There is more actual food value in ONE POUND OF PURITY FLOUR than there is in One Pound of Beef, One Pound of Potatoes and One Pound of Milk COMBINED.

The truly economical housewife must take advantage of this great strength in PURITY FLOUR over other food substances by serving more frequently the delicious bread and rolls, toothsome, dainty cakes and crisp, mouth-melting pastry which are among the possibilities of this perfectly milled product of the world-famous Western Canada wheat.
