The Sun Purchased by the Farmers' Organization

"The United Farmer's Publishing Co. Limited" have bought the Weekly Sun, so long a staunch and intelligent supporter of the interests of the farmers.

It is to continue a weekly, but may grow to be a bi weekly and ultimately a daily. It will be the official organ of the U. F. O. and will be an outstanding journal.

The present staff with few exceptions, will be kept on, and control will be handed over about 1st of April. Mr Waldron who has been managing editor, says it has been the only truly independent paper in Canada.

We congratulate the farmers on the prospect of having an official mouth-piece that was felt in all previous farmer movements. Still it is not to be simply a trade paper but will give attention to local and world news.
