At a well attended meeting held on Saturday evening in the Council room composed of the Township Council, Police Village trustees and a number of others interested in the matter, it was decided to hold a picnic in the Park on Tuesday, July 8th. Committees were appointed and arrangements made to make this day a memorable one in the history of our Township. The program as arranged is an excellent one and will be advertised in due time. A special feature of the occasion will be the presentation of medals to the boys who went overseas. No charge will be made but the ladies will be expected to provide lunch. Lay your plans to have a real good time.

Holstein Library was favored with a fine evening and a full house for their annual concert here on Tuesday evening. Despite the sultry temperature inside, all fully enjoyed the play "My Awful Wife" given by nine of the young people, under Mr Bert Brebner's management. Throughout the four acts, interest was well sustained by the many amusing situations which arose by witty repartee, and by the development of the unusual plot. It was a comedy which required much preparation, and the performers are to be complimented on its

success and for giving so freely of their time and talent to a worthy cause. Only last week one of their number Wm. Coburn, was taken seriously ill, necessitating an operation, but Louis Woodard took his part in addition, and acquitted himself well.

The leading characters were J. Muddle, a bespecked husband taken by Geo. Bye, and his wife, in which role Miss Cole appeared. Deacon Snyder, a sanctimonious person who stirred up discord was taken by Bert Brebner, who was equally at home as the village ice man also. Mrs Muddle's daughter Ada was Miss Sadie Hamilton, who met with maternal objections against her lover Melrose, who was Louis Woodard. Louis also represented Samy Cobbs, who was hired as general utility boy, and got into and out of many tight corners. Dabbler, a friend of Muddle, was John Bell, whose application of his invention "the concentrated essence of the milk of human kindness" almost produced disastrous results when applied on the "awful wife." Geo. Barrows appeared as a mild specialist, Robt. Sim as an officer of the law, and Miss Scott, as Sally the servant girl in the Muddle home, was the star of the evening.

A hearty vote of thanks moved by Rev. Mr Lovegrove and Mr L. B. Nicholson, was tendered the talent at the close for their work and splendid presentation of the comedy. We have not learned of the proceeds, but they were doubtless over the \$100.

George was presented with a gold watch, fob and fountain pen. Eric Sharp read the address and Henry McDougall made the presentation. George made a suitable reply and modestly said he had only done his duty. Following is the address; To Mr Geo. H. Rawn, Dear George:—

We are gathered here to-night to welcome you home and are proud to welcome to our midst again one who went forth at the call of his country.

We feel thankful to Providence who ruleth all things well and who give the Victory and that you are spared to return to us in health and strength, while so many who nobly did their bit are lying in Flanders Fields with a wooden cross to mark their last resting place.

Three of us who remained at home feel that we cannot be too grateful to those who fought for a d maintained bought by the heroic self sacrifice and bravery of our boys.

We wish to show our appreciation of your services in some tangible though slight form. We ask you to accept this watch, fob and fountain pen and may you long be prospered by the prosperity of the country for which you fought so valiantly.

Signed on behalf of the neighbors, Harry McDougall, Eric Sharp, Geo. D. Hunt

Save the Money You Waste and Make It Earn You More Money

How much of your wages do you fritter away each week on trifles? If you reckon it up you will probably find that at least five per cent. disappears thus "like snow wreaths in thaw."

If your weekly wage is \$15.00 you spend easily 75 cents of that on "mere nothings" before you know it.

But suppose you said to your employer: "Each week I want you to keep 75 cents out of my pay envelope and invest it for me in War Savings Stamps. As you buy each War Savings Stamp put it in my pay envelope, and go on doing that for a year."

You will never miss that 75 cents. But at the end of the year you will have over \$36.00 invested in Savings Stamps. By then they will be worth considerably more than \$36.00, and by 1924 they will be worth \$45.00.

War Savings Stamps are guaranteed by the Dominion Government. They have the whole resources of Canada as their security, the same as Victory Loans. And they bear an unusually high rate of interest. You can cash them at any time, however, if you need to.

Make Your Savings Serve You and Serve Your Country—Invest Them in War Savings Stamps.

In June W.S.S. Cost \$1.05

War Savings Stamps can be bought wherever this sign is displayed.
