However after reading the Globe (which is double the size on Saturdays) we came to the conclusion that we should send some stuff or other to the Review again this week.

So after thinking a while and wishing we had the ability of our country man, Peter McArthur (the Globe' corresponden') we could write on small subjects to a large extent.

is 5.048, or 1.308 more than last year. Of these in-patients, 759 were from 266 places outside of Toronto. The tireless efforts of the staff

made possible also a reduction in the average length of stay necessary for the little patients from 24 days in 1914 to 14 this year. These results show that the Hospital has again paid to the children

rich dividends of health upon the in-

vested kindness of its supporters. There has been careful stewardship of the funds entrusted to the Hospital. There has been saving-almost scrimping-in every direction except where it would prevent the Hospital's soothing the suffering or shortening the sickness of one child. The daily cost of operation was held at the lowest point which would still allow the children entrusted to the Hospital to get the best medicine and the best of

And yet so high has risen the cost of every item in the Hospital's budget—in labor, in fuel, in food, and, above all, in medical supplies—that the mini-mum expense of taking care of one child for one day has risen from \$2.34 back in 1914 to \$3.21% in 1918. Of that, \$1.66%—the amount per patient per day that the official Government grants do not cover-must come from

voluntary contributions. During the past four years debts were incurred to the extent of \$100,-000, which the Trustees felt assured would be wiped out by the public as soon as the war drew to its close, and those heavy demands cease which have been made upon the generosity of the loyal people of this province. The time has now come when it is necessary to make known the Hospital's

dire need of financial assistance. If this 43rd Christmas appeal fails to rally the friends of this Charity to its support, it will be necessary to mortgage its land, buildings and plant. By the bounty of the late John Ross Robertson that property has just been cleared of debt for the first time since it began its ministry of healing mercy.

Little children have lost a bighearted friend, and the province a noble benefactor. It is for the public to decide whether his life-work shall be shadowed with a mortgage within less than a year of his passing. What think you?

Send your answer as soon as possible to the Secretary-Treasurer, Hos-pital for Sick Children, College Street, Toronto. Meanwhile the Charity will "Carry on." trusting in your support. IRVING E. ROBERTSON Chairman of Appeal Committee
