ROB ROY MILLS, Limited
Durham, Ont.

—Lloyd George promises the conclusion of Peace by Easter. May he prove a true prophet.

—The Canadians who were sent to Asiatic Russia, now known to have been on a fool's errand, are now about to leave for home.

—Allied troops in Northern Russia have been having hard times, but late news tells of a smashing defeat of the Bolshevik forces.

—The ex Kaiser in an interview says the order to shoot Edith Cavell was given by an officer under the influence of liquor. One more nail in the coffin of the trade.

—It is proved beyond a doubt that the excesses at Rhyll camp were largely due to the influence of liquor, though that does not relieve the officials there from the charge of gross usage of the men, that caused the exasperation.

—It is estimated that the war claims against Germany will take her 85 years to pay. Some recent revelations show what Germany would have done had she won. She wanted all of Belgium, much of Northern France, including Calais, and several cities on the South coast of England. As for indemnities? Every German expense and debt would have had to be paid and largely by Britain and her overseas empires.

WELBECK.
Welcome home Reval Boyce!
Our mail courier has our sincere sympathy—not for the length of the road but the depth of it.

Mr and Mrs. Robt. Wade are returning to their former home at St. Mary's. Mr Wade's impaired health has rendered him unable to keep pace with the strenuous life of the farm.

Mr Chas. Shewell entertained a wood bee on Saturday, not by any means the first of these busy, buzzing insects to appear in the vicinity.

Trux and Son are keeping their saw humming, reducing their stock of logs to lumber.

Our teacher, Miss Glenna Campbell has resigned her position, her resignation to take effect at Easter. Miss Campbell is one of our own girls and has endeared herself to the pupils and people of the section. In leaving she will carry with her their sincere wishes for her further success.

We understand Mr Angus McIntosh has been appointed to teach in the wee brown school after Easter, taking up his former position after an interval of about ten years. The board is to be congratulated on securing a teacher of Mr McIntosh's experience, qualifications and ability.

Intended for last week.
Spring brings springy spots in our swamps and some springing logs in the corduroy sprung a surprise on a spring of a brand new rubber-tired buggy which sprung from Dornoch on a cold spring day. "Hope springs eternal in the human breast" that the Township Council will some day spring to its feet and in mending its ways eyince as much "snap" as that buggy spring had.

Mr and Mrs. Fred Heft attended the social evening given by Mr and Mrs. Wm. Smith at Dornoch on Wednesday.

Mr Bert Ledingham disposed of his drying outfit to Mr. Reay of Durham before leaving for the West on Tuesday.

Notwithstanding bitter weather and difficult driving, the funeral cortege of the late John Stewart was impressively long. The service conducted by Rev. Mr. Sillars of Latona was made brief in view of the triple memorial service held in the church on the following Sunday. Neighbors carried the remains out of the home where Mr Stewart had lived all his life and bore them to rest in the family plot in Latona cemetery. Friends from a distance who attended the obsequies were Miss Mary Stewart, a niece from Thamesville; two nieces from Toronto, Mrs. Batho and Miss Kate Wade; Mr Arch McIntire and Mr and Mrs. Angus McInnes of Paisley.

Mr Stewart was a man of friendly and cheerful disposition, ever ready with a good natured joke; quiet and unostentatious in public, a lover of his own fireside; a regular attendant, consistent member and generous supporter of Latona church. Since the general break-down of his health some two years ago his wife has undertaken courageously the duties of the home, the sick room and the farm. Being gifted with strong, skilled, tender and willing hands Mrs Stewart carried out faithfully her labor of love and now in her sorrow and loneliness has the sympathy of the community and a wide circle of friends.

NORTH EAST BENTINCK
"Dripping with sweetness" is the phrase which suggests itself to the passerby at the sight of twinkling spiles and shining sap buckets "milk-log the maples."

What's the matter with Durham markets? The Kayle quotes butter at 87 cents, the slate at the Corner store offers 48c. Problem in subtraction.

The death of Mr. Arch, Ledingham formerly of Dornoch, occurred at Strongfield, Sask. His remains were brought to Paisley to be interred beside those of his wife, formerly Miss Hannah Crowe. Mr. Jos. Boyle who accompanied the remains later visited Dornoch relatives. Mr Ledingham was very popular with the people of this community who will mourn his early demise.

Mr Chas. Clark, who has returned after a two years sojourn in the West, is getting settled once more on his farm, Mr Clark has purchased a horse from Mr P. Hepburn, Durham.

The Outstanding Product of a Large Manufacturing House

Brandram's Genuine B.B. White Lead

Every step in its manufacture is closely watched by chemical engineers—nothing is left undone which would help to maintain the quality of the world's finest white lead.

is different from any other white lead. To begin with, it is corroded by several secret processes which are then merged into a pigment of marvellous smoothness. This pigment is ground no less than five times, first under huge stones, and finally between heavy steel rolls. In this grinding process, it is made into a pulp by being mixed with pure refined linseed oil made in our own linseed oil mills.

Whenever you paint, use Brandram's Genuine B.B. White Lead if you mix your own paint. If you want to save the labor of mixing you can ensure the use of this quality pigment only by getting B-H "English" Paint.

Two Suggestions
This from the Brewers: Their policy just now is the open bar, with the privilege of selling "harmless" beverages such as beer and wine.
This from the Distillers: They allege that they have discovered the public drinking bar and the saloon to be wholly bad, and would not think of urging its reinstatement. But—
They do advocate that for the Ontario Temperance Act there should be substituted legislation that would encourage liquor drinking in the home!
Both suggestions call for condemnation by every good citizen, and should make temperance workers more determined than ever to see the last of this business in this province at least. The license to sell beer and wine, would be a return to old conditions: the proposal to encourage home drinking of liquor is most repulsive.

—There is danger that Italy may withdraw from the Peace conference unless she gets the part of Fiume. Italy's stand in the war entitles her to much consideration.

—It is going to prove difficult for Hartley Dewart, M. P. P., to blacken the character of Inspector Ayerest who has been reckoned one of the most conscientious officers of the license department. The revelations of the extent of doctors' prescriptions for the sale of liquor should make every honest doctor blush.
