A farmer claims to have found a
cure for potato beetles by ten year's
experience in Colorado. His plan is sim-
ple to plant one or two flax-seeds in each
of potatoes. He says the bug will, with
out exception, fight shy of the flax. It
might be worth trying next year.

CYCLOPS IN TORONTO.—While a ball
game was in progress at Toronto
land on Monday, and grandstand full
people, a terrific windstorm came along
and lifted a section of the roof clean
turning it over and depositing it on the
grounds outside. It was a miraculous
escape for thousands. Fearing more of
them ran out into the open preferring
dancing to danger. Boats on the bay at
trees, awnings, flag-poles, etc. on land
had a hard time of it.

NEW POST CARDS.—The Post Off
Department are issuing a post card

of Confederation. The card used is an

information in regard to the area, popu-
lation, general development, and indus-
try of the country since 1867. The depart-

carrying an engraved reproduction of
Harris' painting 'Fathers of Confederation'.
It is now ready.

GARDEN PARTY A SUCCESS.—South in
Bentick community, is to be congrat-
ulated on the success of their garden party
last Thursday evening. The night was
fine, though somewhat cool, and a gather-
ing of some hundreds filled Mr. Jas. M.
Ronald's grounds. A candy booth
refreshment booth, and several music
tables were liberally patronized by the
crowd. An excellent program was given
by Durham and local talent, but as
was somewhat late in being started, en-
closures were requested. Durham Presb-
byterian choir rendered three stirring
choruses, and Miss M. Hunter and Mr.
H. Harding a duet. Songs were given by
Allan Bell of town, Mr. Alex. Cooper,
Shelburne, James Park and Carl Brigham
of Allan Park, instrumental music by
Sharp and family. Dr. Jamieson, M.
P. P. who was in the chair and Dr. Meur
Hanover, both delivered addresses of
patriotic nature. Auctioneer Robt. Bir-
ham was called up to dispose of a fine
box of candy and before it was finally
sold, many others paid \$2.00 and \$1.00
for it, except John Grierson who got
\$5.00, and a little lad finally secured it
for 25c. The net proceeds of the evening
reached \$103, which will swell the Red
Cross funds.

places No. 9 as the banner rural
school in Egremont.

Won prizes at Ploughing Match

Mr Rich Ellis, of Avonlea, Bank
has been winning honors with the
plough and as he is an Egremont and
Holstein boy his many friends should
be proud of his prowess. Riehard was
always a good ploughman we are told
and his skill has not left him in the
West, even with new and large im-
plements. At a ploughing match at
Avonlea, he used a six-horse riding
plough and got several prizes: one for
the work itself, another, a special prize
of \$10.00 for the highest number of
points, he securing 96 1/2 out of 100,
also a Lumber Co's special of \$5
worth of shingles and a set of eye-
nails and neckyoke, valued at \$7.00 for
the best "strike out" or straightest land.
As a result of this clean up he secured
the sweepstakes and holds the cup in
the meantime, and if won three years
in succession, retains it for good. It
should be told that there were 14
competitors, so it was no walkover.
Good for Richard—"Speed the
Plough." Peace bath her victories
no less than war.

Tractor Display at the Exhibition Farm Power Equipment Men Lining Up to Show Their Wares

The greatest display of tractors and
other perfected mechanisms heralded as
the possible solution of the manless land
problem will be made at the Canadian
National Exhibition, and every known
device obtainable that has found favor
with the new era agriculturalist, who is
farming with brain and science rather
than muscle, will be there. The spirit of
the times has seized the big agricultural
machinery firms, and a number which
have not exhibited at Toronto for several
years have applied for space together with
a host of others new to the Canadian
field. Never before was so much space
devoted to agricultural machinery. Fol-
lowing the Exhibition there will be a
tractor display near Toronto in which 40
manufacturers of tractors and 24 plow
makers from all over the continent will
be represented. A special effort is being
made to induce these manufacturers to
display their gasoline horses at the Ex-
hibition. The majority have already
agreed to do so, and as a result the Ex-
hibition will have the greatest tractor and
farm power equipment display ever seen
in Canada.

On the train Subbubs got into con-
versation with a stranger, who remarked:
"I see you are putting up a good many
new buildings." "Yes," answered Sub-
bubs; "new buildings are the only kind
we put up."

One day recently an employee in a
saw-mill asked the overseer for a few
days holiday. Being short of help, the
overseer asked him if absence from work
was imperative. "Well," said the appli-
cant, "I'm going to be married, and I'd
like to be there."
