VARNEY ANNIVERSARY.—On Sunday 21 October, the annual anniversary services will be preached by Rev. W. N. Lovegrove, Holstein, at 11 a. m. and 7 p. m. Monday following, 22nd inst., dinner will be served in the Orange Hall from 6 to 8. After which a mixed program of addresses and music will be given. Mr W. Irwin in the chair. Admission 25c.

NEARLY 60 PER CENT PASS.—A total of 640 men have been examined by the Medical Board in Owen Sound up to Monday night, in connection with the Military Service Act, and of these 379 were graded Category "A," 65 B, 79 C, and 117 E. As this is the only medical board in the County, it is necessary for any one claiming exemption on medical grounds to report to Owen Sound. Quite a number of Durham's young men have already been up, and a carload or two goes every day. Most of the Durham boys were placed in Category A, though there are several Cs.

A WILD RUNAWAY.—Some excitement was started through town on Friday afternoon when Mr Thos. Lauder's fine team attached to a wagon, made a spirited dash half way through town along front street. He left them standing at his home at the northern limits while he went a minute or so, as he had often previously done, when for some unknown cause, they bolted south through upper town. In front of Jno. McAllister's vacant house, they ran into a tree, smashed the axle of the wagon, and left the hind wheels on the business section till in front of Hunter's hardware, they collided the tongue against a telephone pole, and were suddenly checked and sent sprawling. One of the horses had a fetlock badly injured, and it was very lame since, though Mr Lauder expects to have it well in time. Fortunately except for this, and the partially demolished wagon, no other mishap occurred. What might have happened had any pedestrian or rig impeded their mad flight can easily be imagined.

Sad Death of Thos. Allen

Apparently in the best of health, Mr Thos Allen of Varney was seized with an attack of appendicitis, combined with bowel trouble, which had been working on him for some time, on Wednesday last, and taken to Nurse Carmount's hospital here. An operation was performed Thursday night but his condition was not reassuring and a second operation was required on Sunday, performed by Dr. Groves of Fergus. The best of medical skill was however unavailing as he passed away about 5 a. m. Monday.

The deceased young man was born and brought up near Varney, but ten years ago left for the West. Much of his time was spent near Swift Current, but he was also at the coast and in the States. He had been both bartering and farming in the West, having taken up a homestead, but came home last November to be with his mother, and now deceased brother Max in his last illness here. He has spent the past year on the home farm at Varney, and a fine house he was erecting in nearing completion.

Tom was an energetic and public spirited young man, active in Sunday School work, and his passing in his prime at 31 years is a severe blow to his widowed mother at home, and absent brothers and sisters. His sister, Miss Jean, Toronto, arrived home Monday evening, and two from the West, Mrs. Arthur McCrie and Mrs. Nelson Eden, are en route home. Another sister, Mrs. James Gray in Sask., is not expected to come. One brother, James of Fort William, arrived on Wednesday previous to the funeral and his other surviving brother Richard, of Crichton, Sask., will arrive on Friday.

The funeral took place at 2 p. m. Wednesday at Maplewood Cemetery and was largely attended. Rev. Mr. Moyer and Mr. Falkingham, his pastor, conducting the service in Varney Church. We extend sympathy to the family and especially the lonely mother, in their sore bereavement.

Rev. Mr. Bell of Molesworth will next Sunday occupy the Presbyterian Church pulpit at both services.

The Presbyterian Y. P. S. will hold a Halloween social, on Monday, Oct. 29th. Games, Program, hallowe'en decorations, refreshments. Admission 25c. All cordially invited.

FARMS CHANGE HANDS.—Manager Cattan of the Furniture Co., has sold his farm two miles north of town to Mr. Alford Ashley of Aberdeen, the consideration being \$4000. Possession is given March 1st. Mr. Jas. Crutchley has also purchased Mr. James Ledingham's farm near Dornoch.

Lieut. Reg. C. Ferguson of Thornbury, an officer in the original 147th Greys has been awarded the Victoria Cross. Particulars of his gallant deed have not yet been received. He is Grey County's third V. C., the late Capt. Campbell of Normanby and Major Bishop of Owen Sound winning the decoration before him.

SUDDENLY CALLED.—Startling and painful was the word received last Friday by Mr. Christopher Firth's family, that the night previous, his son-in-law, Mr. S. Carothers, had died at his home in Toronto, after but ten minutes' illness, having just returned from lodge meeting. He was in his 55th year and, though usually healthy had with warning that his heart might collapse suddenly. Sympathy will go out to the widow in her second heavy bereavement, her first husband having died, equally suddenly, about seven years ago. Mrs. Carothers visited her parents here over Thanksgiving.

The Review \$1.50 per year after Nov. 17th, '17

In increasing the subscription price of THE REVIEW to \$1.50 per year, to take effect after November 17th next, we have taken a step that will occasion no surprise to our many, and esteemed readers. In fact, quite a number have commented that the price that at the \$1 rate, the subscription end of the newspaper has been a financial loss for many months past; even at the \$1.50 rate, \$1 rate supplied five years ago.

When THE REVIEW was established almost 40 years ago, the price was \$1.00. It has remained stationary from that time until the present, notwithstanding the fact, as everyone admits and realizes, that the cost of labor, foodstuffs, fuel, paper and all printing material, has increased anywhere from 50 to 400 per cent. since the century opened. No further explanation is necessary on this score.

Nor will any of our readers credit THE REVIEW with any undue haste in establishing the new rate. The majority of Ontario's weeklies established the \$1.50 rate one or two years ago; THE REVIEW has been held at \$1.00 as long as possible, until conditions absolutely force the new rate. Every newspaper in Bruce County and all but one or two in Grey, are already \$1.50, and practically every daily newspaper has increased its sub. price by \$1 per year during the past year or two.

\$1 per year accepted for all Arrears, or 1917 subs. up to Nov. 17th

This will give ample time for all subscribers to secure the present rate. Examine your label and if in arrears for 1917 or previous years, kindly call or remit same at once.

Special Offer of \$1.25 per year for all 1918 subs. if paid before Nov. 17

This applies to both renewals and new subscriptions. The subscriber who puts his label a year ahead within the next month reaps the benefit. After November 17th, the \$1.50 rate will be effective for all subscriptions. To the United States, the rate will be \$2.00 in advance.

The Teachers' Convention Hamilton to Owen Sound

The Annual assembling of South Grey teachers took place in Hanover on Thursday and Friday last and those qualified to judge say it was a success. A unique interest attached to this meeting, the first under the new Inspector, Mr. R. Wright, and the oneness of opinion is that he measures up well and where lacking in certain qualities possessed by the late Inspector Campbell the lack is such that time will improve. The lively interest he took in all subjects discussed was infectious and in due time will react on his teachers.

The hours of train connection are not good in Hanover, yet there was a large attendance, some think above the average, and judging by the keen interest taken in the discussions and in subscribing for Educational Journals—the largest list ever—professional enthusiasm is not fading, but the opposite, and the over 100 teachers present would go home better qualified to teach because they had mixed in it, compared notes and taken notes.

The officers for the coming year are as follows: President—Geo. H. Brown, Allan Park. Vice Pres.—Miss Hannah McKee, Hanover. Managing Committee—Messrs P. R. McNaughton, Markdale, J. S. Elliott, Dundalk, Misses Margaret McKenzie, Eliz. Scott, Victoria Aljoe, Durham. Auditors:—A. S. Morton, Thos. Allan.

Delegates to the O. E. A. at Easter 1918: John A. Graham, A. S. Morton. A very important report was made by the Resolutions Committee. The first was one of condolence and sincere sympathy to Mrs N. W. Campbell and family in their bereavement.

"Our Day," Oct. 18th

This week all Canada is making a point to contribute liberally to that noble institution, the British Red Cross. No organization is collecting in town but Mr. A. H. Jackson has kindly consented to receive and transmit any sums placed with him. The Town Council, we learn, is also to pass a grant. The cause is worthy and the need is great. Every minute of the day and night it costs \$30 to minister to the sick, wounded and dying of the allies. Let Canada help Britannia to carry the burden. See Mr. Jackson at once.

Two Mayors' Opinions

The Pioneer took a plebiscite last week on the result of a year's prohibition, sending a telegram to the Mayors of all towns. 71 replies were received from as many Mayors and all but two speak of progress under prohibition. Here are the published opinions of the Mayors of Hanover and of Durham:

Hanover—Drunkness almost unknown in Hanover under prohibition. Police court cases for drunkenness not one in ten compared with past years. Hotel accommodation is as good, if not better. No rowdiness, more homelife and more attention given to the dining-room. Business has improved. People spend their money now on home needs. There is no doubt about prohibition being better for business. Prohibition is one of the finest things that ever happened for the home. Our workmen are respectable, they are more dependable and more efficient in every way. Their families also are greatly benefited.

Durham—Prohibition is a success here. Only one police court case for violation of the Act. Not one indictable offence during the year. Just as good hotel accommodation as before prohibition. Business much improved. Morals of the town decidedly better. No one here wants to go back to license.
