter of liberal giving to the Fund is brought before them. They are entitled to the most complete answer, for the Fund is the people's. They created it, and it is they who must maintain it.

Now for the reasons. There are 149,230 of them.

The Fund asks for so much money because Canada has given her men so lavishly to the Great Cause. Between 300,000 and 400,000 have volunteered. If their families need help, this Fund provides it. In October 53,693 families did need it. These families comprised 149,230 persons, nearly all either mothers, wives or children. Is it any wonder that so Great a Need requires so Great a Fund?

HOW GREAT IS THE NEED OF MONEY?

Table with 2 columns: Description and Amount. The sum expended in October, 1916, was \$891,814.00. The average payment to each family was 16.29. The average payment to each person was 5.73. The cost of administration was 15,464.00.

Pay special attention to the figures concerning cost of administration—including expense of campaigns for raising money. It is the ambition of the managers of the Fund to keep the cost of raising and disbursing it below that of any voluntary fund ever created in Canada. Their aim is to hand to the soldiers' families as nearly as possible one hundred cents for every dollar subscribed. They succeed in handing 99 cents. The sum received in October as interest on moneys in banks was \$11,500. Take this from the cost of administration. The remainder is \$4,000. And that, therefore, is all that had to be deducted from sums paid in.

That is to say, of every \$100 paid by generous givers, \$99.46 reached the families. Is not that economy which should give confidence to every subscriber?

Does the magnitude of the Fund, as well as its importance, begin to impress you, Mr. Citizen—who is being asked to subscribe \$100, or you, Gentlemen of the Municipal Council, who are being urged to vote \$100,000 for 1917? Does the REQUEST look as large as it did now that you know something more of the NEED?

Table with 2 columns: Description and Amount. Since the war began the people of Canada have subscribed to this Fund \$16,495,000. For 1917 they will be asked to give—and will give—12,500,000. Of this sum Ontario is being asked to guarantee—and will guarantee—at least—6,000,000.

This is one million more than in 1916, but every dollar will be required for Ontario's families. Not much chance for individuals or counties to economize by cutting down their contributions, is there? On the contrary, the giving must be on a scale more generous than ever. And why not? If we can't FIGHT, isn't it a Privilege rather than an Obligation to PAY?

ONE WORD MORE:

No man should ignore his personal responsibility towards the families of those who are fighting for him, simply because his Municipal Council is taxing him slightly for the same object. He owes these people far more. Perhaps he is too poor to pay more. If not, it is up to him to give a generous cheque to his local Patriotic Fund Committee, or mail it to
