HOLSTEIN LEADER

Egremont S. S. Ass'n Meets

The 19th annual meeting of Egremont Sunday School Association was held in Yeovil Church last Wednesday. In the midst of days of severe thunderstorms we were favored with good weather—consequently the Sunday Schools of the township were fairly well represented and all appeared to thoroughly enjoy the sessions. The devotional exercises were conducted by the Rev. Mr. Smith of Dromore, the address of welcome given by the President, Mr. J. Sinclair, the reports of the schools and last years Convention by the Sec. Treas., Mr. J. Stevenson.

A fine address attentively listened to, was given by Mr. John Taylor of Hanover on "The work of the S. S. Association." He advised the formation of the organized class and gave it as his opinion that we have advanced in our religious and moral life, though not to such an extent as in that of science and art. Rev. P. K. Dayfoot of Toronto gave a splendid address on "Efficiency in the Sabbath School." He cited instances of inefficiency and their consequent discharge in military life and in statesmanship during the present war. A school is inefficient if they have not all the boys in the neighborhood, "every single one of them." The S. S. should be comfortable, cheerful and convenient. Improvements are noted in all mundane and material things in forty years but the same old building of a church. There are 6 requisites: 1. Scholars; 2. Staff; 3. Building; 4. Equipment; 5. Vision of the work; 6. Financial plan.

A very enthusiastic discussion on "How to secure regular attendance at S. S." was of great interest. Rev. Mr. Dayfoot, Rev. Ford, Hopeville, Mr. Taylor, Mr. J. M. Findlay, Mr. Robt. Renwick and Rev. Mr. Smith took part and the general opinion held along this line with other things being equal.

In the evening, the feature was Rev. Dayfoot's address, "The School the Home, the community". Our duty in this regard is one of the great factors for the building up of the nation. He mentioned the next Convention to be held in Tokio, Japan, as one of the greatest steps and events in history since Pentecost.

Japanese ambition was commented upon in their endeavor to learn our language and manners. Rev. Dayfoot also gave answers to some of his questions on S. S. problems.

The choir gave a selection "Working, Watching, Praying", and Mr. J. A. Graham, Durham, called upon, gave an address of his experience in S. S. work. Out of every 4, who went to the war were 8 S. S. pupils, while the scrappers who absented themselves are at home yet. A church without a good live S. S. is dead.

In all, a profitable and enjoyable time was spent and many went home more enthused over the great and noble work. Next year the Convention is to be held in the Holstein Methodist Church. The officers are Pres.—L. B. Nicholson; Vice-Pres.—J. R. Philip; Secy-Treas.—J. Stevenson.

Jas. Renwick—An Appreciation

Our correspondence columns this week will record the death of James Renwick, Egremont, at the venerable age of 89 years. The editor of this paper first met him over 40 years ago and the respect and regard for him that was then called forth, deepened with the years and impels us to pay a passing tribute to his memory. In the '70s of last century, he threw himself into temperance work at a time when such work was not as strongly supported by public opinion as now, and not a few there are who will yet remember the kindly interest and encouragement he gave to the young that gathered weekly with him in the Good Templar's lodge, at a formative period of their lives. Later he took up with Sunday School work and no doubt left pleasant memories in that line. He was honored and respected in the community, he was honored in his family, he was honored with length of days. He has gone to his reward, he rests from his labors, but his memory is an inspiration.

The Late James Renwick

By our N. Egremont correspondent On Sunday morning last Mr. Jas. Renwick passed away at the age of 88 years and 8 months, enjoying all that time a wonderful healthy life. A sturdy blacksmith by trade work in the early 60's in Durham, for many years at Dromore, and later at Yeovil. About 14 years ago he moved on to his farm at what is known as Sackett's Corners in the 17th con. While here he established a Sabbath school in a vacant store adjoining, conducting this as its Supt. for nearly 12 years. In his earlier days while at Dromore he was a pillar of strength in the local Temperance Society and known as the I. O. G. T., occupying the position of Chief for many years. He identified himself thus with the young people of that time though threats were often expressed by the roughs of that day to break up the Society. The deceased seeing and knowing its value was equally determined they should not and succeeded admirably as above stated. A splendid workman, the writer has still in his possession the "stale" of a sun dial made by him, remarkably true and correct in outline. He was as well skilful in treatment of sick horses and colts and could boast he never lost one of the latter.

The services at the house and grave on Monday were conducted by Rev. B. M. Smith while Mr. Colin McMillan was undertaker. The funeral was largely attended. The pall bearers were John and Alex Ferguson, Sam McMurdo, T. Atcheson, Geo. Lane

NORTH EGREMONT

Mr. W. H. Hunter recently sold his car load of cattle last week taking them to Toronto himself and "striking" fortunately a good market, which easily made a difference of between two and three hundred dollars on the total value.

Mr. J. M. Lawrence is this week putting a new roof on his barn.

Mr. Geo. Smith of the town is often seen around here, and giving free instruction in the act of driving autos to any one who may just watch out for another one or two being added. He has secured the Agency for the 16 and 17th con in addition to his already large field.

The entrance examination class held in S S No 13 near Dromore was attended by 22 bright cheerful scholars, seven boys and fifteen girls. The presiding examiner, Mr. John Graham won golden opinions from them for his urbanity and kindly counsel. The returns were expressed to headquarters the same evening, a fine example of punctuality.

By some delay through the P. O. the promotion examination papers did not arrive until the evening of the first day.

ORCHARD

Mr. W. L. Falkingham preached his farewell sermon on Sunday. Mr. Lovegrove will preach the following Sunday service at 7 30 p. m.

Mr. and Mrs. W. Pinder spent Saturday and Sunday with friends at Edge Hill.

Mrs. — of Hespeler is visiting her brother Mr. Wm. Deakson.

Misses Liza and Verna Kirby attended Letter Breen Church Sunday.

The Ford is Economical

THE average man can easily afford a Ford car. It is the most inexpensive car to drive.

20 to 25 miles on a gallon of gasoline is an every-day occurrence. 33 miles is frequently reported by Ford owners. Yearly repair expenses of less than one dollar are not unusual. The car is light in weight, and tires give more mileage on a Ford than on any other car.

You can buy a Ford for yourself and one for your wife for the price of one car at \$1000. You can run both Fords at about the same expense as for one larger, heavier car.

You can always sell a "used" Ford at a good price. You have to accept a big reduction for a "used" larger car.

Go and take a ride in the 917 model. See how comfortable it is. And stylish, too—stream line effect, tapered hood, crown fenders, beautiful finish. You need one for business. Your wife and children need one for pleasure and health.
