

The Review \$1.50 per year after Nov. 17th, '17

In increasing the subscription price of THE REVIEW to \$1.50 per year, to take effect after November 17th next, we have taken a step that will occasion no surprise to our many, and esteemed readers. In fact, quite a number have commented that the price should naturally have been raised some time ago. It is no secret that at the \$1 rate, the subscription end of the newspaper has been a financial loss for many months past; even at the \$1.50 rate, there is not the revenue in these days of inflated prices, that the \$1 rate supplied five years ago.

When THE REVIEW was established almost 40 years ago, the price was \$1.00. It has remained stationary from that time until the present, notwithstanding the fact, as everyone admits and realizes, that the cost of labor, foodstuffs, fuel, paper and all printing material, has increased anywhere from 50 to 400 per cent. since the century opened. No further explanation is necessary on this score.

Nor will any of our readers credit THE REVIEW with any undue haste in establishing the new rate. The majority of Ontario's weeklies established the \$1.50 rate one or two years ago. THE REVIEW has been held at \$1.00 as long as possible, until conditions absolutely force the new rate. Every newspaper in Bruce County and all but one or two in Grey, are already \$1.50, and practically every daily newspaper has increased its sub. price by \$1 per year during the past year or two.

\$1 per year accepted for all Arrears, or 1917 subs. up to Nov. 17th

This will give ample time for all subscribers to secure the present rate. Examine your label and if in arrears for 1917 or previous years, kindly call or remit same at once.

Special Offer of \$1.25 per year for all 1918 subs. if paid before Nov. 17

This applies to both renewals and new subscriptions. The subscriber who puts his label a year ahead within the next month reaps the benefit. After November 17th, the \$1.50 rate will be effective for all subscriptions. To the United States, the rate will be \$2.00 in advance.

Can You Feed More Live Stock?

If so, you will be interested in Conditions under which Freight Charges will be paid for you on Car Lots

The Ontario Department of Agriculture is anxious that the splendid crops harvested this fall should be used to best advantage. In many cases this can be done by feeding a few more head of cattle or sheep for breeding purposes. The Department therefore calls attention to the announcement of the Federal Minister of Agriculture offering to pay freight shipments on car lots from Eastern Stock Yards to country points.

Please note these facts:

Individually or in cooperation with your neighbors you can purchase a carload of heifers or ewes or both combined and have them shipped from any eastern Stock Yards to your station without any cost for freight charges. You will be required to make a declaration that the stock is for breeding purposes only.

Any farmer or drover can purchase a carload of cattle for feeding purposes on the Winnipeg market and have them shipped to any country point in Ontario upon payment of only one half the usual freight charges.

Feeding at the Toronto Stock yards available at Reduced Rates and expert assistance is at disposal of farmers.

"Every effort should be made to bring the surplus stock of some sections to the surplus feed of others. All indications point to a steady demand for the meat supplies of this country for some time to come."—Sir William Hearst, Ontario Minister of Agriculture.

H. C. DUFF, Markdale District Representative for Grey

Must keep open for Night Train

The Dominion Railway Board, at its session in Toronto on Tuesday, heard the complaints of ratepayers of Egremont tp. relative to the service given by the G.T.R. The Board ordered that the railway keep the station at Holstein open for one night train, and heat it, until further investigation is made by the Board into the earnings derived from this point.

Amos Church Anniversary

Sunday and Monday last deep and warm interest centred in Dromore Presbyterian Church. It was anniversary time, and besides there was to be presented a former much-loved pastor, Rev. D. J. Campbell, B. A. of Brantford, who after about a dozen years' absence still holds a warm place in the hearts of the people.

Large congregations, morning and evening, assembled for worship and all agree that services were helpful, the gospel message being warmly presented to hearts as was natural, more than ordinarily recipient.

But the social evening on Monday passed all expectations and broke all records; the church was crowded, some coming from Holstein four auto loads from Durham, and some in buggies, while from the extremities of the congregational bounds they closed in on the centre for one-night's social fellowship. Pastor Smith, his good wife, and a corps of efficient workers made all welcome. The basement at times was congested as if a Zeppelin had chased them inside, but with rare patience and good humor all were supplied with good things: from a seemingly inexhaustible supply. When door-keepers T. Renwick and D. Drimble counted the proceeds it figured out to \$124.00.

Upstairs the eye was gratified by taste-ful decorations on pulpit and platform and a little after seven o'clock, the chairman called for order and announced a program of 19 numbers and asked Rev. Mr. Campbell to open with prayer. Before going on he reverently asked them before going for-ward to his own pleasure to consider the Honor Roll, and the names of those who by the absent ones. Tenderly then was sung hymn 480.

"Beside another landmark, 'We pilgrims meet again,' sobbed by the thought; 'We meet, but some are wanting, All loved ones are not here.'

Then came the chairman's address, with many compliments to Rev. Campbell and congratulations to the people for their hearty support. His topic was "The Church on earth and he set forth its glory, purpose, aims, etc., and said it should be the joy of life in everyone to have membership in it.

The musical program is hard to do justice to. Miss Rita Irwin accompanied admirably and solos were sung by Mrs. W. Buchanan, Mrs. Pink, by little Miss Gertrude Lawrence, by Mrs. B. Buchanan, "Let us have Peace," Mrs. Fink, "The Brighter Day," Gertrude's "Church in the Wildwood" and Mr. Bell's "From the Heart." He lifted me, "were specially delightful numbers, were uplifting, and the audience showed its appreciation by encores and hearty applause.

In a class by herself is Miss Annie Graham, the brilliant reciter, who is equally felicitous in numbers grave or gay. "The Inventor's Wife" and "The Burglar piece" were side-splitting, while patriotic fervor was aroused by "The Sentry at his post in Belgium."

Speakers were Mr. Wm. Irwin, Durham, who had come as a substitute for Mr. Jno. A. Graham, and was surprised to find the original present! He had congratulations and good wishes and recalled his first visit 20 years ago with the late Rev. Campbell. Mr. Thos. Allan, Principal of Durham High School, had enjoyed meeting many old pupils and friends. He had some pregnant advice on "How we may help our pastor," such as being punctual at Services, attending prayer meeting, taking interest in Sunday School, avoiding harsh criticism, by being frank and free with the minister and above all, give him financial encouragement, by salaries fitted for the times and paid promptly. Mr. C. Ramage had some thoughts on the value of "vision" in life as a means of accomplishment instead of a policy of drift, and as an old-timer indulged in some backward visions of the early days.

Mr. John A. Graham was glad to meet his old friends here, grown up since the days he taught in Boothville. In common with everyone he had compliments for the excellent spread and especially for the deft waiters. Hoped some functions in Durham would invite the expert choir and leader Mr. Wm. Ramage to visit them this winter, had "tally" for the Durham editors, and the best story of the evening.

Rev. Mr. Campbell could scarcely be expected to make a speech after 11 p. m., but he made a pleasant pastoral address with much feeling and appropriateness. He had been pleased to have the opportunity of being with his old friends, though he missed many familiar faces. He too had compliments for the choir since his time, except in the veteran leader, Mr. Ramage. He made an interesting reference to a coming function this week to Bell, the inventor of the telephone, which first saw the light there.

Messrs. J. M. Findlay and R. Taylor moved thanks to Mr. Campbell and Messrs. R. Renwick and G. Lathan to Durham friends for cordial support. Mr. Renwick specially mentioning Mr. Allan to whom they had entrusted their children in educational matters and he had not failed them.

God Save the King closed the proceedings after which an informal six-top place, with many warm good byes to Mr. Campbell. Outside the getting away of about 40 automobiles and many buggies created a stir showing how far we have travelled since even five years ago.

Pleased to meet Mr. and Mrs. Jas. Hooper, the former in his 70th year, but still in fair health and both good mixers.

SEED GRAIN AND POTATOES

By instructions of the Minister of Agriculture a free distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers from the Dominion Experiment Farms for 1917-18.

The samples of grain for distribution consist of spring wheat (about 4 lbs), white oats (about 4 lbs), barley, (about 5 lbs), and field peas (about 5 lbs). These will be sent out from the Central Experimental Farm, Ottawa, by the Dominion Cerealist, who will furnish the necessary application forms.

A distribution of potatoes in samples of about 3 lbs will be carried on from most of the Experimental Farms, the Central Farm supplying only the province of Ontario. All samples will be sent free by mail. Only one sample of grain (and one of potatoes) can be sent to each applicant. As the supply of seed is limited, farmers are advised to buy very early.

"A Cosy Home in a Cellar"

Newsy Letter from Pte. Percy Ross to Patriotic Society.

France Sept 14, 1917.
Dear Mrs Morrison and friends of the H. P. Society:

I was very agreeably surprised indeed to receive to-day the parcel of socks from the Holstein Patriotic Society and cigarettes from Yeovil Grange, and I ask you to give both societies my sincerest thanks for their kind remembrance.

Our mail has not been coming so regular as usual of late, so that the parcel was doubly welcome, showing again as it did that we boys were not forgotten by the friends at home.

I was very much disappointed at the Society's parcels going astray last Christmas. Then too, there is little satisfaction in sending things we boys do not get, but I hope that it will not occur again.

When you get this it will be almost anniversary of the departure of the "Boys from Grey." During that time we have seen a great deal which we will never forget. Having been in France but three months I have not experienced the hardships that so many of the 147th boys endured during the early months of the year.

However I think I can safely say that none of us are anxious to see any more nor do we look forward with very much optimism to a long dreary winter in the trenches. Nor does it give us very much encouragement when we are fortunate enough to get a newspaper and read of the chaos in other parts of the world.

As for myself and those who came over in the same draft we have been very fortunate. A number of us are here together on a working party or what may be called a pick and shovel gang. I think I would be justified in asking for a position on the section "a pros ia guerre" (1928)? Though we have occasionally been in a few warm corners and looked eagerly for hot holes large enough to hold our compressed bodies. What we dislike most of all is the lousy smelling dog he takes delight in throwing around and makes us put on false faces.

We were out on "rest" for a few days. Rest consisted in drill from early till late so we were not sorry to come up the line again. However I rather enjoyed a change. The country looked more homelike—if it is not a sacrifice to apply that term to anything out here—after the scenery about here.

The farmers were busy with the harvest, many women and children being seen in the fields. All sorts of implements were being used from the primitive hook to a Massey Harris binder drawn by two horses and a mule.

While there we were billeted with French people in a little mining town. It was rather a new experience as before our billets had usually been sables, etc. Though it wasn't all that could be desired as a home the people used us very decent indeed, and in our billet Madame supplied us with plenty of black coffee, bean soup, and a kind of brown bread. That was of course besides our regular rations.

At present we have a fairly cosy home better than usual. Five of us occupy a small cellar furnished with bunks, table etc. The only trouble is that when we get our home fixed up a bit we almost invariably have to move.

Well I had not intended to write

all this but I guess I was wound up and if any of it should prove of interest to you I will be amply rewarded. Kindly convey my thanks to the Patriotic Society.

Sincerely Yours,
Pte Percy J. Ross,

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dizziness, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. Free from harmful drugs.

Exemption Tribunals.

Exemption Boards have been chosen in such a way as to make them absolutely independent and removed from all influence. There are over 1,250 boards throughout the country, each composed of two men, one appointed by the county judge in the district concerned and one selected by a joint committee of Parliament. Being familiar with local conditions where they sit, the members are well-fitted to appreciate such reasons for exemption as are put before them by men called up.

Exemption will be granted to those who can establish that it is in the national interest that they remain in civilian life. This is for the Exemption Board to decide after having received full information in each case.

The grounds on which exemption may be claimed (which are similar to the grounds recognized in Great Britain and the United States) are as follows:—

- That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is habitually engaged.
- That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is specially qualified.
- That it is expedient in the national interest that the man should, instead of being employed in Military Service, be educated or trained for any work for which he is then being educated and trained.
- That serious hardship would ensue if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position.
- Ill health or infirmity.
- That he conscientiously objects to the undertaking of combatant service and is prohibited from doing so by tenets and articles of faith, in effect on the date of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he is in good faith belong.
- That he should be exempt because disaffected under the War Time Election Act.

No Claim for Exemption should be put forward unless one or other of these grounds in fact exists, and no loyal citizen should assist in, or allow himself to be made a party to, any Claim for Exemption unless thoroughly satisfied that it is made in good faith.

Exemption may be applied for by the men concerned themselves or by their parents, near relatives or employers. Application for exemption must be made on printed forms to be found at every post office, which are to be filled in and left with the postmaster if exemption is desired. The postmaster will forward the forms to a Registrar, who will send it to the appropriate Exemption Board. In due time, then, the Applicant will get notice as to when he must present his case before the Board.

Issued by The Military Service Council.
