By the Ontario Temperance Act, sale and distribution of alcoholic liquors for beverage purposes within the province were prohibited. For practically three years the province has experienced the good effects of this law. Its repeal would be a calamity. Any of the amendments would spoil it.

For the Temperance forces to win they

must secure four "No" majorities. That

defeated if there is a majority for "Yes" on any of the questions. You must mark an X after each of the four questions, or your ballot is counted as spoiled.

A century of temperance progress in this province is at stake in the coming Referendum. The Ontario Referendum Committee earnestly and respectfully ask you to mark your X in the "No" column after each and every question, as indicated in the sample ballot reproduced herewith.
