Patriotism and Profit

It is patriotic to buy War Savings Stamps because Canada must have money for reconstruction.

But it is also profitable to buy War Savings Stamps because you are investing in Government Bonds yielding over 41/2 %.

You don't need to be a capitalist. You can start with 25 cents. Buy a Thrift Stamp for a quarter. When you have sixteen of them, exchange them for a War Savings Stamp, and you will have laid the foundation of a solid investment with your odd savings.

You can add to this investment as often as you save \$4.00, and in 1924 the Government will pay \$5.00 for every War Savings Stamp you buy now for \$4.00 odd.

War Savings Stamps can be bought wherever this sign is displayed.
