South Grey Nominations

Jamieson and Leeson will try Conclusions

At the expiration of the silent hour on Monday, Returning Officer A. E. Colgan, Dundalk, had before him two names, properly vouched for; David Jamieson, Durham, Physician and Geo. M. Leeson, Varney, farmer. On motion of the two candidates the Returning Officer was made chairman and later when he had to leave by train Reeve Calder took his place.
Dr. Jamieson spoke first stating this was the 9th time he had addressed a nominating Convention and there was an element in this campaign new to his experience. He paid a compliment to his doctor opponent, now a farmer, and reminded them he was a farmer also, having no less than 600 acres of wheat this year. He always favored good roads and justified the system of pooling the funds from motor licenses. The government, he claimed was improving the grade of teacher and looking after the health of the pupils, the price of school books was kept down and vocational training was introduced to make farmers more efficient.
Dealing with finance, he admitted obligations of 70 million dollars, but against this were assets such as the T. & N. O. Railway and Hydro System. There was no direct tax, except during the war, the Succession duties were growing and the revenue from theatres, movies, &c, was going up.
He entered an enumeration of things, which, he alleged, the government had done for the farmers; such as drainage, bee industry, bulletins, Agriculture in schools, field plots, grading of wool, poultry shows, &c, and said they had made steady and continuous progress along temperance lines.

He closed with a personal reference to his 22 years of service; thanked Liberals for their support and said he had tried to give value always. He had cut down the controllable expense of the sessions while Speaker by cutting out various bills and thought the record of himself and government were so good that Mr. Leeson would vote for him.
Mr. Leeson said the U. F. O. had its origin as a social movement among farmers, but the glaring lack of proportionate representation in the Legislature, led them into politics. He admitted agriculture had received benefits from both parties but not such benefits as other classes had received. He decried partisanship and thought it should be possible to have a legislature like the T. P. Council where all could confer on public questions without party divisions. He condemned the arbitrary regulations, hedging in the public school trustees who had now little to do but buy the fuel and pay the janitor.
As to the Recall, Dr. Jamieson was not correct. It required 60 per cent of the electorate to do so, not simply the word of two men. He was wrong too in his statement of there being 24 farmer members there were only 17 and nine of these were farmers such as Dr. Jamieson was a statement received with applause. He made brief reference to the necessity of good roads for the masses and said we all were contributing to some extent to such extravagant outlays as the Toronto-Hamilton highway.
He referred to the shoe probe where a profit of \$180,000 had been made in a year by a jobbing firm, that never made a boot, to the hide restrictions where farmers had to sell, but boots did not come down.
In a personal reference he admitted he was no speaker, had never been an active partizan, had voted for Dr. Jamieson sometimes and hoped he would return the compliment by voting for him now. All they asked was economy and proportionate representation for Agriculture, the most important industry of the nation, for when it flourishes, everything does.
On sitting down Mr. C. Ramage as Secretary of the Riding Referendum Committee and from both candidates their personal attitude towards the prohibition question. Mr. Leeson had no hesitation in giving his firm adherence to the question, he had been a temperance man from his youth up and was in accord with the desire for complete prohibition as it was also a plank in the U. F. O. platform. Dr. Jamieson merely said he was a follower of Sir Wm. Hearst whose policy was well known and would carry out the will of the people.
In his privilege of reply to Mr. Leeson, he said there had not been a single item of his speech criticized. Matters entirely in the control of the Dominion parliament had been brought up. There being no other business the Chairman called for God Save the King and adjournment followed.

A Vote for Leeson Means—
—Only essential expenditure of public money
—Abolition of party patronage
—Facilitating co-operative effort.
—Equal educational opportunities for all the children of all the people
—Improved educational facilities in rural districts
—Good roads for all rather than expensive highways for a few.
—Adoption of a system of re-forestation.
—Encourage and cheapen Hydro Electric development.
—Proportional representation in Electoral methods.
—Direct Legislation
—The ending of the liquor traffic by support to the Referendum by four "No's" and later seek to secure from the Dominion parliament total abolition of the manufacture and importation of intoxicating liquor as a beverage.
—Vote early on Monday for Leeson who will give justice to every class as well as farmers.

Referendum Notes

My children have gone to school many times without breakfast. Since the drink has been cut out my husband works every day and brings home all his money. There isn't a better man going; and Oh, I pray that all you dear people will vote for prohibition. If I thought I had to go over again what I have gone through I would rather die. We have known what happiness is now—let us never go back to those awful days.
The above pathetic extracts from a letter to the Toronto Star should have an irresistible appeal to those who may be inclined to vote yes on any of the questions or who may be thinking of not voting at all. Just think of the agonized wife and mother!
Four years ago the cry was: prohibition cannot be enforced, good hotels would be injured, travellers would object, business would fall off, &c.
We don't hear these now. Three years of Prohibition has proved them false. Business is not injured, many jails are empty, homes more comfortable, hotels not inferior, but then "Liberty!"
The cry now is "Liberty." All the brewers want is beer, "mildly stimulating" which means beer that will intoxicate. The Liberty League wants liberty, to get drunk we presume! To benumb the community to defile our youth, to blighten homes.
Let every man and woman who values the finer things of life do three things on Monday: 1—Vote early. 2—Vote four times with crosses (x x x x) under "No." 3—See to it that your neighbor does likewise. Your responsibility is then over.

How to say "No!"

Mark Your Ballot with an X after Each Question under the word "No"

1	Are you in favour of the repeal of the Ontario Temperance Act?	YES	NO
2	Are you in favour of the sale of light beer containing not more than two and fifty-one one-hundredths per cent. alcohol weight measure through Government agencies and amendments to The Ontario Temperance Act to permit such sale?	YES	NO
3	Are you in favour of the sale of light beer containing not more than two and fifty-one one-hundredths per cent. alcohol weight measure in standard hotels in local municipalities that by a majority vote favour such sale amendments to The Ontario Temperance Act to permit such sale?	YES	NO
4	Are you in favour of the sale of spirituous and malt liquors through Government agencies and amendments to The Ontario Temperance Act to permit such sale?	YES	NO

Above is an exact reproduction of the Referendum ballot, showing the correct way to Vote in order to sustain the Ontario Temperance Act as it stands.

Everybody should study the four questions and realize exactly what they mean. Do not be misled by the insidious demand for "light" beer.

The beer of the ballot is 118% stronger than the Ontario Temperance Act now allows, and over five times as strong as the limit allowed for beer defined as non-intoxicating in Great Britain and the United States.

Answer Each Question

- Unless you vote on every question your ballot is spoiled.
- You must mark your answer to each question with an "X" only. Anything else would spoil your ballot.
- Unless a majority vote "No" on question 1 the bars will be restored and the sale of all kinds of intoxicants permitted.
- Unless a majority vote "No" on questions 2, 3 and 4 the Ontario Temperance Act will become almost worthless.
- The only SAFE course is to mark your ballot as shown above.

"No!"—Four Times—"No!"

No repeal; No government beer shops; No beer saloons; No government whiskey shops.—Four X's, each under the word "No."

McGrath-McMillan Nuptials

A wedding of two well known young people was solemnized on Wednesday, 8th Oct. at St. John's Roman Catholic Church Centre Glenelg, by Father Flahaven. The happy couple was Mr. Michael Dan McGrath of Williamsford, 2nd son of Mr. and Mrs. Michael McGrath, Durham and Miss Catharine McMillan, 4th daughter of Mr. and Mrs. Malcolm McMillan, Scotchtown. The ceremony was solemnized at 10 a. m. preceded by mass, and the church was well filled by well wishers of the bride and groom.
The bride was becomingly gowned in white georgette crepe, bead trimming with the customary bridal veil surmounted with flowers and carrying a bridal bouquet of roses.
She was attended by two little flower girls, nieces of the bride and groom respectively, Margaret McMillan and Magdalene McGrath, each carrying silver baskets of flowers. The bridesmaid was Miss Sadie McMillan, sister of the bride, and was dressed in blue silk and georgette also carrying flowers. The groom was attended by his nephew, Mr. J. D. McPhee, Miss Edie McMillan, cousin of the bride played the wedding music.
Following the ceremony and good wishes, the guests wended their way to the bride's home where a sumptuous wedding dinner was served. The afternoon was spent in music and social intercourse, and in the evening more friends came in and the light fantastic was tripped till it grew late again.
The bride and groom had their worth testified to by the large number of useful and handsome gifts in furniture, china, linen, etc, from their friends and which will adorn the new home about to commence at Williamsford where the groom has a flourishing blacksmithing business.
The wedding guests from a distance were Mrs. A. McPhee and son, Mrs. Geo. Kress and son, Mrs. Thos. McGrath and two children, Mr. Ronald McMillan, Mr. Alex. Murooney, all of Toronto; Mrs. Alan McMillan and two children of Guelph. The Review wishes to extend their good wishes to the young couple for a long and happy life together.
