### Death of Alfred Hincks

The death of Mr. Alfred Hincks took place on Thursday, 10th April, at his residence, Priceville, from the effects of an incurable growth. Mr. Hincks and family came to the South Line, Glenelg, 36 years last fall and moved to Priceville 12 years ago. By good management Mr Hincks accumulated plenty of the needful, being always fair in his dealings with his fellow beings.

Mr Hincks was a good member of the Methodist body. During his illness he testified to his assurance, when the pangs of the body ceased to be, in the possession of the joys that awaited him where there are no pains or trials to endure. Mr Hincks leaves a widow, one son David near Ceylon and Meadia, Mrs Donald McKinnon of the West being absent.

We cannot say where and when the funeral took place, probably at Amos near Dromore where many of Mr and Mrs Hincks' family are buried, as some died before they moved to Glenelg from diphtheria.

### The Late Neil McCannell

As was seen in last week's Review the death of the above gentleman we feel it our duty to give more of his life as a citizen and friend during his lifetime in old Glenelg, where he was born and raised from childhood. Mr. McCannell's father, the late Neil Sr., came to the South Line, Glenelg in the year 1849. Neil Jr. had another half brother Donald who died many years ago. An omission was made in giving all the sisters in last week's Review, that of Mrs Donald McQueen of Stayner.

Mr. McCannell was elected to the eldership in Priceville church when a young man and held the position of ruling elder for many years.

The funeral on Thursday, 10th April, was fairly well attended, considering the unfavorable condition of the roads and weather and distance to McNeil's cemetery.

His faithful life partner is now left lonely but she can reflect on the past and can faithfully say that she did her duty in endeavoring to alleviate the suffering of a kind and dutiful husband during his long time of sickness. To the bereaved widow, sisters and all friends, we wish the remembrance of all who formed their acquaintance in sending condolence in their sad hour of bereavement. The pall bearers were six of his brother masons and Rev Mr Whaley in his usual manner preached a comforting discourse at the home and officiated at the graveyard.

We are glad to report Mr Wm. Kinstman is progressing nicely after being operated on for appendicitis.

The Presbyterians here sent at Priceville has extended a call to Rev. C. Sinclair Jones of Anson.

Congratulations to Mr and Mrs Robert Lane who were married in Toronto on Monday, April 7th.

Between new time and eight hours days we expect our friends in town will need to look forward to butter at \$1 per pound and eggs at 75c a dozen as a regular occurrence. Last year the urban population were going to do such wonders to help production. How many hours did the mercant, editor, factory hand, &c., devote to actual farm work? If these things short time, day light saving are good for the people of town they are good for the farmers too. At present the average farmers' day is 17 hours; cut it down to 8 production will fall off one third, prices will be high. Don't blame the farmer; blame the corporations that employ labor, setting the price and time of labor. Daylight saving so far has hindered the farmer and given the urban population more time to joy ride and discuss the high cost of living.

### A Late Easter

Easter Sunday falls this year on April 20th, which is within five days of being the latest date on which this moveable feast can fall. Most of the moveable feasts of the Catholic Church depends upon the feast of Easter, which is regulated by the full moon of the vernal equinox. The first council of Nice, held in the year 325, decreed that the feast of Easter should be celebrated on the Sunday following the full moon, which falls either on the 21st of March—which was looked upon at that time as the day of the equinox—or on the days following until the 18th of April. Hence if the full moon falls on the 21st of March, and this be a Saturday, the next day will be Easter Sunday. But if it falls on the 20th, the moon will not be considered the paschal moon; the next full moon only, which will be on the 18th of April, can be reckoned such. Should this 18th of April be a Sunday, Easter would be the Sunday following, or the 25th of April. Easter then, can be no later than the 25th of April, nor earlier than the 22nd of March.

### S. J. Parker is Dead

For 45 years he was Treasurer of the Co. of Grey and was one of the best known men in Owen Sound. He was in his 81st year, and was a brother of the late Henry Barker, one of Durham's best business builders of a quarter of a century ago. S. J. Parker was the last surviving member of Owen Sound's first Board of Trade, was active in securing the first waterworks system, was connected with several Insurance Companies, the Hospital Board, &c. His wife and one daughter survive him. John Parker, a nephew, took over the Co. Treasurership about a year ago.

### Economical—

## Because It Covers More

EVEN if this paint were sold at a price half as high again as any other—it would still be the economical paint to use on your house. In sheer covering capacity it has no equal. A gallon of it goes so far that you'll buy less of it and yet do more with it.

# B-H PAINT

"ENGLISH" 70% Pure White Lead  
30% Pure White Zinc  
100% Pure Paint

This paint is guaranteed to possess as its important basis the above formula which we inscribe on every can. The result of such a formula is all that you could ask in brilliance of color and in proper "body"—a paint which gives a fine lasting finish, exceeding all others in "covering capacity" and in durability. Paint with B-H "English" Paint—and your house is protected for years, where a coat of ordinary paint will last but a few months.
