While en route home from Toronto last week Mr. Frank McLraith spent Wednesday at the Old Boys' Reunion sports in Palmerston. Frank was undecided as to whether he should spend a day there, but as the train left him, he was saved the trouble of forming a decision.

LAST TIME THIS YEAR.—Mr. Finley Graham, optician, will be at the Central Drug Store all next week from 9 a. m. to 3 p. m. Parties wishing to consult him on eyesight trouble, or requiring glasses, should note this date, as he will not be in Durham this year again.

STREET WORK ABOUT FINISHED.—With the completion of the granite walk across Garafaxa st bridge on west side to the foot of hill, the Council will practically have their year's program of street improvements finished, as the \$1000 allotted for that purpose is about spent. The cement walks is now open for use on east side across bridge and is an appreciated change after a year without any. The roads have been gravelled and graded in several places, and a new board sidewalk completed over Durham Road gully. General satisfaction is expressed among the ratepayers over the public improvements made by the present Council.

A MIDNIGHT BLAZE.—An unoccupied house, just west of the Harry Simpson property in upper town was totally destroyed by fire on Tuesday evening. The fire must have started about 11:30 p. m. for when noticed about 15 minutes later it was going strong and no hope to save it. A cow tethered for the night near it was noticed in time and removed to safety. Over a dozen cars soon crowded the "Woolen Mill Hill" but there being no possibility of saving the house, a frame one, the crowd soon melted away, as no danger to other property was likely. The house was last occupied by Mrs Hazen whether insured or not we couldn't ascertain. The cause of the fire is a mystery, some think possibly a tramp was trying to spend the night there and a match went wrong with him. The house was a small one and of no great value. The firemen had the engine out, but were notified in time that it was past their help.

Pte Ernest Leeson returned from overseas last Saturday to his old home at Varney, and is at present with his mother and sister, Mrs Arch Allan. Ernest looks in the best of health and was a year and a half in the American army, seeing active service in the Argonne, France. He was with the American army of occupation in Coblenz, Germany and left that city for Canada on July 4th.

Splendid weather and a reputation of good times on previous occasions, were factors in making this year's picnic at Scotchtown on Monday another success. Owing to harvesting operations, the crowd was scarcely as great as has been seen there in past times but when \$130 are collected in receipts shows that the attendance was good nevertheless. A main feature was the baseball match between Pomona and Swinton Park and won by the former 6 runs to 1. There were races for all and thoroughly enjoyed and luncheon in old time picnic style was a pleasing feature. Swinton Park pipe band added largely to the day's enjoyment.

ORANGEVILLE COMES FRIDAY.—Since Durham's victory in Hanover Monday, lacrosse excitement is at a high pitch in town for Friday's game when Orangeville comes here for the decisive match. Should Orangeville win, they are district champions; a win for Durham makes these teams a tie. Orangeville makes no secret that they're out to win; while Durham is confident that they'll hand the visitors their first defeat. With so much at stake between the two best teams, it's bound to be the banner game of the year. A bumper crowd, including many from surrounding towns, is expected.

## Durham Won in Hanover

Durham lacrosse boys climbed one step higher up in the district ladder when they took a hard fought game in Hanover on Civic Holiday by 9 goals to four. The loss of the game meant nothing to Hanover, yet they made a strenuous contest and were 2-1 in the lead at end of first quarter. A loss for Durham meant Orangeville's championship, the win gives Durham a bright chance to tie the leaders should they also win next Friday here, as they hope.

The local team were loyally supported by the town, about 200 rooters accompanying the boys to Hanover. They made their presence felt vocally, and of them first, when a melee quickly developed on the field in the second period, when two players started an argument. The crowd was on the scene in a few moments, several blows were struck and a few black eyes received before it was quieted down, in a minute or two.

Through some blunder, the O. A. L. A. had provided no official referee, and after an hour or more delay in waiting for one, and selecting a man to handle the game, "Red" Cavell of Chesley was agreed upon. The match was no pink tea affair, neither could it be termed a rough-house as one report stated. Hanover was out to "get" Burnside, Durham's fast Markdale man, and he took and gave many blows until in the third period, just as he scored on a brilliant play, he was temporarily laid out with a wicked slash above the forehead, which brought the blood profusely. After getting his head bandaged, he pluckily stayed in the game. Both teams indulged in a few other cracks, which drew penalties, but of little consequence.

As the game proceeded the Durham team played great in effective. The attack was somewhat disorganized owing to the absence of Kerr from the line-up from illness, nevertheless there were capable substitutes, and no individual weak spots were evident. It was see-saw at the start, Hanover first scoring a disputed goal in half a minute, which was allowed and the umpire changed. Each team counted one more in the first period, but Durham boys struck their stride in the second with two more to nil, 3-2 ahead at the half. Hanover came right back and tried the score again, Devin scoring after some pretty team play, but thereafter it was a Durham procession, the blues scoring three in the rest of the third quarter and again 3 to 1 in the final period. Both goal-keepers put up a strong game, and the McDonalds broke up many dangerous rushes. At the start of the fourth, Mack Saunders, had several dead-on shots in succession, but only one passed the goal-tender. The teams:

Durham (9)	Hanover (4)
E. McDonald goal	G. Booth
H. McDonald point	Esch

## Tax Rate is 38 Mills ; Fox Farm Must Move

A tax rate of 38 mills for 1919 was struck at Durham council meeting on Monday evening. This is an increase of one mill over 1918, and is necessitated by an increased County rate due to building County Roads and greater expenditure for both public and high schools. Some of the County expenditure for Patriotic funds is now dropped, but other claims have arisen. By-laws 725 and 726 fixing rates received their several readings and were passed.

Another by-law, No 727 was passed prohibiting the keeping of any animals other than domesticated ones within the town limits, and the dumping of refuse etc. on streets. The by-law was instigated by some who claimed Nat Harvey's fox ranch to be a nuisance and it appears the Provincial Health Inspector on his recent visit advised a by-law to this effect.

Mr Harvey claims that his foxes were blamed for other odors in the locality, and that his fox farm was an asset to the town, in that thousands of visitors had inspected it during the past ten years, many coming a long distance. He will move the foxes elsewhere.

Wm Ryan was voted \$40 on street watering contract.

## Re Monument to Fallen Boys

To the citizens of Durham and vicinity:

Some two or three weeks ago those who had lost boys in the war, he'd a meeting at the Public Library which was followed by a second meeting held on Saturday, July 19th. At both these meetings it was held unanimously that whatever the citizens or general public might do, our plain duty was to erect a monument in some central point in town of Durham with, if funds would permit, sufficient ground planted out in shrubs and trees to form a little park. With that object in view a subscription list was gotten out that date and liberally subscribed to by the families who are represented there, with the intention of continuing it through the adjoining townships and balance in town. However we thoroughly and distinctly want it understood that we are not taking any step that should be antagonistic with the rest of the town and we, therefore, heartily invite and welcome the general public to contribute to the monument as liberally as possible. As you are all aware, many of those who have lost boys are only in moderate circumstances and are unable to contribute as much as they would wish. We may state that the size of the monument with park and surroundings will be guided entirely by the amount of money subscribed and the intention is that as soon as the lists are completed plans for monument and position and size of site, will be submitted to all who have subscribed.

I regret very much that I have been suddenly taken down and unable to give the attention to this that I expected. However I am strongly of the opinion that the hearts of the people of Durham and vicinity are in the right place regarding this matter and that it will be pressed forward to a successful conclusion.

Thanking you for space I am in behalf of those who have lost boys,

Yours truly,  
W. Calder.

## S. Grey Field Crop Competition

Following is the result of the field crop competition in oats held under direction of the South Grey Farmers' Institute:

1. Jos. Dixon
2. Dan Edge
3. Jas. Park Jr.
4. Wm. Weir
5. R. T. Edwards
6. Alex. Grierson
7. W. A. Livingston

The Judge was Mr. R. J. Hall of Shelburne who was well pleased by showing made and asserted the oat crop in this district was above the average.

Having moved I must ask customers to call and receive goods just arrived at parlors upstairs, directly above store Entrance from front street. Lots of new goods and guaranteed, Spirilla Parlor, Mrs. J. C. Nichol.

Ottawa is alive with Liberals this week from all parts of Canada 1700 of them. Formulating a progressive platform and choosing a successor to Laurier. It looks like Fielding.

BOUGHT BUS BUSINESS.—Mr George McMecken has purchased the bus business and express delivery in town from Mr John Whittaker, who has conducted it for several years. The former took possession on Monday of this week.

Neil C. Coutts, who killed Wm. Umbach in Ayton, has been committed for trial at the Fall Assizes on the charge of murder. Coutts was brought to Ayton on Saturday last for the preliminary trial conveyed in an auto, and returned to O. Sound goal same evening to await his trial.

STREET LIGHTS UP.—The local Hydro Commission, decided the town was getting off too easily in the cost of its street lighting, as compared with business and residential lighting, and at a meeting last week increased the price of the street lamps 50 per cent or \$1.50 each per month instead of \$1.00. The town now pays \$1080 per year or \$140 monthly instead of \$93 for the illumination of the streets, which will provide an annual increase of \$64 in the hydro revenue.

The general public are glad to learn that J. C. Nichol after finishing his course in French dry-cleaning with the Stockwell-Henderson Co., Toronto, has opened up in the business here in his old stand carrying best goods obtainable for suits. He also represents the Brown Tailoring Co., Toronto so solicits patronage and same will receive prompt attention. Bring along your faded suits and see how well they look when dyed by Stockwell-Henderson Co.

The sad announcement reached us this week, that Robt. L. Mortimer, Editor and Publisher of the Shelburne Free Press died at his home in Shelburne, on 2nd August, in his 60th year. Mr Mortimer was a clever journalist, and the Free Press prospered under his management. He was well-known in Priceville neighborhood where he had property, and his genial presence will be missed at Fall Fair and other functions. He was interred in Honeywood cemetery on 5th August under Orange auspices.

LEAVING WIFE.—Mr Walter L. Elvidge son of Mrs L. Elvidge of Durham, for several years Principal of Whitby Public Schools, has resigned there and accepted a similar position in Lindsay. The Gazette and Chronicle says: "Mr Elvidge has filled the position with the utmost satisfaction. He has always exhibited the deepest interest in the welfare of the pupils, and has succeeded, in spite of difficulties, in maintaining the school instruction at a high level of efficiency. As a teacher, he has a fine record, each year a large proportion of his pupils passing the Entrance. It is with genuine regret that his friends learn of his projected departure for Lindsay, and wish him every success in his new field."

TOOK AEROPLANE FLIGHT.—Mr and Mrs. Gordon Catton took in the Arthur Old Boys' Reunion on Civic Holiday and were the first to enjoy a flight in the aeroplane, both taking the flight at the same time. Geo. thus relates their experience: "There was a large crowd inspecting the machine and after hours of waiting he had received no offer so took a flight to show what he had to offer and light with in a few feet of the starting point. Some of the boys who had purchased one or more offered the money to others if they would go but none would go. When we asked him if he would take the two of us he said he would. It sure was worth every step that should be taken in rising and tore a wing slightly he kept on and we enjoyed a fifteen min spin on account of being the first flight taken there. The trip had none of the objectionable sensations usually credited to it. It would be enjoyed by young and old alike."
