OWNERS TOPICS

Will McArthur and Harry Hazard of Ceylon have signed up with the 248th Battalion.

A Detroit paper states that since the outbreak of the war, 27,000 stalwart young Canadians have found their way to that city.

Since dissolving partnership all accounts due the firm of Lenahan and McKeehan, must be settled at once to Geo McKeehan, at the store.

COMMENCED TRAINING.—Rector E. Hawkins of Trinity Church, left on Monday for London, where he will don his Majesty's uniform and enter training as a lieutenant. He will for some weeks yet return to Durham weekly to fill his pulpit at Sabbath services until a successor is secured.

Lieut. Yule of the 248th Battalion organist and choir leader of Division St. Presbyterian Church, Owen Sound will give a recital in the Presbyterian Church on Thursday evening March 8th at 8 o'clock, assisted by Miss Elsie Pickering, contralto soloist of Mount Forest, and other talent. Admission 25c. Proceeds for Red Cross work.

The Union S. S. No. 1 Egremont and Normanby box social will be held in the Orange hall, Varney, on Wednesday, March 7th. Admission 25c. Children 15c. Ladies with boxes free. Teams will be provided to bring any who wish to come from town. Good accommodation for horses. Proceeds all for Red Cross work. Owing to the military fair in Durham on Tuesday night this social was changed to Wednesday evening.

Letters reaching New York from England now bear pasters on their backs which read: "Don't forget! The safe arrival of this letter is due to the British navy." Join the Navy League. Pastors are white, with a heavy navy blue border and are 3 1/2 by 1 1/2 inches in size. In the upper left hand corner is reproduced in colors of the British man-of-war flag.

TWIN-CITY CHAMPION.—This is the proud title freely accorded J. A. Hunter by the Minneapolis press for his curling ability. In a competition that simmered down to 10 rinks that played for a cup not only did his team win out but the paper says "Hunter's individual success was the deciding factor." Well done Jim. Hold on to that cup.

Private Bob Cook, the Wellington County "outlaw," who was let out of the "coop" to join the forces, then deserted and joined another regiment and went overseas, appears to have been doing good work for his country, and has been recommended for the D. C. M. Bob was a fighter from the word go, but he will fight no more. In a recent battle his right hand was destroyed.

BUNESSAN BOX SOCIAL.—Last Wednesday evening was a real success for S. S. No. 1, Glenelg, when over \$160 was realized at their box social. Mr. George Binnie was chairman, Mr. J. A. Graham Durham, gave an address, Mr. Mistle and the Durham Baptist quartette supplied fine vocal music and Messrs John Gray, Jas Brown and McKeown bros. were "there" with instruments on violin and organ. D. McLean of town auctioned off the boxes and the banner one, a small barrel of flour, gaily decorated with sold three times, bringing \$30, \$4 and \$5—in all \$39 which is a new South Grey record.

The nursing profession is to have a new status in adding to its course, a study of massage. A new school has been opened at Whitby for the purpose and 28 qualified nurses will be in residence there. The course provides three months' training with examinations and if then satisfactory, they will be sent to some one of the military convalescent hospitals in Canada where they will work under supervision. At the end of the year if they have passed the necessary tests, each will get the government certificate as a graduate masseuse. The name of Miss Jessie Farquharson appears in the list of nurses who have gone.

WILL REMAIN.—Rev. Thomas Wilson, pastor of Knox Presbyterian Church Walkerton, declined a most tempting offer from the Williamsport, Pa., congregation with a salary twice as large as his present one, last week. Mr. Wilson says in accepting he would have to leave his country which he loves almost more than his church. The honor roll appeals to him. He wants to be here to welcome the boys back. Last year two of his children are at the front and he would not want them to find the Manse closed or strangers in their old home, so he will remain "Till the boys come back"—E. J.

Ptes John M. Derby of Bentinck and Walter Thompson of town, of the 147 batt., went across to France in a draft two weeks ago.

A Box Social will be held at Top-Cliff school on Friday evening, March 9th. Admission 15c and 10. Ladies bringing boxes free. Proceeds for Red Cross purposes. Good accommodation for horses.

AUTOGRAPH QUILT RESOLD.—The Mulock branch of Bentinck Red Cross Society at their box social three weeks ago, sold an autograph quilt, from which over \$75 had been realized for names inscribed, for \$27 to Mr. Thos. T. Mr. Torry retained it for a week or so, then generously returned it to the Society to be resold and this time Mr. Robt. Twanley secured the valued quilt for \$30. Thus over \$132 has been netted by the treasured keepsake—quite a strong rival financially to the proceeds of the box social.

THE END OF WARTON CEMENT MILL.—From now on, generation after generation, and perhaps until Gabriel blows his horn, men and women and children will gaze at the walls of the cement factory, for they were built for eternity. But the machinery has been sold, what probably cost hundreds of thousands, has gone for \$8,650 and the Echo understands that junk dealers were the buyers. What cost a million dollars will now be probably thrown upon the township of Keppel, as it is a safe inference that the Trust Company will wash their hands of the whole affair.—Warton Echo.

SOLD BOXES AT LATONA.—Walter Miller is getting practiced in exercising his vocal chords at box socials. He had a date on at Latona, away across the township of Bentinck, last Friday night and when he held up the decorated boxes the boys stood on their hind legs and bid like speculators in a Chicago wheat pit. The proceeds were \$108. Four of the big fat boxes brought \$26.25. The chairman for the program was John A. Graham, a former teacher in No. 6 Eld. and Sull. The teacher in this section is a Miss Welsh from Huron township. Walter professes to be some judge of singing and he recommends Miss Welsh as a regular bird in the warbling line.—Chesley Enterprise.

A Fairy Tale

Once upon a time away back in 1914, there was a struggle between the G's and the T's in which the G's came off 2nd best. The G's advocated "Votes for Women" but the T's said "no so, for then will the rich man with daughters divide his property to give them votes and so the poor man, richer in daughters than in land, would be injured." The G's in 1915 and 1916 renewed the struggle to convince the T's of their mistake and so in 1917 light began to dawn and on the 27th of February the obdurate T's agreed to give Votes to Women and the G's will join with them heartily to prove that their advocacy of the measure in 1914 was no "election dodge" as freely charged. The T's have learned two lessons well and there is more ahead.

248th Battalion Notes.

R. J. Alexander and G. H. Damm signed up for service with the 248th Battalion and were rejected on account of being physically unfit.

Percy McKechnie was accepted and will soon be wearing the uniform of the 2nd Greys.

We are glad to report Cecil Barber progressing very rapidly.

With Durham as headquarters, branch recruiting offices for the 248th battalion have been opened in Mt Forest and Holstein. Pte Mulcock is in charge at Mt Forest, assisted by Ptes Giles and Ervin while Pte Boyce is in charge at Holstein with Ptes McIlvride and McGowan as aides.

Lieut. Legarde visited the Recruiters in Mt Forest on Monday and Holstein on Wednesday.

Headquarters was asked if the name "1000 League" was suggested from the fact that it would take some men 1000 years to get their man. The answer was given in the negative, and the information advanced it stood for the fact that there was 1000 eligibles from which the "League" could pick his man.

The Lewis Machine Guns for the training and equipment of the 248th Machine Gun Section have arrived, and for the present they are on the road for exhibition purposes. The guns are of the latest and best patterns and everyone will have an opportunity of seeing them and having them fully explained at the "War Fair" being put up throughout the County by the 248th.

More recruits wanted. Everybody gets a square deal.

New Cement Board

Includes Three Durham Men

At the Annual Meeting of the National Portland Cement Co., in Toronto, on Wednesday, the following Directorate was appointed for 1917:

WM. CALDER
DR. JAMIESON, M. P. P.
GILBERT McKECHNIE
DR. COLVILLE, Orono
R. E. HAMILTON, Grand Valley
W. E. TOOKEY, Pergusa
SMITH, St Thomas

We hope the new Board, all capable men, will be the lucky boys to steer the National Portland Cement Company to complete success.

A Record Carnival

After arriving a few minutes before eight at the rink Friday night, and viewing the crowds wedding their way past the doors, there could be no doubt as to the financial success of the Red Cross Carnival. The country as well as the town was strongly represented, and a crowd of 800 was estimated thronged the rink, almost approaching the attendance at the famous Owen Sound and Chesley hockey games here six years ago.

A strong drawing card was the hockey match between two teams of local business men, dubbed "Professionals" and "Tradesmen."

To distinguish them, the former wore a rig-out of blue and white and the latter, red and white, and when Referee Jim McLeod started them at 8 sharp they were off in earnest. What they didn't know concerning the fine points of team work in hockey would perhaps fill a book, but whether they had ever previously handled a stick or not, there was no denying they were aggressive. The puck was severely punished, and made many flying trips up and down the ice. No casualties occurred, though several of the combatants rightly or wrongly served time. The first ended 1 to 0, for the professionals and when the second and final period was called, when the gladiators were "winded" in the smoke of battle had been cleared from the air, the count was even all 2-2. Though "on form" the blues had a shade on their opponents, each is yet confident they can trim the other fellows. Here's the battle array:

Dr. Grant goal Jos. Forth
Dr. Joyce point Ed McClocklin
C. Elvidge cover pt. F. Irwin
A. W. H. Luder cover Dr. Pickering
A. H. Jackson centre W. M. Goswar
J. H. Harding right W. W. Rath
E. A. Hay left W. Jos. Brown

At the latest report, the ladies have not yet reached a decision as to whether A. H. Jackson or Frank Irwin wore the cutest little bonnet.

With over 70 masqueraders on the ice the costumes were varied and many of them most attractive.

We have space only for the prize-winners and their character representation, to select whom the judges, Mrs. P. Gagnon, Miss J. Weir, Messrs J. Gagnon and Principal Macdonald, had a difficult task. Mr. Ed McClocklin kept things moving smoothly as director of events. None of the races were close and thus were somewhat lacking in interest.

Durham band was revived for the occasion and rendered some fine music during the evening. The total proceeds were about \$230.

The following were awarded prizes:

The Durham rink of curlers at Owen Sound bonspiel lost in the 2nd round and also in the consolation event to J. C. Telford, a former Durhamite, after winning in first round. McKay's rink of London won the trophy, beating Harold Moffat of Owen Sound well known here, in the finals.

Free War Fair.

Presentation to Recruits.

Tuesday evening next, 9th of March a variety of functions will take place in our Town Hall, that ought to draw a full house.

First is the exhibition of war trophies and a demonstration of their uses (to be seen in afternoon also) by Lieut. Trivet, of the headquarters staff, who is direct from France. He will also give an illustrated lecture on Trench warfare.

Then the local recruiting society will present wrist watches to the ten or a dozen new recruits of the 248th Grey Battalion from the district. A brief program will round out the evening. The band that played so well at the carnival, will be present, and altogether there won't be a dull minute.

The trophies include fragments of bombs, trench mortars, Shrapnel Helms, Rifle Grenades, Machine Guns, Gas Masks, Rifles, Prussian Helmets, flags, bayonets, Dum Dum bullets, Whiz bangs.

No admission fee, afternoon or evening. All free.

As we go to press we learn of the death of Mr. Noble Wilson of Boothville who passed away Tuesday morning.

Our mailing list has been corrected for all renewals that reached us before Feb. 27th last. A look at your label will determine your position, always remembering the figure after the month is the year, not the day of the month. Too many still show dates in arrears and we ask these to favor us with a remittance at once.

Gone to France.

Frank MacKay, Ray Fluker W. McGirr.

The above three Durham boys form part of a draft of 50 men from the 147th Battalion that left for France on 7th February. More are to follow soon and thus from now onward local interest will be deepened as they enter the field of actual warfare. Prayers for their safety will be accompanied by hopes for their safe return.

The letter below was received this week from Chap. H. Mallowney and its sincere tone and kindly interest is very gratifying to Mr. and Mrs. Geo. MacKay and will be to all who have boys under his care. It is as follows:

Shoreham Camp
7th Feb. 1917.

Dear Mr. MacKay,
Your boy Frank left this morning in a draft of 50 men for France. I met with them last night and gave them a gospel message, also a parting prayer for themselves and for their loved ones who are at home. I also wrote him a letter this morning to see them off. They all seemed well and happy dear lads. It speaks well for both you and your boy that he should voluntarily ask me to notify you that he had gone into the real business. May God spare him in my earnest prayer and bring him safely home soon. If there is anything I can do let me know. If I hear of anything important about him I shall inform you.

I remain, yours sincerely
H. S. Mallowney, Capt and Chap
