W. CALDER. Mt. Forest has had twenty weeks of Union services during the winter and they close on Sunday next. The Confed says there has been an excellent spirit shown by ministers and people, a great economy of fuel resulted and the services were pleasant, inspiring and profitable.

SAP'S RUNNING!—The regular spring run of maple syrup is on this week and reports say it is bountiful. It is a testimony to the mildness of our winter that in December and in January trees were tapped and syrup made in some localities.

NOTICE—Having given up possession of my business, I have made arrangements to leave my books with Mr. E. D. McClockin at the butcher shop for the collection of accounts, until the end of March. All accounts not paid by that time will be handed to my solicitor for collection. E. W. Limin.

NO DAYLIGHT SAVING FOR CANADA—Daylight saving is not to come into force by Government regulation in Canada this year, although several corporations, including the C. P. R., will adopt it April 1st. All sections of the United States have adopted it, it went into force in Britain last week, and we think "the greatest good to the greatest number" would have been served by its adoption in Canada as last year. There are arguments from a rural standpoint against it, but we think these could mainly be overcome.

Make it a point to be present at Miss Constance Boulton's patriotic address on "The Part Britain has Played in the Great War," on Thursday evening, March 27th in town hall. This address will be accompanied by lantern slides. Miss Boulton is one of the most able and well known lady speakers on the platform today and comes under I. O. D. E. auspices. Admission 25c. In the afternoon at close of school, a talk with slides thrown on the screen, will be given the public school children also in the town hall.

HOUSEHOLD FURNITURE FOR SALE.—Singer Sewing machine good as new, square piano in good condition and other household articles, the property of the Wm Black estate. For further information call or phone Mrs. A. W. H. Lauder.

SIX BROTHERS CAME THRU SAFELY.—Few families in Ontario have a finer record in the War than that of Mr. John Lotford of Riverside, Bruce Co., whose six stalwart sons were in the service of king and country. Though several of them saw a good deal of service at the front, not one was ever reported among the casualties, all coming through without a scratch.

DIED SUDDENLY IN TORONTO.—While in Toronto on other business, Roderick Fraser, a young jeweller, of Cochrane, Ont., underwent an operation for appendicitis while in good health as he had previously suffered several attacks. He died last week as a result of the operation. The saddest feature is that he leaves a young widow who was a Durham girl, formerly Miss Katie Clark, who being thrown on her own resources last June, was a highly esteemed young man about thirty years of age. Many Durham friends will deeply sympathize with the bereaved widow.

THE LATE NURSE McDONALD. By our Prizeville correspondent. It is with sorrow and deep regret that we have to record the death of our niece, Nurse Miss Charlotte McDONALD, who died at Brandon, Man., on the morning of Friday, 21st March, from the effects of the flu which she took on her arrival at Brandon some ten days ago. Miss McDONALD left earlier than her mother and sisters for the purpose of securing a house to be ready for them on their arrival. But such was not to be and her remains are expected on Wednesday noon to Priceville.

Miss McDONALD was well known in the vicinity of Durham. Not long ago she faithfully attended to Councilor Turnbull of Glenieff for a month and others later on.

The news came to us as a shock while in Toronto and many from here will attend the funeral, being Miss Jennie Cameron, Miss Alice McDougall and her cousin, Pte Hector McDONALD who is at the convalescent as time-keeper and probably others.

Miss McDONALD's remains are accompanied by her sister, Mrs Davies of Lethbridge, Alta. The remains will be taken to the old home, Durham Rd., Glenieff, where she left three weeks ago in good cheer. But death with its arrows soon laid her low and the warning is to all "be also ready" for the call often comes to the youth as well as to the aged.

To look at the subject of our sketch a few weeks ago in health and attending to her calling we would never imagine her to be on the death roll for long years in the future. The mother and sisters are sorely grieved as was called away. The open casket and father was in sending the community join us in sending condolence to the bereaved family.

Our readers will notice in this week's issue and last week's the announcement of R. G. Lindsay's Flour and Feed Store opening. This returned soldier is not resting on his laurels, but is striking into business life for himself and we hope his enterprise will be rewarded. Read his ad on this page.

More Soldier Boys Home.

PTE ROBT. KEITH. Son of Mr. and Mrs Robt Keith, near Holstein, arrived at his home on Monday last after the happy re-union there came on to Durham where he was formerly employed in the furniture factory and is well known. He is an old 147th boy and went through some tight spots, and suffered a good deal from gas attack but now appears to be in splendid health and has gained considerably in weight.

PTE ERNEST MCGIRRY. Arrived home at noon on Friday last and was warmly welcomed by his mother and family and friends. He enlisted in July 1915 at Owen Sound in the Niagara Battalion and was in the long trek from Niagara to Barrie where he spent the winter. He went overseas April 1916 and was 6 months signalling course. He was first in his company to France and after roughing it for a while took trench fever and while in hospital at Etaples the battle of Vimy Ridge was fought. He came through bloody trenches and was in Mons following the armistice. He had two turloughs during his active career and spent a month in England before sailing on the Carmania. His boys presented the 3rd Division badge which he prizes highly. He also retains as a souvenir the bullet from an aeroplane that passed through his shoulder and landed in the pocket of his knapsack.

PTE FRED TORRY. Fred came over with the bulk of the 4th C. M. R. last week and reached his home here on Saturday, he and his father being joined at Guelph by Miss Rita from Kitchener. He is looking fit and well and even more stalwart than when he left.

He joined up with the 147th in 1916 and on 12th April 1917, when that unit was broken up he joined with the 4th C. M. R. and saw a great deal of fighting for he bore a share of the onerous fighting at Hill 70, Arras, Monchy, Valenciennes, Sanctuary Wood, Paschendaele, Amiens, Cambrai, Mons, was occasionally in tight spots but always got clear being used as shock troops to terrorize the enemy. He had only three brief leaves, two to England, once to Scotland.

BEN BENTON. An old Durham boy is Ben Benton, son of Mrs Willoughby, now of Toronto. His part in the war was on the sea on mine sweeper "Trawler IV" and was 18 months at this dangerous but valuable work on the east coast of Canada. He will be welcomed by many old friends.

SERG T PHILIP McDONALD. Returning Monday noon to Durham, was Sergt Philip McDonald, one of the 147th Batt. boys who was transferred to the 58th. He is son of Mrs D. L. McDonald, north of Aberdeen, and brother of Miss Gladys, former milliner here. He won his stripes in France for the excellence of his work there.

Capt. H B McKinnon is arriving today at the home of his parents in Toronto and will receive a hearty welcome. Later he will no doubt have a look round his old home at Priceville. He came over on the Cedric.

Major Jucksch of Hanover, well known here, returned to Toronto on Sunday with the 58th battalion, of which he was second in command. He is an original 147th officer, and has acquired more decorations than any other officer of that famous unit, having won the D. S. O., the M. C., and a bar to the latter, for the excellence of his work.

Passing of Three North Bentnick Residents

MISS HELEN CRANSTON. Few deaths of late have caused more genuine sorrow than that of Miss Helen Cranston, of Bentnick, who died on Thursday last in Fergus following an operation which took place two days before.

Tuesday of last week local physicians advised an operation for appendicitis with complications of gall stones and she was taken to Fergus Hospital. She stood the operation apparently well and lightness word came home late as Thursday and her brother left for home that afternoon. He had not left Durham in many minutes when a darker telegram came, saying she was worse and would like to see her brother. The telephone was used to stop him and he had got as far as Lawrence, (old Scarf farm) when the news was told to him. The G. T. R. conductor was informed of the urgency and he held the train for 20 minutes to allow the sorrowing brother to make contact. She knew him and Fergus about 7 p. m., and died about 9 p. m. He and even the public we are sure, appreciate that G. T. R. courtesy that brought them together so timely.

Deceased and her brother had formed the home for many years. They were much attached to each other. Those who knew deceased speak in superlatives of her admirable qualities and it seems to be felt by neighbors and friends that one of the salt of the earth has gone. She was in her 53rd year, public-spirited in church and social life, and the community that feels the loss, have genuine sympathy for the brother, who has lost the chief light of his life.

The funeral on Monday was a marked expression of affection and respect. She is interred in Latona cemetery. Rev Mr Sillars, her pastor, conducted impressive and comforting mortuary services at the home and at the grave.

Deceased was a cousin of the well-known Binnie family and a niece of Adam Cranston, of N. Dak., the blind singer who had music classes round S. Grey forty odd years ago.

JOHN STEWART. This pioneer of North East Bentnick passed away on Monday night from a tubercular trouble that had its origin in a thrashing machine accident some years ago when his ribs were crushed into his lung. Of late years he has felt it more when suffering from cold.

John Stewart was born in Greenock, Scotland and came to this country in infancy with his parents in 1846, settling in Bentnick and thus he grew up under the pioneer conditions, now nearly a century.

Mr Stewart was twice married, his first wife was Katie Clark, a sister of Jno Clark of Timmins. His second wife was Phemie McIntyre of Bruce who survives him. One brother Alex who lives with Mrs Arch McDonald also survives. Two brothers Hector and Ned died some years ago as did a sister Janet, Mrs Wadsworth in Toronto.

Mr Stewart was a Liberal in politics, Presbyterian in religion and had many fine manly qualities of head and heart. He is being interred to-day in Latona cemetery.

DUNCAN CAMPBELL. Word has come from Toronto that Duncan Campbell, an old and respected resident of Bentnick, is dead. He survived his wife almost exactly two years, as she died on 22nd March, 1917. The break-up of that day took much of the joy of life out of the sorrowing husband but he has been kindly cared for since at the home of his daughter in Toronto.

Mr Campbell was a native of Scotland, coming here in youth and knew all the trials of the early days and shared in the triumphs of the industrious. He married in 1856 his wife, a Miss McIntosh, and eleven children were born to them and at the time of the Golden Wedding celebration, ten were alive. Since then Thomas died by drowning. The others are John and Peter, Duluth; Will in Mich; James in Idaho. The daughters: Mrs Sharpe, Mrs John Puloek and Miss Carina, Toronto; Mrs Jas. Nichol, Acton; Mrs Thos Jones, Idaho.

He was a member of the Pres. church and valued its services. He had long been a member of the Psa mist's limit of life but to his family and friends his cheery demeanor will long remain a pleasant memory.

At this writing we have no particulars as to interment.

Oil at Flesher-ton? The London Advertiser of Monday last gives prominence to contemplated operations to be renewed at Flesher-ton to develop the prospects of oil in paying quantities. Experts declare the indications are alluring and faith in the enterprise is shown by the taking of options on farms in the vicinity. Predictions are freely made that the pretty rural district, will soon be transformed in appearance, by oil-drilling activities. Samples already found are said to have been in lamps, so there can scarcely be any wildcat scheme involved.
