Over 12000 Voters in Grey County

The giving of the franchise to every person over 21 years of age has increased the South Grey Voters' Lists to over 12000 persons for the Referendum vote and election. It will be interesting to note what percentage of this vote is polled. Hanover with twice the population has only 800 more voters than Durham and Ayrton ward has the largest number in one ward—494 voters. Holstein with 371 is the second largest township ward in the riding. Following are the number of voters in each ward:

U. F. O. Enter the Lists

Continued from Page 1

temasia. The tenor of all was that there was a strong desire to have a candidate in the field to represent U. F. O. principles and platform.

Mr. Jno. Pritchard of Harriston had been preaching U. F. O. doctrines for 10 years, believed in Morrison's dictum that the farmers "have got to save this country." Morrison has in Pritchard an ardent admirer for several times he was quoted. Mr. P. thought the present parties were trying to crush them, but it was a time to act, not for long speeches, so he closed by a compliment to the ladies and some hot shot for the government for unnecessary expenditure which had caused the farmers to "go on strike."

Mr. Parkinson, Co. Director, expected much from the ladies, because they were not contaminated with party politics as men had been. Farmers to-day, he said, were at a premium; the cause for that he believed, was that lawyers and doctors had got the country into a mess and "sought men with brains to help them out." "We want men with the qualities of Joshua and Daniel, able to lead and to resist temptation."

W. L. Smith of the Sun, was the chief speaker and started in to show (for the good of doubting Conservatives) that the U. F. O. was no grit dodge, quoting 6 or 7 instances where they were opposing Liberals even though farmers. He went in, to figures to show the great and serious fact of rural depopulation caused because the whole force of legislation had favored the cities. He condemned "our interlocking banking system," the tariff policy, bonuses to industrial concerns, favors to feed Flour Mills, textile industries, and the like, government juggling with hides, cheese and milk, &c., &c., declaring "you have given your whole attention to production and neglected to see what was done with what you produced."

He compared early legislatures he remembered with the present one to the latter's disadvantage. Only 17 farmers (and some of them "joy" farmers) out of 111 members. No wonder [the expenditure of Ontario was double that of Quebec. He remembered, seeing a map of Ontario, setting forth the advantages of the Province, one of which was "Ontario has no debt." Now Ontario's debt is \$100,000,000 (a hundred million dollars.) He again urged that "farmers who produce the wealth should see to it how it is expended."

We haven't space to follow him into some of the gross expenditures on Government House; urban influence, the "city idea," always led to extravagance, he said and farmers were to blame because of lack of interest.

Dealing with international relations he said men were "maniacs" who urged military preparation. He compared the peaceful St. Lawrence with the bloody Rhine and closed a fine speech with the remark "Man is responsible for his acts as a citizen as well as an individual."

Normanby 18, Glenselg 17. Full opportunity was given to districts without clubs to have delegates and this was taken advantage of. The chairman also asked and urged Labor delegates, if any to report, but none responded.

A KNOTTY QUESTION

The question of the status of Mr. Brigham caused some discussion, some thinking that not being a member of the U. F. O. club he was not eligible. A vote of the delegates was taken on the point and by 34 to 29, his name was continued in nomination.

The ballots were then distributed, three ladies being appointed scrutineers and in due time the result was announced, Leeson 80, Brigham 19. The decisive vote was greeted with applause and Mr. Brigham at once moved that the vote be made unanimous, which was done.

The result is an indication of the desire of the U. F. O. to have no doubt of the isolation of their candidate from all other parties, Mr. Brigham's marked defeat was due to his not being a full-fledged member of the society, though sympathizing with its aims and objects.

Mr. Leeson was then called upon and received a very warm reception. He thanked them for the great honor conferred. He was new at the business. This was the first Convention he had ever attended for he had never been a party man having voted both ways in his time. He appealed for their co-operation in the campaign near at hand, he would do all that was possible himself, and hoped it would lead to victory.

God save the King closed an enthusiastic meeting.

CITIZENS' LIBERTY LEAGUE

Its Aim and Its Object

The Citizens' Liberty League is an organization of representative men and women throughout Ontario, who through necessity have banded themselves together to oppose all legislation (Dominion or Provincial) which tends to curtail the liberties and lawful rights of the citizen.

In view of the imminence of the Ontario Referendum the activities of the League will for the present be chiefly directed to

SANE LIQUOR LEGISLATION

The Ontario Temperance Act, adopted by the Government as a war measure—without the vote of the people—is legislation that does curtail personal liberty and one which has bred great dissatisfaction.

The Citizens' Liberty League is absolutely opposed to a return of the open bar as it previously existed in Ontario under the old License Act. The League believes that The Ontario Temperance Act should be repealed and so enable the Government to enact a law in accord with the sentiment of the people, permitting the general sale of non-intoxicating beer and light wines and the sale of pure spirituous liquors only through Government agencies under proper restrictions.

Now that a Referendum is about to be taken, the members of the League feel that every citizen should clearly understand the meaning and significance of the questions asked in the Referendum Ballot.

In order to accomplish this purpose the Citizens' Liberty League will discuss all phases of this great issue in the public press in the interests of sane, moderate temperance legislation.
