Big Reductions in Millinery at Misses TRUAX'S Millinery Parlor.

Ptes. Hawkes and Wm. McAlister, so long missing, appeared in last week's casualties as "presumed to have died."

Lost—Stray from John Backus' farm on Saturday night, a bay horse, light driver. Finder will receive reward. Call, or phone J. LEVINE, No. 59, Durham.

Operations were performed last Saturday on 18 children and several grown folks for removal of the tonsils and adenoids, by Dr. Clark, a specialist of Toronto assisted by Dr. D. B. Jamieson. As far as we have learned, all came through it satisfactorily.

A Fisherton Business man took a trip to Guelph on Sunday. Between Durham and Mt. Forest he ran into an overloaded road and stalled the car in eight or ten inches of water. He had to take off his boots and socks and roll up his pants and wade out to do the crank act. Just at that moment he probably wished he had a Chevrolet.—Advance.

Mr. Edward Ramage, shipbuilder, Toronto, who has on several occasions visited his cousins here in Egremont, was appointed recently at Ottawa to the important post of "Inspector of Steel Ship-building Construction." His duty takes him to Welland, Collingwood, Port McNichol, Sault Ste Marie, Port Arthur and Kingston, and carries with it the nice salary of \$225 monthly and all expenses paid.

V. ELVIDGE INJURED.—In a letter from Chas. C. Ramage in France, he states "Vernon Elvidge is at present in one of the Convalescent Camps near by—not wounded, but badly cut by barb wire somewhere near the front line. He is almost better and will soon be marked active with a big 'A' after which he will return to his unit." Vernon was cut up on July 2, but did not appear in casualty list. This letter above was written July 9th, a week later.

The merchants of Hanover are showing a progressive spirit and stimulating summer trade by putting on extensive sales, and in last week's Post the three leading merchants there each used page adverts, to boost business. It will no doubt keep things lively and counteract to a large extent the trade going to Toronto departmental stores. What steps are Durham merchants taking along the same line? No better move could be made than to take a leaf out of the book of Toronto and Hanover stores who realize the benefit of extensive and judicious advertising, and make a liberal use of the advtg. columns of the REVIEW.

A very impressive memorial service in honor of the late Pte Campbell Clark was held on Sunday morning in his home church, Burns, at Rocky Saugeen. The church was crowded, many from a distance being present. Rev. T. W. Mills, the pastor, delivered an excellent memorial sermon from Matt 10: 39: "He that findeth his life shall lose it: and he that loseth his life for my sake shall find it." Campbell was a well-known Bentinck boy, who answered his country's call by enlisting with the 147th battalion. He was first reported missing, then killed in action, and was the first of the old 147th from this locality, to pay the great sacrifice.

WHERE THE TEACHERS GO.—Many of the Normalities and other teachers have secured schools or changed around for the ensuing year. Miss Zell Crawford commences at her old home school at Aberdeen, Miss Mary Findlay, Dromore, starts at No. 10, Egremont, Miss Edith Edge, Edge Hill, at Allan's school, Egremont, and Miss Florence Kerr Varney, at No. 9 Egremont. Miss Sadie McDonald changes from Edge Hill to the Junior room of Priceville school, while Miss Smith of Kingston takes the Senior. Miss Agnes Ramagx goes to Decewsville, near Cayuga, close to Lake Erie, and Miss Blanche Reid to Riverview, Proton tp. Miss Hageron of Paisley, is the new mistress at Hampden school.

The Hunter, Pickering and Jackson families picnicked at the Rocky dam on Monday.

TO RENT.—At reasonable rate, rear part of double dwelling house on main street, Upper Town, containing six fine rooms. Possession given at once. Apply to Wm. Beck, Durham.

THE CEMENT WHISTLE.—Mr Henry Simpson informs us he has orders to operate the Cement whistle once more. This implies of course renewed activity at the big industry, which will be in full running trim before many days pass by. The present management had no light task to clean up and re-arrange the plant for the new system. That they have succeeded so well under great difficulties is matter for gratulation, and we hope that at last the N. P. C. Co. is entering on its most successful year.

The Town Hall last night was filled to about three-quarters capacity, when several different kinds of films were shown on the screen. The main film, "The Advance of the Tanks at Courcellette" was good, and showed how the place was taken, guns and howitzers of every kind and calibre, men and the "tanks" being used in its capture. Other scenes of war life were also shown, amongst them the burial of Major "Tod" Knight, known to many Durhams, and who killed some months ago. The other films were "The Squawman" and "From jungle to trouble," the latter a real comic.

What might have been a much more serious accident, befell Mrs M Kress on Wednesday afternoon. Hearing a rap at a door downstairs, while sleeping, she quickly jumped up, still drowsy, and coming to the stairs before realizing it, missed her footing and fell headlong down. She was badly stunned, but called for help, which was shortly forthcoming and she was carried upstairs. On Mr Kress and the doctor being procured, all were relieved when it was found no bones were broken, although some sinews of the back were strained. We trust no permanent injury may result, and that she soon will be around again.

LOWER SCHOOL RESULTS
Durham School makes a Good Showing

Saturday's papers contained the names of the successful students at above examination. Durham has a creditable record and we offer congratulation to teachers and pupils. We sympathize with those who failed, but "up and at it again" must be their motto. Following is the list as furnished us:

Jessie Clark, Annie Graham, Jemima Lawrence, Edith Hughes, Myrtle Koch, Isabelle Marshall, Stella McCrae, Edith McKenzie, Wilhemina McCuaig, Annie Morrison (Arith), Elsie McLean (Arith), Eva Redford (Arith), Harold Sharpe, Alice Stewart.

In addition, the following obtained Lower School Certificates by passing a special examination (approved by the Educational Dep't) at Easter for "Farm employment" for three months:

Hugh Findlay, Janet Kerr, Katie Kerr, Annie Knox, Marion Marshall, Lavina Mortley, Elizabeth Murdick, Gertie McCuaig, Harold Ramage, Eldon Runciman.

Durham's record is 11 out of 15 with three others to write off Arithmetic again only. This is a much better proportion than the average of the province and of neighboring High Schools. Chesley has 3 out of 11, Markdale 3 out of 7.

Alliance Sermons

Rev Ben H Spence, on behalf of the Ontario Branch of the Dominion Alliance spoke morning and evening in the Pres Church, Sunday. He told how 2400 churches in Ontario opened their pulpits to temperance pro;aganda. In the morning he traced the growth of temperance sentiment before and since war time, dealing chiefly with Canada in which every province but Quebec had prohibition, and even there only 99 municipalities out of 1100 were under license:

He warned against two mistakes, first, by liquor men that after the war all would be as before, as shown by a card in one liquor store "Have patience boys, it will all come back." The other mistake was in temperance people thinking the victory was now completed.

In the evening he dealt with the necessity of Dominion Legislation to fully cope with the devices of the "trade," and incidentally brought in the stupidity of the censor in forbidding the circulation of such a pamphlet as "The Fiddlers." A fairly generous contribution was made to the funds of the Alliance, which is doing a great work.

J. A. Hunter in War Work

The activities of our old townsman must find vent in some way. The ice is not good for curling or winning trophies, just now but what does he do, as seen in recent issues of a Minneapolis paper, but get up a motion picture tournament and handling it himself. He secured "The Battle of the Somme" films, brought a Highland Cadet Band of pipers from Winnipeg and a returned major just back from the front, spent some hundreds of dollars advertising in the local papers and then put on the show in a hall, holding 2400 people, which was filled every one of four nights taking in \$8,000, all of which goes to the N. W. Relief fund. Last winter he got \$1500 in one night by similar enterprise. It is refreshing to find "Jim" doing his bit so handsomely for his native and adopted country. We wish him God-speed. There are 60,000 Canadian born in Minnesota and they expect 2500 young men out of that population as recruits.

BADGES FOR THE BOYS

20,000 Of Them Aiding Production on Farms

Thursday night last week an interesting function was carried out to an audience miserably small. The Garden Party at Dornoch and other outside functions as well as defective advertising was to blame for the small attendance.

Mr. Geddes, representing the National Resources Commission appointed by the Ontario Government, had the meeting in charge. Mr. Irwin, in the absence of the Mayor, was chairman and a number of patriotic and musical selections were given by local artists.

The idea of the meeting was to recognize and acknowledge appreciation of the work of the 20,000 boys of 'teen age in the province, who, the speaker affirms, are this year helping out production on farms as a means of "doing their bit." Mr. Geddes is a returned soldier, and being a fluent speaker, gave a graphic account of some war experiences in the trenches and on the battlefield. He gave a clear impression of what shortage of food meant for Britain, Belgium and France and said it was necessary, even for Canada, to have a strong boys' work program in every community. He cried shame on an Ontario town he knew, that had a reputation of never having sent a man to the front.

With a large chart, displayed on platform, of the "Canadian Standard Efficiency Test," founded on the four-fold development of our Saviour — "And Jesus increased (1) in Wisdom, (2) in stature, (3) in favour with God; and (4) of man, he had much good advice to offer. The four-fold increase as noted in our Saviour's life was (1) Intellectual, (2) Physical, (3) Religious, (4) Then that's all that's necessary to show we have the right Goods at the right Prices

Dr. Jamieson, M. P. P. was then called on, and in a few appropriate words handed each of the boys present a Bronze pin, suitably inscribed and after singing the National Anthem, the meeting dispersed. Only five boys were present. A later meeting is to be held when School opens to give recognition to all others.
