PRICEVILLE FAIR

The Annual Show of Artemesia Agricultural Society was held in Priceville last Friday, in the best of weather, if anything a little too warm. The attendance was not up to high water mark, though it could be described as fair. The hall reflected the season in the fine display of roots, vegetables and fruits and Priceville ladies kept up their reputation in skilled needle work, baking &c. Certain articles that took first prize elsewhere had to be content with second here. The display of paintings in the Fine Arts' class was easily the best we have seen this year.

The sheep prizes in Cotswolds went all to J. H. Nicholls and in Oxfords to W Patson & Son, but Arch Park made an even break with Nicholls in the Leicesters. L. McArthur had the swine all to himself. There was keener competition in the cattle classes, which is desirable rather than to see one ardent breeder carry off everything. There were fine animals in all classes, including horses, but a shrinkage in numbers compared with best years.

The splendid music by the Swinton Park Pipe band was a feature of the day. The local prohibition workers had the whole place admirably billed by telling posters. The two candidates were busy feeling the pulse of the electorate and everybody seemed pleased with the day and the opportunity it gave for renewing old friendships.

C. L. GRANT

The Expenditure of $610,000,000

How the last Victory Loan was spent

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers This included $312 900 000 for paying them feeding them bringing them home separation allowances to their dependents maintenance of medical services and vocational training schools

For Demobilization

$59 000 000 of the Victory Loan 1918 was paid on account of authorized Soldiers gratuities

$9 000 000 was spent at Halifax for relief and reconstruction after the disaster

\+ + + + + + +

Other disbursements were not strictly speaking expenditures but National Re-investments

For Trade Extension

To Great Britain for example

$173 500 000 was loaned for the purchase of our wheat and cereals
$9 000 000 for our fish
$30 000 000 for other Foodstuffs
$2 900 000 for Canadian built ships
$5 500 000 to pay other British obligations in Canada.

Making in all $220 900 000 advanced to Great Britain

To our Allies we loaned $3 200 000 for the purchase of Canadian foodstuffs raw material and manufactured products

The Re-investments will be paid back to Canada in due time with interest

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice had we not made these credit loans

As far as money is concerned 1919 has been and is still—just as much a war year as 1918 Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—*Get ready to buy.*
